**Echo Echo** Marilyn Singer,2016-02-16 A new book of unique reversible poems based on Greek myths from the creator of Mirror Mirror What happens when you hold up a mirror to poems about Greek myths? You get a brand-new perspective on the classics! And that is just what happens in Echo Echo, the newest collection of reverso poems from Marilyn Singer. Read one way, each poem tells the story of a familiar myth; but when read in reverse, the poems reveal a new point of view! Readers will delight in uncovering the dual points of view in well-known legends, including the stories of Pandora's box, King Midas and his golden touch, Perseus and Medusa, Pygmalion, Icarus and Daedalus, Demeter and Persephone, and Echo and Narcissus. These cunning verses combine with beautiful illustrations to create a collection of fourteen reverso poems to treasure.

*Follow Follow* Marilyn Singer,2013-02-07 Now one of Booklist's 30 Best Books of the Year! Genius! – Wired.com “Marilyn Singer's verse in Follow Follow practically dances down each page . . . the effect is miraculous and pithy.” – The Wall Street Journal Once upon a time, Mirror Mirror, a brilliant book of fairy tale themed reversos—a poetic form in which the poem is presented forward and then backward—became a smashing success. Now a second book is here with more witty double takes on well-loved fairy tales such as Thumbelina and The Little Mermaid. Read these clever poems from top to bottom and they mean one thing. Then reverse the lines and read from bottom to top and they mean something else—it is almost like magic! A celebration of sight, sound, and story, this book is a marvel to read again and again.

**Echo** Thomas Olde Heuvelt,2022-02-03 It's One Thing to Lose Your Life It's Another to Lose Your Soul 'Totally, brilliantly original' Stephen King on HEX Dutch writer Thomas Olde Heuvelt is a Hugo Award winner and has been hailed as the future of speculative fiction in Europe. Echo follows his sensational debut novel, HEX. Travel journalist and mountaineer Nick Grevers awakes from a coma to find that his climbing buddy, Augustin, is missing and presumed dead. Nick's own injuries are as extensive as they are horrifying. His face wrapped in bandages and unable to speak, Nick claims amnesia - but he remembers everything. He remembers how he and Augustin were mysteriously drawn to the Maudit, a remote and scarcely documented peak in the Swiss Alps. He remembers an ominous sense that they were not alone. He remembers something waiting for them . . . Sam Avery wants to be glad that Nick is alive and coming home, but the accident has stirred up memories that Sam thought were long buried. Soon he realizes that it isn't just the trauma of the accident that haunts Nick. Something has awakened inside of him, something that endangers the lives of everyone around him . . . Capetta,2017-10-10 Zara Evans has come to the Aurelia Theater, home to director Leopold Henneman, to play a dream role in Echo and Ariston, the Greek tragedy that taught her everything she knows about love. When the director asks Zara to promise that she will have no outside commitments, no distractions, it's easy to say yes. But are the deaths at the theater accidents, or murder, or a curse that always comes in threes? When assistant lighting director Eli Vasquez, a girl made of tattoos and abrupt laughs and every form of light, looks at Zara it's hard not to fall in love.

**The First Echo** Shane Seely,2019-02-19 The First Echo meditates on the comings and goings of midlife—births and deaths, losses and gains, despairs and hopes. In poems that range from rigorous formalism to breathless free verse, Shane Seely reaches for instruction, understanding, and comfort. He finds solace in works of art—including paintings, literature, and film—as well as in nature, human relationships, and memory. He suggests that, like the bat or the whale, we humans understand ourselves through echo, through the sounds we send out and the sounds that come back. That returning voice, like our own and yet not quite ours, reminds us that to be alone is to be with a self that is at once strange and familiar. Evocative and engaging, The First Echo offers poems on memory, illness, and grief—reflecting on the sadness and knowledge attached to each.

*Echo* Kate Morgenroth,2009-05-12 How can I know what's going to happen? But somehow he did know. The feeling was like déjà vu but stronger...and scarier. It told him that without a doubt something was going to happen. And it was going to be bad. \*\*\* In the year since Justin's younger brother, Mark, died in a horrific accident, Justin's life has unraveled. Justin used to be one of the school's star athletes, but now he's not even on any of the teams. He used to be part of the popular crowd, but now everyone at school treats him like he's a monster. He used to date one of the prettiest girls at school, but now she will barely speak to him. Then on the anniversary of his brother's death he gets into a fight with his former best friend, and things spiral out of control -- with terrible consequences. But that's not the worst. Now Justin is hearing a voice that's making him relive the day of the accident over and over again. In this dark thriller, Edgar Award nominee Kate Morgenroth explores the thin line between reality and illusion inside a troubled young mind.

**Echo** Francesca Lia Block,2001-08-07 Maybe I would become a mermaid....I would live in the swirling blue-green currents, doing exotic underwater dances for the fish, kissed by sea anemones, caressed by seaweed shawls. I would have a dolphin as a friend. He would have merry eyes and the thick sleeked flesh of a god. My fingernails would be tiny shells and my skin would be like jade with light shining through it. I would never have to come back up... Echo is caught at the crossroads of a physical world full of hope and despair and the realm of the supernatural, where young men have wings and skeletons speak. On the way, she is graced by angels and fairies and haunted by ghosts, psychopomps, and vampires. But as Echo falls under the spell of demons who threaten to destroy her, she must ultimately look within to find the strength to survive. Through shifting points of view, Francesca Lia Block weaves pure magic into this deftly constructed tale -- a novel told in the form of linked stories. One girl's life emerges from a tapestry of voices, lives, and loves -- lost and found -- that deliver her finally to herself, triumphant, ever-changing.

An Imprint Book "An electrifying adventure ... Olivia and Kora are smart, strong young women, and their romance, born in the midst of unspeakable horror, is believable. ... **Mirror Mirror** Marilyn Singer,2010-03-04 With 6 starred reviews, 8 best of the year lists, and over 20 state award nominations, everyone is raving about Mirror Mirror! Remarkable.—The Washington Post This mind-bending poetry is accompanied by Masse's equally intelligent, equally amusing art.—Time Out New York for Kids What's brewing when two favorites—poetry and fairy tales—are turned (literally) on their heads? It's a revolutionary recipe: an infectious new genre of poetry and a lovably modern take on classic stories. First, read the poems forward (how old-fashioned!), then reverse the lines and read again to give familiar tales, from Sleeping Beauty to that Charming Prince, a delicious new spin. Witty, irreverent, and warm, this gorgeously illustrated and utterly unique offering holds a mirror up to language and fairy tales, and renews the fun and magic of both.

**World of Echo** Adin E. Lears,2020-09-15 Between late antiquity and the fifteenth century, theologians, philosophers, and poets struggled to articulate the correct relationship between sound and sense, creating taxonomies of sounds based on their capacity to carry meaning. In World of Echo, Adin E. Lears traces how medieval thinkers adopted the concept of noise as a mode of lay understanding grounded in the body and the senses. With a broadly interdisciplinary approach, Lears examines a range of literary genres to highlight the poetic and social effects of this vibrant discourse, offering close readings of works by Geoffrey Chaucer and William Langland, as well as the mystics Richard Rolle and Margery Kempe. Each of these writers embraced an embodied experience of language resistant to clear articulation, even as their work reflects inherited anxieties about the appeal of such sensations. A preoccupation with the sound of language emerged in the form of poetic soundplay at the same time that mysticism and other forms of lay piety began to flower in England. As Lears shows, the presence of such emphatic aural texture amplified the cognitive importance of feeling in conjunction with reason and was a means for the laity—including lay women—to cultivate embodied forms of knowledge on their own terms, in precarious relation to existing clerical models of instruction. World of Echo offers a deep history of the cultural and social hierarchies that coalesce around aesthetic experience and gives voice to alternate ways of knowing.

**The Echo Chamber** Michael Bazzett,2021-10-09 From Michael Bazzett, poet and translator of The Popol Vuh, a collection that explores the myth of Echo and Narcissus, offering a reboot, a remix, a reimagining. "Narcissus was never one to see himself // in moving water. // He liked his image / still." In The Echo Chamber, myth is refracted into our current moment. A time traveler teaches a needleworker the pleasures of social media gratification. A man goes looking for his face and is first offered a latex mask. A book reveals eerie transmutations of a simple story. And the myth itself is retold, probing its most provocative qualities—how reflective waters enable self-absorption, the tragic rightness of Echo and Narcissus as a couple. The Echo Chamber examines our endlessly self-referential age of selfies and televised wars and manufactured celebrity, gazing lingeringly into the many kinds of damage it produces, and the truths obscured beneath its polished surface. In the process, Bazzett cements his status as one of our great poetic fools—the comedian who delivers uncomfortable silence, who sheds layers of disguises to reveal light underneath, who smuggles wisdom within "rage-mothered laughter." Late-stage capitalism, history, death itself: all are subject to his wry, tender gaze. By turns searing, compassionate, and darkly humorous, The Echo Chamber creates an echo through time, holding up the broken mirror of myth to our present-day selves.

**Echo of the Big Bang** Michael D. Lemonick,2005-04-24 Describes how the scientific discoveries of the Microwave Anisotropy Probe (MAP) satellite have transformed the modern science of cosmology, describing its revelations in terms of the origins and history of the universe, the nature of dark matter, the expansion of the universe, and other key topics. (Science & Mathematics)
