Star Wars Timothy Zahn, 2004 Luke Skywalker and his wife, Mara Jade, journey to the planet of Nirauan to combat an insidious enemy and salvage a part of Jedi history.

Survivor's Quest: Star Wars Legends Timothy Zahn, 2011-06-28 The specter of the menacing Grand Admiral Thrawn looms over Luke and Mara Jade Skywalker as they embark on a journey to recover an important piece of Jedi history. Sometimes it seems a Jedi's work is never done, and Luke and Mara Jade Skywalker know this only too well. Despite the bond they share in the Force, the Jedi Master and his wife are still learning the ropes of being a couple after three years of marriage—and struggling to find time together between the constant demands of duty. But all that will change when they're united on an unexpected mission: They must pool their exceptional skills to combat an insidious enemy and salvage a part of Jedi history. Whatever may await, the Skywalkers will not face it alone. Joining them on the strange and solemn journey are an officer of the post-Palpatine Empire escorted by a detachment of Imperial stormtroopers; a party of diplomats from a gentle alien species that reveres the fallen Jedi for saving them from bloodthirsty conquerors; and a New Republic ambassador who harbors his own mysterious agenda. Soon enough, suspicion, secrecy, and an unknown saboteur run rampant aboard the isolated ship. But the gravest danger lies within the derelict walls of Outbound Flight, buried for half a century on a desolate planetoid. As the marooned hulk yields up stunning revelations and unexpected terrors to its visitors, Luke and Mara find all that they stand for—and their very existence—brutally challenged. The ultimate test will be surviving the deathtrap carefully laid by foes who are legendary for their ruthlessness, and determined to complete the job Thrawn began: exterminating the Jedi.

The Clone Wars: Star Wars Karen Traviss, 2011-06-28 Across the galaxy, the Clone Wars are raging. The Separatists, led by Count Dooku, the onetime Jedi and now secret Sith Lord, continue to press forward, and more and more worlds are either falling, or seceding and joining the cause. Under the leadership of Supreme Chancellor Palpatine, the Republic heroically battles on, championed by its huge army of cloned soldiers and their Jedi generals. Anakin Skywalker, believed by some to be the prophesied "Chosen One" destined to bring balance to the Force, is now a Jedi Knight under the tutelage of his Jedi Master, Obi-Wan Kenobi. Death is a constant possibility—and his chances of survival aren't improved by the unexpected arrival of an apprentice: Ahsoka, a brash, inexperienced fourteen-year-old Padawan apprenticed to Anakin. But there's no time for Anakin to question his latest orders: He and Obi-Wan have been assigned a new mission, and failure is not an option. Jabba the Hutt's precious infant son has been kidnapped, and when the frantic parent applies to the Jedi for help, it falls to Anakin, Obi-Wan, Ahsoka, and their clone troops to track down the evidence and retrieve the missing Huttlet. And

more is at stake: For a grateful Jabba just might allow the Republic access to the Hutt-controlled space lanes that the Grand Army desperately needs in order to beat the Separatists into submission. But the Republic is not the only power that craves access to those space lanes. Count Dooku, determined to win the prize for the Separatists, has set a trap for the Jedi. When they find the Huttlet, they will also find Dooku's master assassin, Asajj Ventress, and countless legions of battle droids waiting to spring a trap. The blazing new animated feature film Star Wars: The Clone Wars takes place in the years preceding Star Wars: Episode III: Revenge of the Sith and sets the stage for the groundbreaking TV series. Both contain all original material—direct from the brilliant imagination of legendary Star Wars creator George Lucas. And these exciting new adventures and characters are being brought to life in book form by none other than #1 New York Times bestselling Star Wars author Karen Traviss. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Star Worlds William S Bainbridge,2016-10-19 Star Worlds explores the future-oriented universe of online virtual worlds connected with popular science fiction—specifically, with Star Wars and Star Trek—that have been inhabited for over a decade by computer gamers. The Star Wars and Star Trek franchises, both of which have shaped the dominant science fiction mythologies of the last half-century, offer profound conceptions of the tension between freedom and control in human economic, political, and social interactions. Bainbridge investigates the human and technological dynamics of four online virtual worlds based on these two very different traditions: the massive multiplayer online games Star Wars Galaxies; Star Wars: The Old Republic; Star Trek Online; and the Star Trek community in the non-game, user-created virtual environment, Second Life. The four “star worlds” explored in this book illustrate the dilemmas concerning the role of technology as liberator or oppressor in our post-industrial society, and represent computer simulations of future possibilities of human experience. Bainbridge considers the relationship between a real person and the role that person plays, the relationship of an individual to society, and the relationship of human beings to computing technology. In addition to collecting ethnographic and quantitative data about the social behavior of other players, he has immersed himself in each of these worlds, role-playing 14 avatars with different skills and goals to gain new insights into the variety of player experience from a personal perspective.
