**Dragonscale Leggings** Freya Pickard,2018-09-22 What would you do if you woke up in a place you did not recognise, with no memory of who you are? Or would you walk out and explore this strange new world, hoping to recover your memory on the way?Join the narrator of Dragonscale Leggings as she sets out to discover where she is, why she is there and how or if she can return home. Accompanied by Tygar, a white stallion who appoints himself her guardian and armed with a giant potato peeler, Dracomagan travels through a lush and dreamlike Otherworld. Discovering she has a strange aversion to magic users, particularly Merlin, the narrator turns her hand to dragon slaying, only to end up being arrested for heresy.Who will help her find her true identity? Will it be Sama, the gorgeous harpist who gives her a name? Will it be aggravating Agravaine, a knight who prefers fashion to fighting? Can Gatus, the goat herder help her? Or will the mysterious retired

**Pathways Google**,2022-04-20 For decades, we at Google have poked and prodded at the notion of work: who does it, where it happens, and how we encircle it within an environment where everyone has the tools they need to be successful. When we moved into our Silicon Valley campus back in 2003, just five years after our founding, we wanted to shake the stuffy, rigid workplace environment that had become the norm for corporate headquarters. We designed airy, o-pen offices with bright colors and playful elements, where Googlers were invited to bring their dogs, collaborate in the open, and enjoy amenities that made the workday not just bearable, but enjoyable. The latest additions to our headquarters – Bay View and Charleston East – celebrate innovation, nature and community. Explore the stories behind our new buildings. You’ll hear from the people who brought the project to

life, and learn about innovative solutions.
