The Elementals Morgan Llywelyn,2003-05-30 Morgan Llywelyn, internationally acclaimed author of *1916* and *Lion of Ireland*, returns with a powerful fantasy saga that sweeps from the dawn of history to our own near future. It is the story of Earth and her elements, and of the men and women whose fate lies in her hands. . . . Water. The ice caps melt, the seas rise, and Kesair, a woman of Atlantis, leads a handful of survivors on a desperate search for land – and a new beginning. Fire. All the world centers around the empire of Crete, where Meriones, a humble musician, performs before the mighty in their palaces. Until the land shakes, the volcano speaks with a voice of fire, and Meriones finds his life changed forever. Earth. Old beyond imagining, the Earth knows neither hate nor pity. And from Annie Murphy, a strong-willed New England housewife, it demands a sacrifice both unexpected and irrevocable. Air. The ozone dwindles, and the forests dies, a new plague walks the world. And on a day just after tomorrow, thousands of years after Kesair's struggle, another small party of survivors, led by George Burningfeather, comes together on a desolate Indian reservation. As the ice melts and the sea rises once more, they fight one last battle for the Earth – for mankind and hope. *The Elementals* is the epic, ongoing tale of humanity's turbulent relationship with the Earth – as only Morgan Llywelyn could tell it.

Elemental Antony John,2012-11-21 A lost colony is reborn in this heart-pounding fantasy adventure set in the near future. Enter the world of the *Elementals*, which James Dashner called "completely gripping and full of intrigue, revelation, mystery, and suspense." Sixteen-year-old Thomas has always been an outsider. The first child born without the power of an element—earth, water, wind, or fire—he has little to offer his tiny, remote Outer Banks colony. Or so the Guardians would have him believe. In the wake of an unforeseen storm, desperate pirates kidnap the Guardians, intent on claiming the island as their own. Caught between the Plague-ridden mainland and the advancing pirates, Thomas and his friends fight for survival in the battered remains of a mysterious abandoned settlement. But the secrets they unearth will turn Thomas's world upside-down, and bring to light not only a treacherous past but also a future more dangerous than he can possibly imagine. The Elementals: the Quest Sharada M Subrahmanyam, 2015-06-17 Here is your riddle: I am greater than god. I am more evil than the devil. The poor have me, The rich need me, And death comes to those who eat me. Who am I? *** I am ever hungry, And live if you feed me. I am never thirsty, And die if you quench me. What am I? *** I see much, but change little. I am firm, irresolute, Powerful, but gentle; I have enough strength to rip apart mountains, Yet be moved by gentle stirrings, I am life itself, And I give life to others. Who am I? I'm a five letter word that has no end, One through three can amend, One, four and five are something alive, Two and three occur near thee. What am I? *** I am light as a feather, Yet no man can hold me for long. My presence causes life, My absence death. *** I welcome the day with a show of light, I stealthily came here in the night. I bathe the earthy stuff at dawn, But by the noon, alas! I'm gone. *** The last, but not the least, little one: Lighter than what I am made of, More of me is hidden than is seen, I am the bane of the mariner, A tooth within the sea. Speak my name.

Answering the Call of the Elementals Thomas Mayer,2021-06-01 • Explores the hierarchy of elemental beings as well as Christ elemental beings, social elementals, and machine elementals • Explains how elementals inhabit the etheric space that houses our emotions, feelings, and thoughts and how they carry the emotional level of the world • Shows how the author learned to make personal contact with the elementals and shares his experiences as well as the elemental world's urgent call for help We all live in the realm of elemental beings. They permeate our souls, our thoughts, our feelings, and they co-create the world around us, yet we are often completely unaware of them. They, however, are eager to be perceived and acknowledged by us because their future and ours are fundamentally connected. Elementals act as carriers of the emotional level of the world, and Thomas Mayer reveals how he learned to develop and fine-tune his sense of perception to make direct personal contact with them. Providing insight into the elemental hierarchy, from the low workers to the masters and the elemental kings, he portrays Christ elemental beings, social elementals, and machine elementals as well. He also explores the adversarial forces like Lucifer and Ahriman that access the elemental world through the subconscious of humans and seek to destroy our elemental friends. Through sharing his encounters with fairies, dwarves, giants, and others, the author reveals their urgent call for help, an entreaty to anchor the elemental beings again in the awareness of humankind through recognition, acknowledgment, and conscious connection. Let us support the elementals in their crucial, life-giving work, through which they in turn support us in preserving the Earth we live on.
