**Agony to Bliss** Dorothy Phillips, 2016-01-15 Kellie Kidman and Furman twins, kidnapped as teenagers and forced into mocked marriages to crude mountaineers, survive ten, bitter years without electricity, running water, adequate food, or any contact with the outside world. Now rescued, Kellie, 28, and the twins, 25, are thrust back into their past with families and peers who have advanced greatly during the girls' lost decade. Their peers, as college graduates with husbands and children, foster a longing for education, marriage, and children as quickly as possible. With faith in the Lord, the women tackle dire challenges, sometimes with sadness but often with joy. Witchie, a 10-year-old girl born to a dying mother the first night of the girls' captivity, weaves humor into the former Millham Women's lives as they edge from agony to bliss.

Agony's Lodestone Laura Keating, 2023-04-14 A grave could be visited. Ashes could be scattered. But simply vanishing? That ripped a hole in the world the size of a life, and through that hole sighed a terrible wind repeating a single note: Gone. For years, Aggie had forgotten the real Joanne, the way her sister had laughed, fought, been. But now that the videotape made her real again—no matter how many times the recording changed, no matter how terrifying the flickering images—it was all Aggie wanted. To trade the Gone for the One. She owed Joanne that much. To say she was sorry. That it had been her fault. It had been all their faults.

**Educated Tastes** Jeremy Strong,2011-11-01 The old adage "you are what you eat" has never seemed more true than in this era, when ethics, politics, and the environment figure so prominently in what we ingest and in what we think about it. Then there are connoisseurs, whose approaches to food address "good taste" and frequently require a language that encompasses cultural and social dimensions as well. From the highs (and lows) of connoisseurship to the frustrations and rewards of a mother encouraging her child to eat, the essays in this volume explore the complex and infinitely varied ways in which food matters to all of us. *Educated Tastes* is a collection of new essays that examine how taste is learned, developed, and represented. It spans such diverse topics as teaching wine tasting, food in *Don Quixote*, Soviet cookbooks, cruel foods, and the lambic beers of the Belgian Payottenland. A set of key themes connect these topics: the relationships between taste and place; how our knowledge of food shapes taste experiences; how gustatory discrimination functions as a marker of social difference; and the place of ethical, environmental, and political concerns in debates around the importance and meaning of taste. With essays that address, variously, the connections between food, drink, and music; the place of food in the development of Italian nationhood; and the role of morality in aesthetic judgment, *Educated Tastes* offers a fresh look at food in history, society, and culture.

*Love Songs* AnnieMae Robertson,2002-04-21 Love seems to be the balance pole. Too little and your load shifts precariously one way, too much and it swings the other. *Love Songs* is a unique collection of short works. It was intended to be a concert of sweet old love songs to ease the soul. Instead the pieces are truer to the agony of blues. Some are amusing-some abrasive-some tragic. And all are thought provoking cautionary tales. *Death of a Mordot*, the crowning novella, illustrates the fickle nature of gods and the inability of the inhabitants of that world to feel the compassion needed to survive. It is a fantasy romance of diversity, tolerance and faith, all that good stuff we could use in our world where our gods, hard cash and cruel power, are just as fickle and even more dangerous. This is a book to be read curled up in a cozy place with your favorite comfort food-or on the subway on your way to fight dragons. Better yet, if you are a dragon, on a hillside on your way to fight men. A superb collection Robertson really tells it like it is! This is a MUST READ! G. Abrams-Proof Picks

Dreaming at the Edge of Reason Vishnu Aiyappan,2014-04 The book mostly deals with the poignancy of dreams and how transient they are. The poems also deal with the way the world appears to the eyes of the author describing the emotions and states of mind that he thinks in. In many ways this collection of poetry is more like a lyrical commentary of the author's take on what it takes to live in today's modern world of fast pace and fleeting dreams.

**Voices from the Edge of Eternity** John Myers,2012-06-29 Dramatic Testimonies of Near-death Experiences and Visions  
Voices from the Edge of Eternity is a compilation of the words and experiences of people both famous and obscure just before their deaths. Young and old, great and small, saint and sinner—these testimonies confirm the biblical doctrines of life after death, judgment for the nonbeliever, and eternal life for those who have accepted Christ as Savior. Included are the experiences of a formidable array of witnesses, such as Martin Luther, Voltaire, John Wesley, Joan of Arc, Thomas Paine, Charles Darwin, Queen Elizabeth I, John Calvin, Napoleon Bonaparte, Peter the Great, and many more. The agreement among the accounts is remarkable in this fascinating collection of thoughts and experiences that shed light on the life that awaits us after death.

**The Agony and the Ecstasy** John Hopkins,2013-06-06 This is the true story of my life, born into a family who lived in poverty on the edge of Bristol. In the early 1930s the economy of England started to improve. This improved my life in that I had my own pair of shoes to wear and some new clothes instead of hand me downs but never enough food. I relate some of my experiences as a child and teenager, then my Stonemasonry story. My career in the armed forces in England and Malaya. When I entered the army I was 5foot 4 inches tall. Upon de-mobilisation I had grown to 6foot 3 inches due to being fed properly. I trained as an Alabaster worker and Stonemason. I finally was made the National President of the Association of Natural Stone Industries. This gave me the great honour of sitting down to a banquet with Prince Charles. I also had the privilege of meeting Princess Margaret, Queen Mary, Queen Elizabeth the Queen Mother and Her majesty our present Queen. During my lifetime I have repaired many grand edifices and many Churches. It has been my good fortune to learn that from Saxon times onwards Stonemasons could do better work when their tools were made for them by Blacksmiths. This knowledge eluded most Masons but helped make me a much respected restorer in all periods of construction. I was appointed a lecturer at Bristol University and the Orton Trust in Northamptonshire. This was my real rags to riches story.

**A Husband Who Returned Home Empty Minded** Prince Baleke,2017-09-27 From the first published part of the story in A Man Who Went to the Moon Without a Jacket comes the second part of a catastrophic incident where another man's jealous acts of admiration caused a newly wedded couple to end up on the edge of death. Not only does this brought

about unbearable pain to a pregnant woman who had kept her pregnancy a secret she wanted to share on their honeymoon as a present of appreciation to the only man she had ever truly loved but also the admirer tucked her prince charming to sleep in a comma, which lasted twenty-five years, where he didn't know his wife was pregnant. She ended up raising two of their twins on her own in a cold world where she had less hope of her husband's return. When her husband returned home, she then struggles in agony to restore her husband's lost memory after a terrible accident that nearly took both of their lives on that same day after they exchanged breathtaking matrimony vows.

**Tales from the Blind Side** Chris Dieterich Dieterich for Pet Haven, 2013-04-21 The lights, the cameras, the cheers of the crowd-adrenaline rushes through my veins as they announce my name and I run out in front of 85,000 roaring fans. It's more addicting than any narcotic I've ever used. What a price to pay to play a damn game 16 times a year. The eleven short stories in *Tales from the Blind Side* are based on the experiences of former NFL Offensive Lineman Chris Dieterich, who played for the Detroit Lions from 1980 to 1986. Diagnosed with depression from the many concussions he received on the playing field, Dieterich used the writing process as therapy—a release from the dark and painful memories of his decision to give up both his physical and mental health to be in the limelight for seven years. Writing served as an outlet for Dieterich's physical and mental torture, the daily stress and strain of performing at a world-class level. From the grueling misery of summer training camp, to the injuries sustained on the field, and to never-ending post-career bouts of mental confusion, delusions, and addiction to painkillers and alcohol, Dieterich has expertly spun fantasy and hard-core reality into eleven short stories that explore the depths of living on the mental edge of madness. Readers will experience the agony and the ecstasy of the NFL as Dieterich offers a glimpse into the world of professional sports...and its often devastating aftereffects.

**Edge #26** George G. Gilman, 1978

*On the Edge* Dani Collins, 2018-01-16 When Glory Cormer's father introduces her to 'their' new business partner, she's appalled. After nursing her mother the last several years, she's trying to break out of her shell and secretly pursue a writing career, but Rolf insists she go through with the rotten deal her father struck with his brother to renovate an old chalet. Rolf envisions this mountain as a world-class resort for elite athletes and other jet setters. As a downhill champion and owner of a world-renowned sports equipment empire, he knows what it takes to get what he wants. Nothing will stop him, especially not a hotheaded wallflower who turns the ice in his veins to lava. Bonus Story! This book contains Glory's novella *Blessed Winter*, a no-room-at-the-inn Christmas romance.
