The Efreet T. M. Bown,2010-06-30 Geologist John Cavanaugh discovers an ancient gold coin in the Egyptian desert that sends him and a team of archaeologists on a trek back to the desert in search of a fabled lost ancient army and a legendary lost oasis. Others are on the trail as well; some seeking gold, some archaeological fame, and some a way to escape an ancient horror. This is adult, thinking persons horror at its best. And who--or perhaps what--is Bishop?

The God of War Zhang Wei, In the early winter, the ancient town, which looked a little depressed, was bleak with the cold wind, and a cool breeze blew, and several bright red maple leaves fell from the air, swirling along the dry and pale slate with the breeze, which was particularly bleak. The sunshine in early winter is a little shabby, shooting down from the air, bringing a little warmth to this

cold winter.

The Princes of the Golden Cage Nathalie Mallet,2007-10-01 Prince Amir lives in a lavish and beautiful cage. He lives in a palace with hundreds of his brothers, all barred by law from ever leaving the palace until he, or one of his brothers, becomes the next Sultan. Living under constant threat of death at the hands of his scheming brothers, Amir has chosen a life of solitude and study. His scholarly and alchemical pursuits bring him under suspicion when his brothers begin to die from seemingly supernatural means. Amir finds himself thrown together with his brother Erik, the son of a barbarian princess. Together they must discover the dark secret that is stalking the halls of their golden cage.

The Reaping Dexter Morgenstern,2018-07-01 Unlike fantasy epics that bring all new races such as orcs, elves, and dwarves in the style of Tolkien, or Paolini's Inheritance Cycle, The Reaping is dark fantasy that brings as much diversity from its all-human cast. From the Ashborn—the technologically-savvy steampunk mountain rangers of Borensati—to the Templars, disciplined, systematic warrior women who harvest the powers of the Sun and the earth to turn their weapons into medieval lightsabers, the cast of The Reaping pulls readers into a warbound, thought-provoking fantasy adventure. This is how the world ends: The innocent kill. Those killers lead. That is the nature of war, which ravages the province of Evigönda. For a breath, there is peace, but the gods' demands pull at the strings. Amos is a mystic who guards Bo, a seer who sacrificed her physical sight to see spirits. Together, they must use her judgment to harvest souls for the Reaping, a sacred mission and necessary evil to maintain the safety of their homeland. Every move they make throws the world into further chaos, and when a scarred veteran makes it his mission to stop the Reaping so he can save his own struggling nation, the body count rises. Shady allies and passionate enemies challenge the morals of piety and righteousness in this gripping fantasy tale.

The Monsters Know What They're Doing Keith Ammann,2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, The Monsters Know What They're Doing is essential reading for every DM.

Battle of Damned Souls Sasan Shabrou, 2017-01-24 Hyaterra is a world much like ours was before the civilized world as we know it except with magic and wizards and helpful elves and amazing sword smiths. Now that the last great beast has been slain and the final horde of goblins and orcs have been shoved in a deep hole in the ground guard by the knights of Oshtex and Orichoro, the real monsters slither in the courts of Kings and the minds of powerful warlords. The eternal war between Sumrila and Vussaui rage on, the King Zephkletos leads his men to war against his barbaric neighbors based on freewill, and the sea dogs of Deruwa will encounter sea battle from the powerful kingdom of Gyrcun as their leader Grandki sails back from the Council of Kings. This is the world of Hyaterra. In this book the world of Hyaterra expands. The plot between Sumrila and Vussaui thickens with rumors of dragons and a dark lord. The Gyrcun city of Turpin might turn up a spy. Anstal and Atbythia clash armies that will damn them all.
