Wetland, Woodland, Wildland Elizabeth H. Thompson, Eric R. Sorenson, Robert J. Zaino, 2019 Co-published by The Vermont Fish & Wildlife Department, The Nature Conservancy, and Vermont Land Trust--a revised and updated 2nd edition This book is a must-have for anyone wanting to understand Vermont's forests, wetlands, mountaintops, and shores. Richly illustrated with beautiful line drawings and stunning color photographs, this accessible field guide will delight outdoor explorers and armchair naturalists alike. The book starts with an introduction to the natural community concept and the factors influencing our natural systems, from wind and water to soil and rocks. Then, the book offers a lucid and enjoyable journey into Vermont's geologic past, with stories of colliding continents, sea floor sediments, and mysterious whale bones. This follows with a journey through all of Vermont's nine distinct biophysical regions, from the cold and wild Northeastern Highlands to the warm and dry Taconic Mountains. The bulk of the book describes Vermont's natural communities--its northern hardwood forests, dry oak woodlands, alpine tundra, cedar swamps, bogs, and marshes--in comprehensive detail. Ecological settings, including geology, soils, climate, and natural disturbance processes, are described for each community, along with complete lists of characteristic plants and animals, as well as places to visit.

Wetland, Woodland, Wildland is the definitive guide to Vermont's natural communities, and is packed with information unavailable elsewhere. It offers practical information for naturalists, teachers, students, landowners, land managers, foresters, conservation planners, and all those with a love of nature who want to learn more about their surroundings. The first edition of this book, published in 2000, has become a mainstay for naturalists and students throughout Vermont and surrounding states and provinces. This second edition is completely updated to incorporate new research and a growing knowledge about natural communities, as well as a deeper understanding of climate change and its implications for conservation into the future. This newly updated book will be a prized addition to your natural history library, but it won't remain on the shelf. You will want to take it with you every time you explore the outdoors. Each paragraph will bring new insights and will deepen your understanding and appreciation of wild nature around you. You will surely want to share this book with friends.

*All the Feels for Teens* Elizabeth Laing Thompson, 2021-10-05 "Part workbook, part self-help guide, part Bible study, this handbook is geared toward those who experience big feelings and could use some support navigating the challenges that come with this territory. . . . Overwhelmed teens can find validation in this faith-based guide." -Kirkus Reviews No one knows about having all the feels quite like teenage girls—but few girls know what to do with all those feelings. They can flit from giddy to anxious to insecure to in love—oops, wait, just kidding, out of love—to chill to stressed to ecstatic to despairing to rebellious to penitent to cynical to naïve to independent to clingy to selfish to selfless, all with a heaping side order of angst and adorkability, all in a span of hours . . . sometimes minutes. In

other words: all the feels all the time. Christian teens need Bible-based help to show them that it's okay to feel deeply (after all, God himself is the Author of all feelings), but each of us must learn to train our emotions in the ways of Christ. As they learn how to deal with all the feels, girls need scriptural foundations, practical strategies, and the assurance that they are not weird—and never alone. Includes: Quizzes and interactive charts Journal questions Prayer prompts Scripture lists for different needs Discussion starters for mothers and daughters or mentors and mentees looking to learn together All the Feels for Teens pairs great with All the Feels, a book designed for adult women.

Lost in Paris Elizabeth Thompson, 2021-04-13 “A luscious, layered story of inheritance, heartbreak, reinvention, and family. I adored this book.”  
—Kristan Higgins, New York Times bestselling author When a deed to an apartment in Paris turns up in an old attic trunk, an estranged mother and daughter must reunite to uncover the secret life of a family matriarch—perfect for fans of *The Little Paris Bookshop* and *The Beekeeper's Daughter*. Hannah Bond has always been a bookworm, which is why she fled Florida—and her unstable, alcoholic mother—for a quiet life leading Jane Austen-themed tours through the British countryside. But on New Year's Eve, everything comes crashing down when she arrives back at her London flat to find her mother, Marla, waiting for her. Marla's brought two things with her: a black eye from her ex-boyfriend and an envelope. Its contents? The deed to an apartment in Paris, an old key, and newspaper clippings about the death of a famous writer named Andres Armand. Hannah, wary of her mother's motives, reluctantly agrees to accompany her to Paris, where against all odds, they discover great-grandma Ivy's apartment frozen in 1940 and covered in dust.

Inside the apartment, Hannah and Marla discover mysterious clues about Ivy's life—including a diary detailing evenings of drinking and dancing with Hemingway, the Fitzgeralds, and other iconic expats. Outside, they retrace her steps through the city in an attempt to understand why she went to such great lengths to hide her Paris identity from future generations. A heartwarming and charming saga set in the City of Lights, *Lost in Paris* is an unforgettable celebration of family and the love between a mother and a daughter.

**Exiles at Home** Shirley Elizabeth Thompson, 2009 New Orleans has always captured our imagination as an exotic city in its racial ambiguity and pursuit of les bons temps. Despite its image as a place apart, the city played a key role in nineteenth-century America as a site for immigration and pluralism, the quest for equality, and the centrality of self-making. In both the literary imagination and the law, creoles of color navigated life on a shifting color line. As they passed among various racial categories and through different social spaces, they filtered for a national audience the meaning of the French Revolution, the Haitian Revolution of 1804, the Civil War and Reconstruction, and de jure segregation. Shirley Thompson offers a moving study of a world defined by racial and cultural double consciousness. In tracing the experiences of creoles of color, she illuminates the role ordinary Americans played in shaping an understanding of identity and belonging.

He wants to make sure she and their unborn child are provided for if he does not return. When Tom is later reported killed, Elizabeth and Gideon learn that the new will has gone missing after Tom's bride revealed her identity to his family. Some terrible threats have been leveled against her, and Elizabeth and Gideon must figure out a way, legal or not quite, to secure Tom's fortune for his wife and child while saving her life in the process.

*All the Feels* Elizabeth Laing Thompson, 2020-09-08 "All the Feels could turn your 2020 around!" -Crosswalk.com Emotions—love them or hate them, we've all got them. **City of Shadows** Victoria Thompson, 2021-12-07 In this all-new Counterfeit Lady Novel from USA Today bestselling author Victoria Thompson, newlywed Elizabeth Miles must use her unlawful skills to expose a dangerous charlatan. Elizabeth Miles Bates has returned from her honeymoon with Gideon and is taking great pride in having completely forsaken her disreputable past. Then her friend Anna Vanderslice begs her to use her talents to save her widowed mother from an unscrupulous medium. Since the war and the flu epidemic left so many families in mourning, séances have come back into vogue as desperate families long to communicate with their loved ones. Anna's mother has been attending séances in hopes of connecting with her son, David, who died of influenza. Anna had thought it a heartbreaking but harmless activity, but she's just learned that Mrs. Vanderslice is paying the medium ever-increasing sums of money in her eagerness to make contact. Since David's death has

already caused Anna and her mother financial hardship, Mrs. Vanderslice's obsession is in danger of ruining them. Madame Ophelia is working with a group of con artists to fleece as many grieving New Yorkers as possible before moving on to another city. Several of Mrs. Vanderslice's friends, as well as some of Gideon's clients, have already been victims. Elizabeth knows that simply exposing the medium as a fraud will not be enough to recoup the stolen money; the only way is to con the medium and her cohorts. But will Elizabeth's family help her when it means betraying other con artists? Elizabeth recruits Gideon, her aunt Cybil, and her partner, Zelda, to lend a hand. Can Elizabeth and her gang of amateurs fool the professionals? Or will speaking to the dead lead to deadly consequences?

*If I Ran the Zoo* Dr. Seuss, 2013-10-22 Animals abound in Dr. Seuss's Caldecott Honor-winning picture book *If I Ran the Zoo*. Gerald McGrew imagines the myriad of animals he'd have in his very own zoo, and the adventures he'll have to go on in order to gather them all. Featuring everything from a lion with ten feet to a Fizza-ma-Wizza-ma-Dill, this is a classic Seussian crowd-pleaser. In fact, one of Gerald's creatures has even become a part of the language: the Nerd!

Crash Into Me Liz Seccuro, 2011-01-04 A haunting personal account by the woman at the center of the highly publicized 12-Step Apology rape case describes how her attacker's written apology and her own struggles to heal prompted their e-mail correspondence, disturbing realizations about other attackers, and her eventual decision to prosecute. A first book.

How to Fail: Everything I've Ever Learned from Things Going Wrong Elizabeth Day, 2020-07-17 Inspired by her hugely popular podcast, *How To Fail* is Elizabeth Day's brilliantly funny, painfully honest and insightful

celebration of things going wrong. This is a book for anyone who has ever failed. Which means it's a book for everyone. If I have learned one thing from this shockingly beautiful venture called life, it is this: failure has taught me lessons I would never otherwise have understood. I have evolved more as a result of things going wrong than when everything seemed to be going right. Out of crisis has come clarity, and sometimes even catharsis. Part memoir, part manifesto, and including chapters on dating, work, sport, babies, families, anger and friendship, it is based on the simple premise that understanding why we fail ultimately makes us stronger. It's a book about learning from our mistakes and about not being afraid. Uplifting, inspiring and rich in stories from Elizabeth's own life, *How to Fail* reveals that failure is not what defines us; rather it is how we respond to it that shapes us as individuals. Because learning how to fail is actually learning how to succeed better. And everyone needs a bit of that.

**Deaf Subjects** Brenda Jo Brueggemann, 2009-05 In this probing exploration of what it means to be deaf, Brenda Brueggemann goes beyond any simple notion of identity politics to explore the very nature of identity itself. Looking at a variety of cultural texts, she brings her fascination with borders and between-places to expose and enrich our understanding of how deafness embodies itself in the world, in the visual, and in language. Taking on the creation of the modern deaf subject, Brueggemann ranges from the intersections of gender and deafness in the work of photographers Mary and Frances Allen at the turn of the last century, to the state of the field of Deaf Studies at the beginning of our new century. She explores the power and potential of American Sign Language-wedged, as she sees it, between letter-bound language and visual ways of learning-and argues for a rhetorical approach and digital future for ASL literature. The narration of deaf lives

through writing becomes a pivot around which to imagine how digital media and documentary can be used to convey deaf life stories. Finally, she expands our notion of diversity within the deaf identity itself, takes on the complex relationship between deaf and hearing people, and offers compelling illustrations of the intertwined, and sometimes knotted, nature of individual and collective identities within Deaf culture.
