**S Is for Style** Dara Caponigro,2020-09-08 Are you High Style or Boho, or maybe Happy Modern or Trad with a Twist? The legendary fabrics and wallpapers house of Schumacher shows how you can use their iconic prints and patterns to create a variety of beautiful, chic interiors in the style that most suits you. \*\*\*This book is being published with three uniquely patterned covers. Customers will be shipped any of these three different covers at random\*\*\* With a focus on Schumacher's greatest contemporary patterns--everything from classic stripes and exuberant florals to edgy animal prints--this accessible and highly useful style guide is organized thematically by chapters such as Sensual & Spare; Preppy; Ladylike; Exuberant; and Opulent, with each featuring a stunning selection of patterns along with inspiring interiors designed in the same spirit. To help readers better understand their style preferences, every chapter begins with a questionnaire, for example: Are You an Acolyte of High Style? Do You Prefer a Midnight Supper to a Power Lunch?; Consider Jewel Tones Neutral?; Think Champagne Is Not Just for Special Occasions? Page after page after page of lavish imagery and pattern details are juxtaposed alongside beautiful interiors designed by such luminaries as Miles Redd, Tom Scheerer, Amanda Lindroth, Celerie Kemble, Veere Grenney, and Mark D. Sikes, to name a few, illustrating how Schumacher's iconic patterns can be integrated into a wide range of chic and stylish room designs. The texts provide insights and tips on how patterns can be used in your decor, along with guidance for deciding what style is best for you and your home. Full of inspiring design ideas, as well as an unparalleled resource of prints and patterns, S Is for Style is a visual feast of interior design for all styles and tastes.

*Interior Decoration* Arnold William Brunner,Thomas Tryon,1887

*Matisse and Decoration* John Klein,2018-01-01 A brand new look at the extremely beautiful, if underappreciated, later works of one of the most inventive artists of the 20th century Between 1935 and his death at midcentury, Henri Matisse (1869-1954) undertook many decorative projects and commissions. These include mural paintings, stained glass, ceramic tiles, lead crystal pieces, carpets, tapestries, fashion fabrics, and accessories--work that has received no significant treatment until now. By presenting a wealth of new insights and unpublished material, including from the artist's own correspondence, John Klein, an internationally acclaimed specialist in the art of Matisse, offers a richer and more balanced view of Matisse's ambitions and achievements in the often-neglected later phases of his career. Matisse designed many of these decorations in the innovative--and widely admired--medium of the paper cut-out, whose function and significance Klein reevaluates. *Matisse and Decoration* also opens a window onto the revival and promotion, following World War II, of traditional French decorative arts as part of France's renewed sense of cultural preeminence. For the first time, the idea of the decorative in Matisse's work and the actual decorations he designed for specific settings are integrated in one account, amounting to an understanding of this modern master's work that is simultaneously more nuanced and more comprehensive.

**The Proper Decoration of Book Covers** Mindell Dubansky, Alice Cooney

Frelinghuysen, Josephine Marie Dunn, 2008 A biography of Morse by Grolier Club member Mindell Dubansky and two thoughtful essays on her work and influence by scholars in the field of nineteenth-century decorative arts is followed by a comprehensive--and lavishly illustrated--survey of all the known works by the designer, drawn from the personal collection of Mindell Dubansky, and from the resources of the Metropolitan Museum of Art. Designed by Jerry Kelly, and printed in an edition of 1100 copies.

**Interior Decoration** Frank Alvah Parsons, 1920

English Decoration Ben Pentreath, 2012-09-06 In *English Decoration*, architectural and interior designer Ben Pentreath presents a major new survey of the best of the English style. Eighteen homes, many of which have never been previously photographed, provide the source material for his wide-ranging investigation of this classic look. The houses include Ben's own homes in London and West Dorset, alongside those of Earls and artists, writers and architects, book designers and gardeners. The book opens with an essay on the English style in decoration, and then entrance halls, living rooms, kitchens and dining rooms and bedrooms and bathrooms are considered in turn, together with simple Rooms of Utility and spectacular Rooms of Display. There is also a foreword by Nicky Haslam, suggestions for further reading, and a style directory that reveals Ben's own favorite sources—helping you to achieve the classic English look, wherever you live.

**Art Nouveau Graphic Masterpieces** Henry Guédy, 2017-02-15 Designers, collectors, and Art Nouveau aficionados will treasure this original collection of 100 plates of decorative full-color graphics. These authentic images are reproduced from the now extremely hard-to-find periodical *La décoration artistique*, which was published in Paris during the decade before World War I. They constitute some of the rarest and best material printed during the Art Nouveau period, and these uncommonly graceful and appealing illustrations are now available in this beautifully designed hardcover edition. The dazzling array of images includes headpieces, typographical banners, and other sinuous designs bursting with parrots and peacocks, vines and flowers, and other natural motifs. Examples include storefront signage for bakeries and cafés; decorative friezes of theatrical masks and grapevines; borders of flowers, books, and birds; stenciled decorations for fire screens; and corner and ceiling ornaments. An essential acquisition for any library or collector of Art Nouveau graphics and illustration, this volume promises to provide a lasting source of inspiration and pleasure.

**The Decoration of Houses** Ogden Codman Wharton, 2016-08-18 The Historical Tradition Rooms in General Walls Doors Windows Fireplaces Ceilings and Floors Entrance and Vestibule Hall and Stairs The Drawing-room, Boudoir, and Morning-room Gala Rooms: Ball-room, Saloon, Music-room, Gallery The Library, Smoking-room, and Den The Dining-room Bedrooms The School-room and Nurseries Bric-à-Bracooms may be decorated in two ways: by a superficial application of ornament totally independent of structure, or by means of those architectural features which are part of the organism of every house, inside as well as out. In the middle ages, when warfare and brigandage shaped the conditions of life, and men camped in their castles much as they did in their tents, it was natural that decorations should be portable, and that the naked walls of the mediæval chamber should be hung with arras, while a ciel, or ceiling, of cloth stretched across the open timbers of its roof. When life became more secure, and when the Italian conquests of the Valois had acquainted men north of the Alps with the spirit of classic tradition, proportion and the relation of voids to masses gradually came to be regarded as the chief decorative values of the interior. Portable hangings were in consequence replaced by architectural ornament: in other words, the architecture of the room became its decoration. This architectural treatment held its own through every change of taste until the second quarter of the present century; but since then various influences have combined to sever the natural connection between the outside of the modern house and its interior. In the average house the architect's task seems virtually confined xx to the elevations and floor-plan. The designing of what are to-day regarded as insignificant details, such as mouldings, architraves, and cornices, has become a

perfunctory work, hurried over and unregarded; and when this work is done, the upholsterer is called in to decorate and furnish the rooms.
