

Dragonus

Richard J. Arndt

The Spiritual Realm and Other Stories Larry Sells, 2003-03 A couple of werewolves, Susan, and Alf, each wearing an eat a human T-shirt walked in Ghostville Mall. They stopped in front of the movie theater and looked at the list. The two looked at each other and walked away. Susan eyed a human skeleton through the arcade's windows. She elbowed Alf and he looked at her. When Susan had his attention she whispered, Let's eat him when he comes out. Her eyes pointed out the human skeleton. Following Susan's eyes, Alf saw the human skeleton and started drooling. He looks good enough to eat. Alf and Susan sat on the wooden bench opposite the entrance, so they could see the human skeleton through the window. They sat there grooming each other's heads like a pair of chimpanzees. Both ate the fleas taken from the other's head.

Aunt Puff and Missing Minerva David

Whitewolf,2004-09 Something was wrong. The window was open. I had never opened it. Aunt Puff hadn't either. Had Minerva? I looked back at her seat. Minerva's leopard-print cowboy hat lay on the floor. Minerva! Ludwig growled, sniffing the air. Ciber squawked furiously, banging his feathers against his cage. Smoke swirled round the chair where Minerva had been sitting. The silly hands tried to fan it away. I gulped. Ludwig covered his eyes with his paws. Minerva had vanished. Aunt Puff's old friend from the Elcarim Foundation has come for a summer visit. But, before you can say Marbles!, Minerva has disappeared during a game of bubble gum charades. Aunt Puff, her niece Alexandra, her Great Dane Ludwig, and Minerva's cockatoo Ciber jump out of windows, battle flying fish, run from lemonade, splatter fudge on ghosts, and even fly with pinwheel power in their search for Minerva. But is someone more sinister than a muumuu wearing Siren behind Minerva's disappearance? It seems Orpheus's harp has been found. And, dragons are afoot.

Guardian of the Dragons Gary and Isabel Walbourne, 2015-03-06 When Garigard Kirton's great-grandfather, the Healer Alden McGarkin, is reported missing from his home village, Garig goes on a quest to rescue him. On an adventure with Dragonus, the family's dragon of many generations, Garig meets highwaymen, does sword fighting, and tangles with mercenaries on his way. When he gets there to rescue Healer McGarkin, he learns that the powerful mage could have left anytime he wanted to. They also rescue Princess Isalora of the Mainland, another ransom victim. Garig learns that magic is passed down the generations in the bloodline. Anyone who has magic is known as a witch or a wizard. Only the most powerful are known as mages. A mage's power, intensified with crystals, can be used to control their subjects and possessions, and for fighting with other mages-good or evil. Garig is asked to take over a dragon, who turns out to be Dragonus' brother. And

Garig wins another dragon from a witch, Lady Lillith, who is working for his long time family enemy, Lord Odious Von De Stoop. This rises Garig's position to Lord, being the winner of a fight of magic. Progressing with his magic under the teaching of Healer McGarkin, Garig learns of his destiny that is actually already laid out before him. Healer McGarkin is not only a powerful mage, but also the Head Mage of the Guardian of the Dragons family, as well as Head Mage of the Council of Mages. Garig is to inherit these positions and responsibilities. He left home as a young teen, but comes back as a young mage, now Lord Garigard Kirton. And he will continue the feud that has gone on for generations-or try to stop it.

Luxers' Multiverse John Mayer

Charmant, 2018-02-01 *Luxers' Multiverse* By: John Mayer Charmant In the year 2090, the world is a much different place. The traditional borders between countries have dissolved, leaving only a handful of large, competitive regions. Solar energy dominates, capitalizing on the increased radiation that penetrates the atmosphere due to global warming. Flying cars fill the skies and houses are carved from solid gemstones. It is into this strange and distant future that Adnex Courageux is born. Born to Genus and Dora Courageux, Adnex appears at first to be a normal, happy child, but great beings beyond the realm of human understanding soon take an interest in the peculiarly intelligent boy. As an adult, his mastery of technology changes the path of human history, but his true potential still lies untapped. Will he be the savior of humanity or does he represent the next step in our evolution, destined to leave us behind to fade from history?

Horror Comics in Black and White Richard J.

Arndt, 2013-01-21 In 1954, the comic book industry instituted the Comics Code, a set of self-regulatory guidelines imposed to placate public

concern over gory and horrific comic book content, effectively banning genuine horror comics. Because the Code applied only to color comics, many artists and writers turned to black and white to circumvent the Code's narrow confines. With the 1964 Creepy #1 from Warren Publishing, black-and-white horror comics experienced a revival continuing into the early 21st century, an important step in the maturation of the horror genre within the comics field as a whole. This generously illustrated work offers a comprehensive history and retrospective of the black-and-white horror comics that flourished on the newsstands from 1964 to 2004. With a catalog of original magazines, complete credits and insightful analysis, it highlights an important but overlooked period in the history of comics.

What readers are saying about The Shifting Tide and the Dragonus Chronicles A fantastic read. Jay has done it again. I was hooked again on this third book. A fabulous journey from the opening paragraph of The Space Colonel's Woman to the last page of The Shifting Tide. Hands down Jay has created a series that will be talked about in a good way for years! Readers' Note: Contains adult content best suited for readers over 18 years old.
