How the Movies Saved Christmas William D. Crump,2017-04-27 Santa Claus is in trouble! Who will save Christmas? This A-to-Z guide to holiday films, television movies and series specials provides cast, credits, production information and commentary for 228 cinema Christmases that were almost ruined by villains, monsters, spirits, secularism, greed, misanthropy or elf error--but were saved by helpful animals, magic snowmen, selfless children or compassionate understanding. Reviews and references are included.

Puppy Pointers Tammy Drobina,2020-12-17 Puppy Pointers is a collection of tips and stories for puppies new to the world to help them learn about the things around them, written from a dog's point of view. From the importance of patrolling the perimeter to being against baths on principle alone, Dudley shares his knowledge and provides a canine perspective on many of life's activities. Events in the book are based on true occurrences in the daily routine of an extremely large puppy and his family of human parents, cats Spencer and Tracy, a Pound Puppy sister, and Toby the Wonder Cat (who thinks he's a dog). Readers will enjoy Dudley's thoughts and experiences, which will likely be relatable in their own lives with animals. This easy-to-read book is a look at life from the four-footed, furry perspective of a dog who sheds eleven-and-a-half months a year and can go to DEF CON 1 at a strange noise that will be enjoyable to people and puppies of all ages.

Dudley's Day at Home Karen Kaufman Orloff,2020-05-03 What does Dudley do all day while we're away? Sam wonders. Mom explains that Dudley does ordinary dog things: he eats, naps, guards the house, and plays. But in Sam's mind, Dudley's day at home is anything but ordinary. Delightful digital paintings depict the human activities Sam imagines Dudley is doing - which don't quite match Mom's explanations. Dudley's Day at Home is a funny, fetching picture book that uses minimal text and maximal visual storytelling to share a day in a dog's life.

Toonopolis Jeremy Rodden,2017-12-15 Toonopolis is a cartoon city that is home to the thoughts and ideas of all sentient beings in the universe. As the center of the Tooniverse, it acts as an other-worldly rest stop for these creations. Chi Lin was the last unicorn on Earth before he sought a safe haven for himself and his maiden, Saucha'a thirteen century Indian girl. Little did he realize that even though they were safe from death in the cartoon universe, they were not safe from the machinations of Agent Mimic on Earth. Gemini, having barely escaped with his mind intact during his first adventure in Toonopolis, returns to the Tooniverse with Jimbob the Talking Eggplant on a quest to find Chi Lin before Mimic can manipulate the unicorn into doing his bidding. Join Gemini on an all new adventure into both familiar and brand-new realms of Toonopolis where he makes more friends, visits old ones, and is reminded that things are not always what they seem to be in this strange and ever-changing world.

America Toons In David Perlmutter,2014-03-18 Animation has been part of television since the start of the medium but it has rarely received unbiased recognition from media scholars. More often, it has been ridiculed for supposedly poor technical quality, accused of trafficking in violence aimed at children, and neglected for indulging in vulgar behavior. These accusations are often made categorically, out of prejudice or ignorance, with little attempt to understand the importance of each program on its own terms. This book takes a serious look at the whole genre of television animation, from the early themes and practices through the evolution of the art to the present day. Examining the productions of individual studios and producers, the author establishes a means of understanding their work in new ways, at the same time discussing the ways in which the genre has often been unfairly marginalized by critics, and how, especially in recent years, producers have both challenged and embraced this marginality as a vital part of their work. By taking seriously something often thought to be frivolous, the book provides a framework for understanding the persistent presence of television animation in the American media--and how surprisingly influential it has been.

Living with Big Dogs Louise Fritz,2007 Louise's love and affection for the three big babies Dudley, Yoshi, and Casey-who, along with some smaller pooches and her husband, Bill, share her life-shines through every page of this humorous book. You'll chortle as their m nage muddles through one misadventure after another; with them, you will also learn a batch of invaluable life-lessons along the way.

Nom de Plume Djuna Shellam,2020-10-18 For as many reasons as there are days in a year... a century... or millennia, some novelists choose to write incognito. By using an alias, pen name; or, as the French so beautifully say, nom de plume, they'll cloak their true identities. The nom de plume, while convenient, does present a bit of a conundrum for the writer. Whose backstory or biography should an author employ introducing themselves to their reading public? Their own, or their literary double's. Enter the creative mind. The very nature of a fiction writer is to write fiction, is it not? Indeed, it is. And, so... Shellam's story begins in Australia as Siobhán Aoife O'Shea, the only child of Irish-born parents. Growing up on a remote farm, her young life is idyllic. Though isolated from everything beyond the farm, Siobhán's life is filled with work, her books, and her parents' love. As a young teen, tragedy ensues, forcing her to survive on her own and learn to live in a strange and mysterious world. In this coming-of-age story, Djuna Shellam—nom de plume—author of The Em Suite Series, shares the early years of an unconventional life in Vol 1 of her memoir series, The True-Life Adventures of Djuna Shellam. Beginning in the Victoria countryside, her story continues to Melbourne, VIC. Siobhán enters uncharted territory that's fraught with challenges, discoveries, love, and heartache. As she gains a footing in her new world, solved mysteries and shared secrets create lifelong bonds in the gripping story of an extraordinary life.

Cuddly Dudley Jez Alborough,2007 Tired of being surrounded by a family who cuddles him and wishing only to live alone, Dudley Penguin waddles away from home and encounters something even worse than an affectionate family. Suggested level: junior.

Sick Puppy Carl Hiaasen,2001-05-01 Brilliantly twisted entertainment wrapped around a powerful ecological plea—from the New York Times bestselling author of Squeeze Me. When Palmer Stoa notices the black pickup truck following him on the highway, he fears his precious Range Rover is about to be carjacked. But Twilly Spree, the man tailing Stoa, has vengeance, not sport-utility vehicles, on his mind. Idealistic, independently wealthy and pathologically short-tempered, Twilly has dedicated himself to saving Florida's wilderness from runaway destruction. He favors unambiguous political statements—such as torching Jet-Skis or blowing up banks—that leave his human targets shaken but re-educated. After watching Stoa blithely dump a trail of fast-food litter out the window, Twilly decides to teach him a lesson. Thus, Stoa's prized Range Rover becomes home to a horde of hungry dung beetles. Which could have been the end to it had Twilly not discovered that Stoa is one of Florida's cockiest and most powerful political fixers, whose latest project is the malling of a pristine Gulf Coast island. Now the real Hiaasen-variety fun begins... Dognapping eco-terrorists, bogus big-time hunters, a Republicans-only hooker, an infamous ex-governor who's gone back to nature, thousands of singing toads and a Labrador retriever greater than the sum of his Labrador parts—these are only some of the denizens of Carl Hiaasen's outrageously funny new novel.

Originally published in 1905, this extremely rare early work on the bulldog is almost impossible to find in its first edition. It also features over 60 photographs of champion bulldogs of the day.
