The Elementalist T. M. White, 2019-10-08 A disgraced pilot saved by elemental magic. A jaded spy haunted by his past. Occult forces threatening to ruin them both. All Voi wants is to fly her plane and live a decent life, but something stands in her way: emelesia, a rare condition likely to land her in a mental asylum. Forever. Then comes Mr. Callahan, the mysterious agent who convinces Voi to spy for a cure. The catch? She has untapped elemental powers, and the enemy is psychic. Desperate for a remedy, the aviatrix trains for a dangerous mission, wary of the person she's being molded into. The threat of coercion hovers constantly: become an elemental agent, or face the asylum. Meanwhile, Voi struggles with unusual side effects—from overwhelming urges to unintentional manifestations of her powers, due to unchecked emotions. Between learning how to control her abilities, Mr. Callahan's growing reluctance towards her potential, and dealing with psychic revolutionaries... becoming an elementalist seems less and less appealing. Can Voi and her handler learn to trust one another, or will the machinations of paranormal politics lead to their undoing? The Man in the High Castle meets Avatar: The Last Airbender in a dark epic of espionage and elemental magic. The Elementalist: Rise of Hara is T. M. White's debut novel and the first in the Elemental Spies series.

The Elementalist (The Void Walker Series) Joshua Thomas, 2019-11-03 Join a boy named Zeryl, who loses his parents from a tragedy caused by an evil tyrant. He awaits the Aurora Animae Rebirth day when he can exact his revenge on this tyrant and avenge his parents. To accomplish this task, he must first attain the nine elemental relics and earn their respect. In his journey, he learns what it means to walk his true path. He will face many trials and adversities plus some near-death experiences as his adventure begins.

The Elementalist Melissa Cunningham, 2015 Deceased Alisa Callahan thinks nothing could be worse than watching the boy she loves move on in his life without her... until she is ripped from her less-than-peaceful existence in Elysium to be trapped... in someone's else's body. Seventeen-year-old Claire Balister wants only one thing. To master the art of Elementalism. To accomplish this, she must learn to control a damned soul. Her old classmate and suicide victim, Alisa Callahan, is the perfect candidate. But when the spell goes wrong, Claire finds herself in the worst possible situation... sharing her body with an unwanted guest. Everything swirls out of control when Alisa learns the terrifying truth about her entrapment. Her only hope rests with a boy who can't remember her, his past, or more importantly, who he really is... One of the bad guys. The Elementalist is the much-anticipated sequel to Reluctant Guardian.

The Elementalist Matthew S. Cox, J. R. Rain, 2019-03-26 First in the Four Elements series of supernatural mysteries, by #1 bestselling authors J.R. Rain and Matthew S. Cox! In a small town where people go missing all the time, one might think a private detective would have no trouble finding work. Except for Max Long. His luck really is that bad—at least until a blonde bombshell hires him to look into the strange circumstances surrounding her sister's death. The blonde might be good luck, or more likely, entirely the opposite. Drop-dead gorgeous women aren't exactly common in Shadow Pines, nor do they walk into his office. Everyone in town knows there's something unusual about the place. The excuse of animal attacks claiming the unwary hiker works only so long before a rational person suspects the irrational.

Blood stolen from the hospital, strange howls at night, and a girl with an overly innocent face that spells trouble all lead to one conclusion: Max is in way over his head. Or is he? The night after a strange meteorite streaked across the sky, the wind responds to his desires. He soon discovers he can manipulate water, fire, and earth as well. Shadow Pines is out of balance, and Mother Nature has sent Max to fix it.

Distorted Gust: Elementalist Derek Howe, Nathan Howe, 2019-03-20 Magic. Training. And Danger. What will await Alexi at Elementalist school this year? She is wrecking havoc on the world around Alexi and his friends. Can they find a way to prove she isn't what she claims? Or will the city fall to her mercy?

The Elementlists Andrew Maloney, 2013-09 So you wanna be a wielder? For a handful of special students, things are about to get dangerously weird. Fourteen-year-old Frankie Delarosa and her older brother, Cruz, are already having enough trouble in their lives. But when a psychotic entity comprised entirely of energy begins hunting them down, it will take the combined efforts of an untested group of wisecracking, hardheaded teenagers from Sevenpointe Academy a special school for wielders of the seven classical elements to help them escape with their lives. Fleeing a town full of mindless zombies, being attacked on all sides by primordial beings, and facing a deadly maze intended to keep them away from the one person who can help them, the Elementlists come to realize the most important truth of all: For better, for worse, for friends... The Elementlists Potentially saving the world, or just really good at blowing stuff up...

The youth had thought that he would live a blissful life, but who would have thought that his fiancée would betray him on the eve of his wedding. He abandoned him and joined forces with his lover to kill him. He had survived a great disaster. He fell from the sky, killing his way out, and swore to become powerful. The Strongest Elementalist Xuan Ye, 2020-10-16 The current Queen Ao Jiao who dominated the Azure Sea, had been reborn as the ninth lady of the Leng Clan of a foreign land. Who would have thought that trash would actually be a peerless genius among top elementlists! His talent was outstanding, yet he

was pretending to be a pig to eat the tiger while leaning on a tree to conceal his strength. When the family suffered a calamity, who would turn the tide and restore their prestige? When the top elemental school came to recruit new students, who was it that was able to amaze and shock the entire audience? In the continent's selection test, who broke the record and reached the top in glory? A sword, a book, a beautiful face. But when she met him, the Queen met the King, the firewood met the fire, and the burning flower of love spanned ten thousand years. He said, If the people of the world bully you, humiliate you, slander you, I will destroy the world! She said, If someone loves you, kisses you, loves you, I'll give it up ... From her point of view, this was an extremely good deal. In his eyes, it was an extremely arduous and dangerous journey to find a wife. Fire and dry wood? A pair! This was a strong alliance between strong men and strong women. This was a sweet pursuit by a running man.

Breath of Disaster: Elementalist Derek Howe, Nathan Howe, 2019-03-20 Dodging assassins is tough, but teenage years are the real killer! Alexi sometimes feels like he will explode. Now that it is known that he can control two elements, his challenges are ramping up. There is so much to learn and he can feel the pressure increasing. The attempts on his life have not stopped. His enemies will continue until he is dead. That may be from magic, poison, or embarrassment, because fumbling through dating is worse than learning to control his magic? School, romance, assassins. Just a normal day for this Elementalist.

The Elementals C. Sharp, 2014-10-28 A tale of dragons and disaster that "masterfully blends fantasy, teen drama, and a strong message of environmentalism into a white-hot narrative" (Kirkus Reviews). In small town Virginia, Chloe McClellan's sophomore year of high school is rapidly turning into an epic fail. First, she becomes the target of the queen of the It-Girls in gym. Then, she's struck by lightning . . . and that's when things really start to get weird. There are disconcerting gaps in her memory, and freaky weather seems to follow her everywhere. Either she's going insane, or her accident has awoken a terrifying creature from mythology, triggering the final countdown to the extinction of humankind. Rising sea levels, droughts, earthquakes, tornadoes—far below the earth's crust, imprisoned in ancient slumber, the elemental powers of the land grow restless . . . Chloe finds unlikely help from a trio of male classmates: the captain of the football team, a flighty stoner with a secret, and an enigmatic transfer student who longs for the sea. All the while, she struggles with the growing realization that dragons exist, and she and her friends may be the only ones who can stop them. In the first book in the epic new Tipping Point Prophecy series, global dragon mythology is reimagined against a backdrop of ecological disaster, high school angst, and the power of the human spirit when working in accord with the elements. "A cautionary modern tale about climate change and pollution. The realistic, adolescent dramas buffeting [the] clever protagonist . . . are just as well-crafted as the passages on Chinese mythology and five-clawed, flying beasts." —Slate

Lita Ryder, all referred to as The Elementalists or their respective element. Told from Skye's point of view, the world they live in is extremely different but nevertheless the same world from ours where mythical creatures are, or at least were, real. Where bloodlines are rare and special. The Elementalist each have a special mount, be it a Dragon, a Leviathan, a Pegasus or even a Phoenix. Together, they will discover the true strength of their powers. And maybe, just maybe learn what they were really meant to do.

The Elementalist: Journey to Zlorta S. N. Hunt, 2020-12-12 I plan to bathe in that water. If you want fresh clean water, you might want to disrobe yourself. I don't think that this is very appropriate. Perhaps, we can hang a sheet and take turns. Shamnus said the water wouldn't get cold. Maybe it will stay clean too. Sarah hated how shaky her voice sounded. She felt self-conscious suddenly. They had shared kisses. Something about the intimacy of the room made it seem different. His hands settled on her shoulders and made her jump. She hadn't realized how close he was or how quietly he could move. The water will not stay clean. We will be together from here on out till eternity. I am your Guardian, your protector, your shadow. We are bonded now and forever. We will share our lives. I will share in your death. I think bathing together is the least of our worries. He spun her around to face him. His scent flowed over her and she sighed. He stood before her in only his pants and boots. His chest was smooth and muscled. She resisted the urge to reach out and touch him. He removed her cloak from her shoulders and tossed it to the side. Looking up into his eyes, she said, If I didn't know any better, I would think you are trying to seduce me. He smiled lazily, Perhaps I am. Welcome to the Veil! Follow Sarah as she finds her place in this new world. Finding love in Micheal's arms, meeting friends and foes along the way. I hope you enjoy it as much as I like writing it!
