**The Central Swirl** Quiche de Flurry, 2021-11-26 The antagonist of this series is barely mentioned in this book. His name is Chronotix Zeit Genrai Denbora and carries in distinction, one vertical eye. His murderers thought that it might be a tad rude that this great majister lacks a bigger part, and so convinced

me to honor him with some cover time. As art is not my forte, this on the left is the best that I managed to do. Yes, they had killed him, the three of them. The magnate billionaire, the time traveler and the Chief Commisioner of the Interplanetary Alliance. Before they are able to come to terms with what has transpired, they are kidnapped by an alien race known only as the Ziggonians. They board the alien spacecraft and soar through the endless vastness of space in order to face trial for their crimes at the tribunal of the galaxies of souls. Tasked with their defense, the Eye of Chimera using the Mindmeld 3000, digs through and spins awake their everlong memories. Beginning in a world before this one, a yesterworld lightweight and airy, with only a fraction of Earths present day gravity. Where giants and dinosaurs still roam freely throughout the lands. The seven realms vie for dominance in a world where all is decided by way of combat. And anyone knows that any combateer worth their mettle has traveled at least one heavy air to completion at one of the rims of the world. Another spring equinox approaches and with it the chance to win the combat rights to chase the heavy air.
