**Echoes of Earth** Sean Williams, Shane Dix, 2014-04-01 In this “dazzling adventure” from the New York Times–bestselling author, a man adrift in space finds himself facing the edge of madness (Jack McDevitt). The Frank Tipler is just one of a thousand survey vessels sent out into the bubble of space

surrounding Earth, seeking habitable worlds and signs of advanced life. Its crew has stumbled across artifacts left behind by a benevolent trader species, but the decision to study them is fraught with danger and uncertainty. The Tipler's crew consists of forty flawed electronic copies of human beings, some of them profoundly damaged—and Earth stopped responding to signals over a century ago. Caught between madness and political machinations, Alander stands on the brink of what might be the greatest discovery humanity has ever made—and a gift that humanity can't afford to accept. "ECHOES OF EARTH is a dazzling adventure, sweeping the reader along from marvel to wonder, and it includes one of the most heart-stopping moments I've encountered in a novel in years." —Jack McDevitt "[The] book can't be discussed or even described without spoiling some of the surprises, which are mutually reinforcing as well as juicy in themselves. I will, however, give in to the temptation to drop a few more of the names that came to mind as I was reading: the Three Gregs (Bear, Benford, Egan), Linda Nagata, and Frederik Pohl.... As the first of a series... ECHOES promises to rev its Ideas right past the red-line and drive them hard." —Locus "The science in Dix and Williams's work shines, entrancing with its glitter and innovation... and you won't find any of their novels without fully-fleshed out characters, complex plots, vivid settings and thoughtful exploration of issues." —SF Site "The authors have already made a name for themselves as writers of intelligent space opera, and ECHOES OF EARTH is sure to further bolster that reputation. The book is chock full of marvelous events, cosmic significance, mysterious alien motivations, and the wonder of outer space." —Science Fiction Chronicle Winner of the Ditmar Award.

Shattered Echoes B. A. Shapiro, 2015-02-01 A young widow is haunted by the past in this "fast paced . . . hauntingly original" thriller from the New York Times-bestselling author of *The Art Forger* (Mystery News). After the tragic death of her husband of less than two years, Lindsey sells her

house in the suburbs and moves into a renovated townhouse in the city, only to discover that an earlier tenant—over one hundred years earlier—apparently still lives on the premises. Lindsey wants to start over, but she is haunted by her past, by unfathomable guilt—and perhaps by a ghost. *Shattered Echoes* is a psychological thriller about murder, madness, and the supernatural in Boston's historic Back Bay.

**The Echoes** Jess Montgomery,2022-03-29 The fourth in Jess Montgomery's evocative Kinship series, *The Echoes* combines exquisite storytelling with extraordinary crime plotting. A beautifully written tour de force. —Linda Castillo on *The Stills* As July 4, 1928 approaches, Sheriff Lily Ross and her family look forward to the opening of an amusement park in a nearby town, created by Chalmer Fitzpatrick—a veteran and lumber mill owner. When Lily is alerted to the possible drowning of a girl, she goes to investigate, and discovers schisms going back several generations, in an ongoing dispute over the land on which Fitzpatrick has built the park. Lily's family life is soon rattled, too, with the revelation that before he died, her brother had a daughter, Esme, with a woman in France, and arrangements have been made for Esme to immigrate to the U.S. to live with them. But Esme never makes it to Kinship, and soon Lily discovers that she has been kidnapped. Not only that, but a young woman is indeed found murdered in the fishing pond on Fitzpatrick's property, at the same time that a baby is left on his doorstep. As the two crimes interweave, Lily must confront the question of what makes family: can we trust those we love? And what do we share, and what do we keep secret?

**Echoes** Sharla Lee Shults,2004-11 This book of poetry offers simple expression as a means for sharing true feelings from the heart down to earth, without restriction, just simplicity, fundamental of nature, and with God's blessing.

may be the last thing she ever does... Hannah thinks she's losing her mind. After hitting and killing a man with her car, his body and blood vanish without a trace. Desperate to prove she isn't insane, she searches exhaustively until she finds him--alive and unharmed. Taken under the wing of the handsome stranger, she's stunned to learn he's part of an ancient race of immortals. But so is his deranged sister, and she murders every person who learns his secret. Will Hannah survive the revelation, or will a crazed eternal claim the silence she seeks? Echoes is the first book in the deliciously dark Echoes supernatural thriller trilogy. David Power and Clare O'Brien both grew up dreaming of escape from the battered seaside town of Castlebay, Ireland, but they might as well have had the ocean between them. David is the cherished son of a prosperous doctor, while

Clare lives with her large family behind their faltering store, longing for a moment of quiet to study. When they both go to university in Dublin—he as a matter of course, she on a hard-won scholarship—their worlds collide. They find freedom in each other—until the families, lovers, and secrets they left in Castlebay come back to haunt them... “Laughter and tears, it’s what Binchy does best.”—San Francisco Chronicle Book Review “The Castlebay Maeve Binchy creates is a marvelous place.”—The New York Times Book Review

**Echoes** Kristen Heitzmann, 2007-09 Romantic suspense from a best-selling novelist. Sequel to *Unforgotten*, Sofie Michelli goes to Sonoma to unravel her past, but returns to face the future.

*The Sound of Echoes* Eric Bernt, 2019 Only one man can stop the most dangerous conspiracy ever designed in a shattering thriller about the end of secrets from the author of *The Speed of Sound*. After going on the run—for what he knows and has created—autistic Eddie Parks is back in Harmony House, the think tank that has been his sanctuary for sixteen years. With his miraculous invention, an echo box that excavates sounds from the past, Eddie achieved the only thing he wanted: to hear his late mother sing. But where Eddie sees good, others see infamy. Because no conversation ever held will be a secret again. For Bob Stenson, leader of the American Heritage Foundation, whoever controls the echo box controls the future. To seize the game-changing device, he has to get Eddie where he's most vulnerable: by kidnapping Dr. Skylar Drummond, the only

person in the world Eddie trusts. But Stenson has underestimated his prey. Eddie has the power of echoes on his side. Now he must follow them--into the most dangerous places he's ever ventured--to save Skylar and the country.

**Echoes and Empires** Morgan Rhodes, 2022-01-04 From the New York Times bestselling author of the Falling Kingdoms series comes the first book in a brand-new duology about forbidden magic and dangerous secrets, for readers of Victoria Aveyard and Margaret Rogerson. Josslyn Drake knows only three things about magic: it's rare, illegal, and always deadly. So when she's caught up in a robbery gone wrong at the Queen's Gala and infected by a dangerous piece of magic—one that allows her to step into the memories of an infamously evil warlock—she finds herself living her worst nightmare. Joss needs the magic removed before it corrupts her soul and kills her. But in Ironport, the cost of doing magic is death, and seeking help might mean scheduling her own execution. There's nobody she can trust. Nobody, that is, except wanted criminal Jericho Nox, who offers her a deal: his help extracting the magic in exchange for the magic itself. And though she's not thrilled to be working with a thief, especially one as infuriating (and infuriatingly handsome) as Jericho, Joss is desperate enough to accept. But Jericho is nothing like Joss expects. The closer she grows to Jericho and the more she sees of the world outside her pampered life in the city, the more Joss begins to question the beliefs she's always taken for granted—beliefs about right and wrong, about power and magic, and even about herself. In an empire built on lies, the truth may be her greatest weapon.
