Jürgen Sarnowsky

Goederenverwerving van het Duitse Huis te Utrecht 1218–1536 Jerem van Duijl, 2022 De Duitse Orde ontstond tijdens de kruistochten. Na 1291 vochten de ridders ook in Pruisen en het Balticum, waar een heuse ordestaat werd gesticht. In de herkomstgebieden van de Orde ontstonden vestigingen zoals het Duitse Huis in Utrecht, waar ridders en priesters een religieus leven leidden. Uit hun goederenbezit bekostigden ze hun leven en activiteiten. Hoe kwam dat bezit tot stand?

Secret Places, Hidden Sanctuaries Stephen Klimczuk, Gerald Warner, 2009-11-03 “[A] brilliant new tome . . . If you like intrigue, hidden gems and historical treatments about all things ‘off limits’ this book will fascinate you.” –The American Spectator The doors of some of the world’s best-hidden places and most secretive organizations have now been thrown wide open! Some of the names are familiar: Area 51, Yale’s Skull and Bones, Opus Dei, the Esalen Institute. Others are more obscure, hidden by

fate or purposeful deception, such as the Mount Weather Emergency Operations Center, the super-secure facility where Vice President Dick Cheney was secreted after the 9/11 attacks, and Germany's Wewelsburg Castle, which was intended to become the mythological centerpiece of the Nazi Regime. Readers can take an unprecedented look deep inside the off-the-map military installations and shadowy organizations that operate in the murkiest corners of our world. "A great book . . . written with wit and style . . . Of course there are many other famous sites discussed as well, from the brooding castle which Himmler designed as the headquarters of the SS, to the shrine of the Oracle at Delphi, to Bollengin Tower on Lake Zurich, Switzerland, which Carl Jung built as a retreat for his study into psychology." —The Scottish Rite of Freemasonry

in the military orders show no sign of abating. Their history stretches from the early twelfth century to the present. They were among the richest and most powerful religious corporations in pre-Reformation Europe, and they founded their own states on Rhodes and Malta and also on the Baltic coast. Historians of the Church, of art and architecture, of agriculture and banking, of medicine and warfare and of European expansion can all benefit from investigating the orders and their archives. The conferences on their history that have been organized in London every four years have attracted scholars from all over the world. The present volume records the proceedings of the Fifth Conference in 2009 (held in Cardiff as the London venue was in the process of refurbishment), and, like the earlier volumes in the series, will prove essential for anyone interested in the current state of research into these powerful institutions. The thirty-eight papers published here represent a selection of those delivered at the conference. Three papers deal with the recent archaeological investigations at the Hospitaller castle at al-Marqab (Syria); others examine aspects of the history of the military orders in the Latin East and the Mediterranean lands, in Spain and Portugal, in the British Isles and in northern

and eastern Europe. The final two papers address the question of present-day perceptions of the Templars as moulded by the sort of popular literature that most of the other contributors would normally keep at arm's length.

Het huis aan het meer Thomas Harding, 2017-08-16 In 2013 bezoekt Thomas Harding het huis van zijn Duitse grootmoeder, gelegen aan de rand van Berlijn, bij de Großer Glienicker See, die grenst aan de Wannsee. Deze plek, haar 'zielenplek', die zij heeft moeten verlaten toen de nazi's aan de macht kwamen, ligt er vervallen en verlaten bij. Een betonnen voetpad door de tuin markeert waar de Berlijnse Muur bijna drie decennia heeft gestaan. In een poging het huis van de sloophamer te redden, onderzoekt Harding de geschiedenis van de vijf families die hier hebben geleefd: de adellijke landeigenaar die op het landgoed een wijngaard aanlegde, een welvarende Joodse familie die hier de vrije tijd doorbracht, een beroemde componist in dienst van de nazi's, een weduwe en haar kinderen en een informant van de Stasi. Uit al deze aangrijpende en dramatische verhalen doemt een twintigste-eeuwse geschiedenis van Duitsland op.

Medieval Authorship and Cultural Exchange in the Late Fifteenth Century Rombert

Stapel, 2020-12-28 Medieval Authorship and Cultural Exchange in the Late Fifteenth Century is a multidisciplinary study of late medieval authorship and the military orders, framed as a whodunit that uncovers the anonymous author of the 'Utrecht Chronicle of the Teutonic Order'. Through a close analysis of the Utrecht Chronicle of the Teutonic Order and its manuscripts, and by exploiting a wide range of scholarly techniques, from traditional philology and extensive codicological examinations to modern digital humanities techniques, the book argues that the recently resurfaced Vienna manuscript is actually an author's copy, written in direct cooperation with the original author. This important assertion leads to a reinterpretation of the text, its sources and composition, authorship, and the context in which it was conceived. It allows us to associate the text with an upsurge of historiographical activities by various military orders across the continent, seemingly in response to the publication and aggressive dissemination of the account of the Siege of Rhodes by Guillaume Caoursin in 1480. Furthermore, the text can be positioned at the crossroads between different cultural

spheres, ranging from the Baltic region to the Low Countries, spanning French, German, Dutch, and Latin linguistic traditions. This book will appeal to scholars and students of medieval history, as well as those interested in cultural history and the military religious orders.

The Utrecht Chronicle of the Teutonic Order Rombert Stapel, 2023-09-08 The Utrecht Chronicle of the Teutonic Order ('Croniken van der Duytscher Oirden') is a late-fifteenth-century Middle Dutch text that strongly influenced early modern historiography in north-eastern Europe. In German scholarship the text is commonly known as the Jüngere Hochmeisterchronik ('Younger Chronicle of the Grand Masters') and it offers a rare insight into the self-image of members of the military orders at that time. The chronicle describes the history of the Teutonic Order from its supposed biblical origins in the Holy Land to the order's involvement in the Baltic crusades, to which a history of the local Utrecht bailiwick is added. Interwoven are summaries of papal and imperial privileges and indulgences, creating a mixture between the genres of crusading literature, gesta, and cartulary chronicles. This book offers a diplomatic edition and parallel English translation of the recently rediscovered 'author's copy' (Vienna,

Deutschordenszentralarchiv, Hs. 392), written in direct cooperation with the original author. It is the first complete edition of the Utrecht Chronicle and includes several passages that have never been edited. The English translation is the first translation into a modern language, introducing new audiences who are not proficient in Middle Dutch to the chronicle's content. The book targets students and scholars of the crusades and military orders, as well as audiences interested in Baltic history, medieval chronicles, and Middle Dutch literature more broadly. It accompanies a recent study of the chronicle's cultural context, wide range of sources, and its authorship, published in the same series in 2021.

The Hospitallers, the Mediterranean and Europe Nikolas Jaspert, 2016-03-09 Modern study of the Hospitallers, of other military-religious orders, and of their activities both in the Mediterranean and in Europe has been deeply influenced by the work of Anthony Luttrell. To mark his 75th birthday in October 2007 twenty-three colleagues from ten different countries have contributed to this volume. The

first section focuses on the crusading period in the Holy Land, considering the Hospital in Jerusalem, relations with the Assassins, finances, indulgences, transportation and the careers of the brothers and knights. The second and third sections move to the later Middle Ages, when the Hospitallers had their centre on Rhodes, and military and charitable activities in the East had to be supported with men and money from the West. The papers in the second section consider the Hospitallers on Rhodes, relations between Rhodes and the West and plans for crusades, while the third section includes papers on the Hospitallers in the Iberian Peninsula and in Hungary, the territorial administration of the Order of Montesa in Valencia, a plan to transfer the headquarters of the Teutonic Order from Prussia to Frisia, and a Hospitaller reconsideration of warfare and learning on the eve of the council of Trent. The final paper proposes new definitions and guidelines for future work on the military-religious orders. The authors include both well-known experts and younger scholars who promise to follow in the footsteps of Anthony Luttrell and to continue research into the Hospitallers and their fellow orders, these peculiar European communities *avant la lettre*.

Jaarboek voor middeleeuwse geschiedenis 14 (2011) ,2012 In dit 'Jaarboek' worden diverse interessante thema's uit de middeleeuwse geschiedenis van de Nederlanden behandeld. Nicolas Mazeure onderzoekt de omgang van monnik Folcuin met de archivalia van de Vlaamse abdij van Sint-Bertijns. J.A. (Hans) Mol biedt een nieuwe kijk op de eind elfde eeuw op gang gekomen veenontginningen in het huidige Noordwest-Overijssel en Zuid-Friesland. Aan de hand van de door de dertiende eeuwse Vlaams-Henegouwse gravin Johanna van Constantinopel uitgevaardigde oorkonden

belicht Els De Paermentier het bestuur en de machtsuitoefening door vrouwen. Jaap van Moolenbroek ontrafelt het ontstaan van de mythe rond de inname van Damietta door Haarlemse kruisvaarders. Ellen Wurtzel laat zien hoe de stedelijke verdedigingswerken in het vijftiende- en zestiende-eeuwse Lille in toenemende mate werden beschouwd als collectief bezit. Truus van Bueren, Kim Ragetli en Arnoud-Jan Bijsterveld belichten de mogelijkheden en uitdagingen van het brede onderzoeksterrein van middeleeuwse 'memoria', in het bijzonder van het Utrechtse MeMo-project.

The Military Orders Volume VI (Part 2) Jochen Schenk, Mike Carr, 2016-10-26 Forty papers link the study of the military orders' cultural life and output with their involvement in political and social conflicts during the medieval and early modern period. Divided into two volumes, focusing on the Eastern Mediterranean and Europe respectively, the collection brings together the most up-to-date research by experts from fifteen countries on a kaleidoscope of relevant themes and issues, thus offering a broad-ranging and at the same time very detailed study of the subject.

Mendicants, Military Orders, and Regionalism in Medieval Europe Jürgen Sarnowsky,2021-12-24

The new religious orders of the 12th and 13th centuries - the military orders and the mendicants - were established as international orders. Yet they were inevitably dependent on regional and local conditions for recruitment and finance, and could not escape involvement in the power structures, whether secular or ecclesiastical, of the areas in which they were based. This book examines the tensions that arose from this, and how they evolved and were manifested. It looks in particular at the orders' early expansion, and at the special conditions that applied in frontier regions, notably those in Northern and Central Europe which have typically been less well studied.
