Odin's Ravens K. L. Armstrong, Melissa Marr, 2014-05-13 Seven kids, Thor's hammer, and a whole lot of Valkyries are the only things standing against the end of the world. When thirteen-year-olds Matt Thorsen and Fen and Laurie Brekke, modern-day descendants of Thor and Loki, discovered they were fated to take the places of the Norse gods in an epic battle against the apocalypse, they thought they knew how things would play out. Gather the descendants standing in for the gods, defeat a giant serpent, and save the world. No problem, right? But the descendants' journey grinds to a halt when their friend and descendant Baldwin is poisoned and killed and Matt, Fen, and Laurie must travel to the Underworld in the hopes of saving him. That's only their first stop on their journey to reunite the challengers, find Thor's hammer, and save humanity--a journey filled with enough tooth-and-nail battles and colossal monsters to make Matt and his friends a legend in their own right. Perfect for fans of ancient myths and filled with young heroes, monstrous beasts, and godly enemies, this fast-paced adventure is impossible to put down.

The Return of The Draugr (Icelandic Tale) Drac Von Stoller, 2023-11-15 Once, in the ancient lands of Iceland during the medieval era, whispers spread like wildfire through the villages. Stories of the Draugr, the restless undead, began to echo in the howling winds. Tales spoke of their return, not as mere apparitions of the night, but with a newfound malicious intent. In a small hamlet nestled between jagged mountains and frosted fjords, lived Einar, a young and intrepid farmer. Einar, known for his bravery, stood tall among his peers. When the tales of the Draugr's resurgence reached his ears, his curiosity was piqued. One chilling evening, as the northern lights danced across the sky, Einar embarked on a quest to uncover the truth behind the whispers. Armed with his father's ancient sword and a heart unyielding to fear, he ventured into the uncharted depths of the surrounding wilderness. Amidst the eerie silence, he stumbled upon an ancient burial ground, forgotten by time. The air grew thick with an ominous presence, and a bone-chilling cold seeped into his bones. Shadows flickered, and an otherworldly figure emerged from the fog, clad in tattered robes and wreathed in an ethereal glow—the Draugr. With eyes blazing with an otherworldly fire, the Draugr spoke in a voice that echoed through the ages, filled with malevolence. I have returned, it boomed, to reclaim what was once mine.

Zombies of the World Ross Payton,2020-06-09 Zombies have plagued humanity's nightmares for centuries, but fortunately, the scientific community has created this detailed and completely serious guide to the undead. Only *Zombies of the World* tackles this issue and many more, so you might want to read up before a zombie tackles you! Zombies menace humanity, yet we barely understand them. There are books that show you how to kill the undead, but this is the first field guide to explain the importance of zombies to us. *Zombies of the World* reveals the undead to be a valuable part of our ecosystem and the key to new discoveries in medicine and technology. *Zombies of the World* uses captivating illustrations to document how evolution has led to a wide variety of species. Few outside the scientific community even realize that creatures like the Egyptian Mummy (*Mortifera mumia aegyptus*) are actually zombies. Some species are even harmless to humans. The Dancing Zombie (*Mortifera immortalis choreographicus*) only seeks to thrill humans with elaborate dance routines. Discover how our history has been affected by the undead and what we can learn from “scientific” research. The answer might surprise you!

Sunspear J. Michael Robertson,2012-12 A thousand years have passed since the Sunspear, an ancient weapon forged by the Gods, was lost to the sight of men in the last great battle of the Raven Wars. Now, the Dark God again reaches out from the Land of Eternal shadow to touch the world with his evil. The Goddess Danu gives Ciaran, a young Celtae warrior powerful in the Psi, the vast psionic power of the subconscious mind, the quest of finding the Sunspear. If he fails, the Dark God's Long Night will fall over the world forever. The quest leads him ever deeper into the Forbidden Lands, perilous realm of the Shadow, where he is pursued by the Dark God's evil Ring Lords, who also search for the Sunspear. The Ring Lords, however, are not Ciarán's only worry. The Dark God sends one of his First Born, a Shaádhul mind-slayer, into the world to capture him and bring him to the Stone of Tears where he will either accept the Dark God as his Master or be cast into the Well of Souls. As he strives to elude the Shadow Lord's hunters, Ciarán must confront his forbidden love of Danu's tiny priestess, RILLSONG. He is further assailed with guilt over his infatuation with the beautiful Shadow Druidess, ISÉNGÁEL who captures his beloved foster sister KIARA and gives her to the Ring Lords. In the Valley of the Gods, he rescues Iséngáel and her half-Elven Ahati warriors from the deadly, Halfsouled Draugr. Joining forces, they fight their way through hordes of the near-immortal beings to reach the lost city of Gorias where Ciarán claims the Sunspear. Using the ancient weapon's god-like power, he destroys the Ring Lords' army that pursued him to Gorias, killing thousands of warriors, and laughing as their dying screams fill his ears. Only then does he realize that the greatest evil he has to overcome is not the Dark God, but the darkness that dwells within him. He must both learn to use the enormous power of the Sunspear wisely and keep his Darksoul at bay. If it gains control, he will become a creature of shadow, a Soultaken.
