Lost in Paris Elizabeth Thompson, 2021-04-13 "A luscious, layered story of inheritance, heartbreak, reinvention, and family. I adored this book." –Kristan Higgins, New York Times bestselling author When a deed to an apartment in Paris turns up in an old attic trunk, an estranged mother and daughter must reunite to uncover the secret life of a family matriarch—perfect for fans of *The Little Paris Bookshop* and *The Beekeeper's Daughter*. Hannah Bond has always been a bookworm, which is why she fled Florida—and her unstable, alcoholic mother—for a quiet life leading Jane Austen-themed tours through the British countryside. But on New Year's Eve, everything comes crashing down when she arrives back at her London flat to find her mother, Marla, waiting for her. Marla's brought two things with her: a black eye from her ex-boyfriend and an envelope. Its contents? The deed to an apartment in Paris, an old key, and newspaper clippings about the death of a famous writer named Andres Armand. Hannah, wary of her mother's motives, reluctantly agrees to accompany her to Paris, where against all odds, they discover great-grandma Ivy's apartment frozen in 1940 and covered in dust. Inside the apartment, Hannah and Marla discover mysterious clues about Ivy's life—including a diary detailing evenings of drinking and dancing with Hemingway, the Fitzgeralds, and other iconic expats. Outside, they retrace her steps through the city in an attempt to understand why she went to such great lengths to hide her Paris identity from future generations. A heartwarming and charming saga set in the City of Lights, *Lost in Paris* is an unforgettable celebration of family and the love between a mother and a daughter.

**Colonial Citizens** Elizabeth Thompson, 2000 First, a colonial welfare state emerged by World War II that recognized social rights of citizens to health, education, and labor protection.

**All the Feels for Teens** Elizabeth Laing Thompson, 2021-10-05 "Part workbook, part self-help guide, part Bible study, this handbook is geared toward those who experience big feelings and could use some support navigating the challenges that come with this territory. . . . Overwhelmed teens can find validation in this faith-based guide." –Kirkus Reviews No one knows about having all the feels quite like teenage girls—but few girls know what to do with all those feelings. They can flit from giddy to anxious to insecure to in love—oops, wait, just kidding, out of love—to chill to stressed to ecstatic to despairing to rebellious to penitent to cynical to naïve to independent to clingy to selfish to selfless, all with a heaping side order of angst and adorability, all in a span of hours . . . sometimes minutes. In other words: all the feels all the time. Christian teens need Bible-based help to show them that it's okay to feel deeply (after all, God himself is the Author of all feelings), but each of us must learn to train our emotions in the ways of Christ. As they learn how to deal with all the feels, girls need scriptural foundations, practical strategies, and the assurance that they are not weird—and never alone. Includes: Quizzes and interactive charts Journal questions Prayer prompts Scripture lists for different needs Discussion starters for mothers and daughters or mentors and mentees looking to learn together *All the Feels for Teens* pairs great with *All the Feels*, a book designed for adult women.

How the West Stole Democracy from the Arabs Elizabeth F. Thompson, 2020-05-07 When Europe's Great War engulfed

the Ottoman Empire, Arab nationalists rose in revolt against their Turkish rulers and allied with the British on the promise of an independent Arab state. In October 1918, the Arabs' military leader, Prince Faisal, victoriously entered Damascus and proclaimed a constitutional government in an independent Greater Syria. Faisal won American support for self-determination at the Paris Peace Conference, but other Entente powers plotted to protect their colonial interests. Under threat of European occupation, the Syrian-Arab Congress declared independence on March 8, 1920 and crowned Faisal king of a 'civil representative monarchy.' Sheikh Rashid Rida, the most prominent Islamic thinker of the day, became Congress president and supervised the drafting of a constitution that established the world's first Arab democracy and guaranteed equal rights for all citizens, including non-Muslims. But France and Britain refused to recognize the Damascus government and instead imposed a system of mandates on the pretext that Arabs were not yet ready for self-government. In July 1920, the French invaded and crushed the Syrian state. The fragile coalition of secular modernizers and Islamic reformers that had established democracy was destroyed, with profound consequences that reverberate still. Using previously untapped primary sources, including contemporary newspaper accounts, reports of the Syrian-Arab Congress, and letters and diaries from participants, *How the West Stole Democracy from the Arabs* is a groundbreaking account of an extraordinary, brief moment of unity and hope - and of its destruction.

Justice Interrupted Elizabeth F. Thompson, 2013-04-15 The Arab Spring uprising of 2011 is portrayed as a dawn of democracy in the region. But the revolutionaries were—and saw themselves as—heirs to a centuries-long struggle for just government and the rule of law. In *Justice Interrupted* we see the complex lineage of political idealism, reform, and violence that informs today's Middle East.

*Elizabeth Thompson, Carmelite 1826-1904* Philippa Reidy, 2015-02 Elizabeth Thompson (Mother Mary of the Blessed Trinity to her Carmelite family) was a remarkable Englishwoman whose story deserves to be told. As a young convert to the Catholic faith she crossed the English Channel to become a nun in the first Carmel in France and, as Prioress, she guided and governed her community throughout the dark days of the Siege of Paris and the Commune. She entered a different history when she returned to England to found a new Carmel in London, just as the Catholic Church was emerging from the shadows of the long years of persecution and was beginning to expand and re-organise itself. From her instructions to her nuns, both in France and in England, it is clear that Mother Mary of the Blessed Trinity absorbed the teaching and shared the radical ideals of St Teresa of Avila. She also shared some of the characteristics of the great Carmelite reformer, being a born leader and a woman of great courage, determination and personal charm. In bringing the spirit of St Teresa from Paris to London, she was responsible for a remarkable expansion of the Carmelite Order in Britain, although that work was carried out by her successor, Mother Mary of Jesus, while she herself retired into the background. There she has tended to remain, her memory still venerated in the house she founded, but scarcely known outside of it. Thanks to the patient research and

steady labours of Sr Mary of St Philip she can now be presented to a wider public and her place in the history of Carmel and of the Catholic Church in this country can be better recognised.

**Wetland, Woodland, Wildland** Elizabeth H. Thompson, Eric R. Sorenson, Robert J. Zaino, 2019 Co-published by The Vermont Fish & Wildlife Department, The Nature Conservancy, and Vermont Land Trust--a revised and updated 2nd edition This book is a must-have for anyone wanting to understand Vermont's forests, wetlands, mountaintops, and shores. Richly illustrated with beautiful line drawings and stunning color photographs, this accessible field guide will delight outdoor explorers and armchair naturalists alike. The book starts with an introduction to the natural community concept and the factors influencing our natural systems, from wind and water to soil and rocks. Then, the book offers a lucid and enjoyable journey into Vermont's geologic past, with stories of colliding continents, sea floor sediments, and mysterious whale bones. This follows with a journey through all of Vermont's nine distinct biophysical regions, from the cold and wild Northeastern Highlands to the warm and dry Taconic Mountains. The bulk of the book describes Vermont's natural communities--its northern hardwood forests, dry oak woodlands, alpine tundra, cedar swamps, bogs, and marshes--in comprehensive detail. Ecological settings, including geology, soils, climate, and natural disturbance processes, are described for each community, along with complete lists of characteristic plants and animals, as well as places to visit. **Wetland, Woodland, Wildland** is the definitive guide to Vermont's natural communities, and is packed with information unavailable elsewhere. It offers practical information for naturalists, teachers, students, landowners, land managers, foresters, conservation planners, and all those with a love of nature who want to learn more about their surroundings. The first edition of this book, published in 2000, has become a mainstay for naturalists and students throughout Vermont and surrounding states and provinces. This second edition is completely updated to incorporate new research and a growing knowledge about natural communities, as well as a deeper understanding of climate change and its implications for conservation into the future. This newly updated book will be a prized addition to your natural history library, but it won't remain on the shelf. You will want to take it with you every time you explore the outdoors. Each paragraph will bring new insights and will deepen your understanding and appreciation of wild nature around you. You will surely want to share this book with friends.

*All the Feels* Elizabeth Laing Thompson, 2020-09-08 "All the Feels could turn your 2020 around!" –Crosswalk.com Emotions—love them or hate them, we've all got them. And we've all got to figure out what to do with them. But wait—can we do anything about our emotions? Can we learn how to identify, express, experience—and yes, sometimes

wrangle—our feelings in order to live a vibrant, healthy, fruitful life for Jesus? In *All the Feels*, author Elizabeth Laing Thompson uses her experiences as a big feeler to encourage and equip different kinds of feelers with the biblical perspectives, practical tools, and scriptural reservoir they need. As a woman who has lived every day of her life having All The Big Feelings All The Day Long, Elizabeth knows what it's like to live life through our emotions—and how important it is to understand, take control of, and grow from those emotions. Whether you have a sensitive soul with more feelings than you know how to name, a logical personality that doesn't quite know what to do with feelings, or a steady flow of emotions somewhere in the middle, *All the Feels* will help you discover your own God-designed “feelings style” and how it impacts your life and relationships, distinguish fact from feeling and figure out which feelings you can trust, and understand which emotional gifts God wants you to expand, explore, and enjoy. Get ready to throw open the doors of your heart, bringing God to your emotions and your emotions to God—the One who invented feelings and who always welcomes yours.

Exiles at Home Shirley Elizabeth Thompson, 2009 New Orleans has always captured our imagination as an exotic city in its racial ambiguity and pursuit of *les bons temps*. Despite its image as a place apart, the city played a key role in nineteenth-century America as a site for immigration and pluralism, the quest for equality, and the centrality of self-making. In both the literary imagination and the law, creoles of color navigated life on a shifting color line. As they passed among various racial categories and through different social spaces, they filtered for a national audience the meaning of the French Revolution, the Haitian Revolution of 1804, the Civil War and Reconstruction, and *de jure* segregation. Shirley Thompson offers a moving study of a world defined by racial and cultural double consciousness. In tracing the experiences of creoles of color, she illuminates the role ordinary Americans played in shaping an understanding of identity and belonging.

*My Dear Mr. Hopper* Alta Hilsdale, 2013 Edward Hopper (1882-1967), long recognized as the premier 20th-century

American realist painter, was famously introverted and reclusive. He rarely spoke about his personal life, and his close friends were few and love interests fewer. Until now, there have been only two known romantic pursuits prior to Hopper's marriage to Josephine Nivison in 1924: a brief relationship in Paris with an English girl in 1906-7 and another spanning several years with an older French woman beginning in New York in 1915. The discovery of fifty-eight previously unknown letters and one note from Alta Hilsdale (1884-1948) to Hopper brings to light a previously unknown romantic relationship. Hilsdale, who was from Minnesota and spent time in New York and Paris, sent letters to Hopper at various home and studio addresses during the course of ten years. Reverend Arthayer Sanborn, a close friend of Edward and Josephine Hopper, discovered the letters in Hopper's childhood home in Nyack, New York, after the artist's death. Fewer than ten people have had the opportunity to read these letters, and they are published in their entirety for the first time in *My Dear Mr. Hopper*. Published in association with the Whitney Museum of American Art
