**Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice** Melanie E. L. Bush, Rose M. Brewer, Daniel Douglas, Loretta Chin, Robert Newby, 2019-01-01 Editor: Melanie E. L. Bush – Foreword: Robin D. G. Kelley Co-editors: Rose M. Brewer, Daniel Douglas, Loretta Chin, Robert Newby Series Editor: Mohammad H. Tamdgidi Roderick Douglas Bush (1945–2013) was a scholar, educator, mentor, activist and a loving human being. In reflecting on his life well-lived, the contributors in Rod Bush: Lessons from a Radical Black Scholar on Liberation, Love, and Justice share insightful lessons from his life and works on how to effect liberation and radical social transformation in the everyday practices of scholarship, teaching, activism, and personal interaction through a loving spirit dedicated to social justice. Rod Bush was deeply convinced that “Pan-European racism is the Achilles’ heel of the modern world-system, and the demographic situation of the United States, with its large, strategically located populations of color, is a key locus of struggle for a more just, democratic, and egalitarian world order.” This book shows by the example of Rod Bush how one can “be the change”—through a commitment to everyday practices and personal transformations that embody, enable, embrace, and engage global social change. This anthology provides deep reflections on the question of how one can live radical principles in contemporary times. What does it mean to be human? How does one embed love and justice in one’s worldview and daily practice? Rod Bush, partner, colleague, teacher, mentor, comrade, and friend, was well known as an activist scholar who incorporated his values into his teaching, mentorship and everyday interactions. Therefore, his theoretical interests and practical involvements in movements are intimately linked and simultaneous. In his foreword, Robin D. G. Kelley shares his intimate views of Rod Bush’s life and works. In his view, Rod’s “commitment to study and struggle in the service of human liberation knew no boundaries. His vision was planetary. He wrote critically and brilliantly about Black radical movements—here and abroad—and about the destructive power of racism, colonialism, capitalism (the modern world-system), all with the goal of transforming a society based on exploitation, subjugation, and war into a society rooted in mutual benefit, life, and love.” At a historical moment when the political landscape is fraught with volatility, and the Movement for Black Lives and other struggles for dignity and justice gain increasing momentum, Rod’s life serves as an example, providing many lessons that we can draw from and practice ourselves. Rod consistently asserted that it is critical to recognize the historical leadership of those involved in struggles for Black Liberation and justice writ large. For, a vision for Black Lives is indeed a vision that benefits all humanity. The anthology is edited by Melanie E. L. Bush and co-edited by Rose M. Brewer, Daniel Douglas, Loretta Chin, and Robert Newby. Contributors include: Robin D. G. Kelley (Foreword), Angelo Taiwo Bush, Chriss Sneed, Daniel Douglas, Godfrey Vincent, Matthew Birkhold, Loretta Chin, Latoya A. Lee, Tatiana Chichester, A. Kia Sinclair, Mojúbàolú Olufúnké Okome, Natalie P. Byfield, Komozi Woodard, Bob Barber, Rodney D. Coates, Charles “Cappy” Pinderhughes, Jr., James V. Fenelon, Walda Katz-Fishman, Jerome Scott, Rose M. Brewer, Robert Newby, Roderick D. Bush, and Melanie E. L. Bush. The anthology is a volume (XII, 2019) in the Edited Collection Series of Human Architecture: Journal of the Sociology of Self-Knowledge, edited by Mohammad H. Tamdgidi. Endorsements “One look at the list of contributors to this compendium with its diverse assembly of scholars, and I knew that Rod Bush’s lessons would be fully absorbed and explicated. I only wish I could have spent more time with him and been a beneficiary of his immense insights on love, liberation and justice. Rod would be proud of the commentaries and the thoughtful devotion of the editors.” – Herb Boyd, writer, activist, and academic, most recently author of Black Detroit – A People’s History of Self-Determination and the forthcoming Black Panther Film: Paradigm Shift or Not? An Anthology co-edited with Haki Madhubuti “Though—sadly—not a household name, when the history of his era is written, undoubtedly the immense intellectual and political contributions of Rod Bush will not only be acknowledged but also celebrated. The volume at hand gives an indication of why this is so.” – Gerald Horne, author, The Apocalypse of Settler Colonialism: The Roots of Slavery, White Supremacy and Capitalism in 17th Century North America and the Caribbean “This is a brilliant collection of essays by notable engaged scholars celebrating the life and work of Rod Bush, as a whole forming a textual critique of Bush’s essential research, theory, and writing. It elucidates the most important decolonial movements of our time, including race, class and gender, Black internationalism, Black nationalism and Native American struggles, social justice, and more. Other essays reveal the beauty and ethical stance of the man himself. The book is a treasure that social science and humanities instructors will find invaluable as a teaching text.” – Roxanne Dunbar-Ortiz, professor-emerita, author of An Indigenous Peoples History of the United States, and Loaded: A Disarming History of the Second Amendment “Rod Bush was a most remarkable person. He started out as my student, and became my friend and collaborator. Rod mixed first-class scholarship with first-class activism. He became a model for all of us. We shall miss him dearly. The way to honor him is to emulate him. We can all learn from him.” – Immanuel Wallerstein, Senior Research Scholar, Yale University, author of The Modern World-System I-IV, and The World-System and Africa “This volume is not only a welcome tribute to a deep thinker, talented organizer, outstanding teacher, and a caring, compassionate human being. It is also a rich tapestry of insights, stories and images that inspires us to keep pushing until everyone – everyone – lives in a world of peace, justice and freedom.” – Max Elbaum, author of Revolution in the Air: Sixties Radicals Turn to Lenin, Mao and Che

This book will get those hopefuls off the sidelines by showing how a hot rod can be built for less than the cost of, say, a new Hyundai. Author Dennis Parks documents his own project--building a quintessentially cool Model T roadster from a Track-T kit--showing in step-by-step detail how to turn a pile of parts into a rockin hot rod. He provides a detailed, easy-to-follow guide for building a car of your own. The advice and instructions cover every aspect of an affordable hot rod build, from establishing the target vehicle and budget, to finding parts, building the car, and fine tuning the finished vehicle on the road. With Parks' money-saving tips and photo-supported how-to sequences, virtually anyone with minimal mechanical skills and the will to use them can be sure of building their hot rod right, and for the right price. The book also includes a full resource guide and recommendations for further reading.

It includes a great chronological and geographical range, from ancient Sumeria to eighteenth-century China; medieval Hispanic dream poetry to Italian Renaissance dream theory; Shakespeare to Nerval; and from Dostoevsky, through Emily Brontë, to Henry James. Joyride Flatout Dan Quarnstrom,2015 In its simplest incarnation, a joyride can be as innocent as taking the family car out for a spin--or much more, as seen in the artwork of iconic illustrator Quarnstrom's homage to hot rods, dragsters, and custom cars.

*Deep Creek Rod And Gun Club* Frank Soul,2005-08-01 This is a story about brothers dreaming about starting a hunting club, working together to build it, and watching their dream become a reality. It is about an old Army barracks being transformed into a beautiful cabin in the scenic mountains of Western Maryland near Deep Creek Lake. And it is about some of the people who were involved in the construction of this cabin and some who were not fortunate enough to see it completed. This is also a story about the friendships that have been forged through the years, hunting and working and laughing together in the cabin that we share. Our friendships can be motivational, and our stories will make you laugh and cry. We believe in our dreams and ourselves. We believe that dreams become reality when you work hard enough. And we believe that those dreams become a legacy for future generations. We hope our children and grandchildren will continue the traditions.

**Love and Rage** Lama Rod Owens,2020-06-16 A LOS ANGELES TIMES BESTSELLER In the face of systemic racism and state-sanctioned violence, how can we metabolize our anger into a force for liberation? White supremacy in the United States has long necessitated that Black rage be suppressed, repressed, or denied, often as a means of survival, a literal matter of life and death. In *Love and Rage*, Lama Rod Owens, coauthor of *Radical Dharma*, shows how this unmetabolized anger--and the grief, hurt, and transhistorical trauma beneath it--needs to be explored, respected, and fully embodied to heal from heartbreak and walk the path of liberation. This is not a book about bypassing anger to focus on happiness, or a road map for using spirituality to transform the nature of rage into something else. Instead, it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation. *Love and Rage* weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy, practical meditation exercises, mindfulness, tantra, pranayama, ancestor practices, energy work, and classical yoga. The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger--and yet who refuse to relent. It is a necessary text for these times.

**The Last Lecture** Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned--about living in the present, building a legacy, and taking full advantage of the time you have--in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. --Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--Really Achieving Your Childhood Dreams--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
