Handbook on Natural Pigments in Food and Beverages Reinhold Carle,Ralf Schweiggert,2016-04-20 Handbook on Natural Pigments: Industrial Applications for Improving Food Colour is unique in its approach to the improvement of food colors. The book is written with industrial applications in mind, with each chapter focusing on a color solution for a specific commodity that will provide food scientists with a one-stop, comprehensive reference on how to improve the color of a particular food product. The first section of the book looks at the legal frameworks which underpin natural food colorings, also investigating the consumer expectations of food color. The second section of the book focuses on specific industrial applications of natural colorants with chapters covering the use of natural colorants in aqueous food products, cereal-based foods, and meat products, amongst many other topics. The various pigments which can be used to effectively color these commodities are presented with information on safety and testing included throughout. The final section in the book looks at recent developments and future perspectives in natural food colorings. There are chapters which cover the health benefits of natural pigments, the use of novel fruits and vegetables in pigments, and stable natural solutions for blue colorings. Presents recent advances in consumer demand and worldwide legislation regarding natural food colorants Discusses the use of natural food colorants for one specific product category per chapter rather than one pigment class per chapter – this makes the book extremely useable for industrialists working in a specific sector Contains a comprehensive array of product-specific coloration approaches, from using pigment-enriched feed additives to the direct addition of color formulations

Running Naked Through the Streets Caramine White,2008-12-24 Running Naked Through the Streets is an account of the year Dr. Caramine White lived in the former Communist country Slovakia, from August 2004 - May 2005. When Dr. White received a Fulbright Scholarship, she and an American literature professor from a Slovak university 'exchanged' jobs. Dr. White lived in Banska Bystrica, a city of about 84,000 in central Slovakia. Although her students spoke English, very few of the townspeople did, and the living conditions were much different from those enjoyed in America. Running Naked Through the Streets, which refers to the utter helplessness and vulnerability she often felt, is neither an autobiography nor a travel book. Although Dr. White does include some interesting information for tourists, the crux of the book is how being so alone and dependent can encourage and even accelerate personal growth. It is told with a great deal of humor and honesty. Interwoven throughout the text are humorous essays recounting some of her bizarre adventures during the year, which range from belly dancing to marathon running, from inadvertently taking part in a Polish Confirmation ceremony to becoming the object of affection for a mentally challenged homeless man.
