Egg Michael Ruhlman, 2014-04-08 In this innovative cookbook, James Beard award-winning author Michael Ruhlman explains why the egg is the key to the craft of cooking. For culinary visionary Michael Ruhlman, the question is not whether the chicken or the egg came first, it's how anything could be accomplished in the kitchen without the magic of the common egg. He starts with perfect poached and scrambled eggs and builds up to brioche and Italian meringue. Along the way readers learn to make their own mayonnaise, pasta, custards, quiches, cakes, and other preparations that rely fundamentally on the hidden powers of the egg. A unique framework for the book is provided in Ruhlman's egg flowchart, which starts with the whole egg at the top and branches out to describe its many uses and preparations -- boiled, pressure-cooked, poached, fried, coddled, separated, worked into batters and doughs, and more. A removable illustrated flowchart is included with this book. Nearly 100 recipes are grouped by technique and range from simple (Egg Salad with Tarragon and Chives) to sophisticated (nougat). Dozens of step-by-step photographs guide the home cook through this remarkable culinary journey.

It Starts with the Egg Rebecca Fett, 2019-02-28 A practical and evidence-backed approach for improving egg quality and fertility-- fully revised and updated in 2019. The latest scientific research reveals that egg quality has a powerful impact on how long it takes to get pregnant and the risk of miscarriage. Poor egg quality is in fact the single most important cause of age-related infertility, recurrent miscarriage, and failed IVF cycles. Based on a vast array of scientific research, It Starts with the Egg provides a comprehensive program for improving egg quality in three months, with specific advice tailored to a variety of fertility challenges-- including

endometriosis, unexplained infertility, diminished ovarian reserve, PCOS, and recurrent miscarriage. With concrete strategies such as minimizing exposure to common environmental toxins, choosing the right vitamins and supplements to safeguard developing eggs, and harnessing nutritional advice shown to boost IVF success rates, this book offers practical solutions that will help you get pregnant faster and deliver a healthy baby.

Deadweather and Sunrise Geoff Rodkey, 2012-05-29 A stunning middle-grade debut--full of heart, humor, and nonstop action It's tough to be thirteen, especially when somebody's trying to kill you. Not that Egg's life was ever easy, growing up on sweaty, pirate-infested Deadweather Island with no company except an incompetent tutor and a pair of unusually violent siblings who hate his guts. But when Egg's father hustles their family off on a mysterious errand to fabulously wealthy Sunrise Island, then disappears with the siblings in a freak accident, Egg finds himself a long-term guest at the mansion of the glamorous Pembroke family and their beautiful, sharp-tongued daughter Millicent. Finally, life seems perfect. Until someone tries to throw him off a cliff. Suddenly, Egg's running for his life in a bewildering world of cutthroat pirates, villainous businessmen, and strange Native legends. The only people who can help him sort out the mystery of why he's been marked for death are Millicent and a one-handed, possibly deranged cabin boy. Come along for the ride. You'll be glad you did.

Egg Drop Dead Laura Childs, 2016-12-06 In Laura Childs's New York Times bestselling mystery series, Suzanne, Petra, and Toni--co-owners of the Cackleberry Club café--are back to track down another bad egg... Maintaining good personal relationships with their suppliers is one of the secrets of the Cackleberry Club café's success, so Suzanne doesn't mind going out to Mike Mullen's dairy farm to pick up some wheels of cheese. She's looking forward to a nice visit with the mild-mannered farmer before heading back to their hectic kitchen. But when she arrives, Mike's nowhere to be found. The moaning of his cows leads her to look in the barn, where she discovers a bloodcurdling sight--the farmer's dead body. Apparently not everyone was as fond of Mike Mullen as the Cackleberry Club. Churning with grief and outrage, Suzanne, Petra, and Toni vow to find the farmer's murderer--but as they get closer to the truth, the desperate killer gets whipped into a frenzy and plans to put the squeeze on them...
