Omahungi oa Embo ra Yehova Omukuru mu Otyiherero. [Scripture history in Herero, by C. Hugh Hahn and F. Rath. A new edition, revised and considerably enlarged, but without the hymns.] ,1859

Organoids EMBO. Symposium,2023

The God That Prevailed Dennis Embo,2005-04-25 The God That Prevailed traces the journey of an adopted Catholic of the baby boom generation who joins a religious cult and his incredible thirty-year spiritual odyssey back to Catholicism. Dennis Gerard Embo, eldest of six adopted children, dreamed of serving as a Catholic missionary priest in central Africa. Not long after entering the seminary in 1970, Embo abandoned Catholicism and became an ardent disciple of an eccentric, West Coast advertising-genius-turned-televangelist by the name of Herbert W. Armstrong. The eventful journey includes Embo's sometimes-bizarre experiences after pledging unquestioning allegiance to Armstrong's secretive, heretical sect-the Worldwide Church of God. Only years after the death of Herbert Armstrong did Embo and tens of thousands of other sect members awaken, as if out of a spiritual stupor, to acknowledge the extent of their departure from the historic Christian faith. Thus begins Embo's pilgrimage with his wife back to the Catholic faith. Embo's poignant reunion with his birthmother in 1977 is a critical part of his story. His experiences as an adoptee later brought him to a profound appreciation of Catholicism's 2,000 year-old proclamation of the Gospel of Life. The God That Prevailed is a thrilling and inspiring spiritual journey.

Tissue In Situ Hybridization Trevor Jowett,1997-02-05 TISSUE IN SITU HYBRIDIZATION Methods in Animal Development Trevor Jowett The European Molecular Biology Organization (EMBO) course on tissue in situ hybridization in animal developmental biology has served as an important and highly respected forum for the latest advances in the methodology of this valuable research tool. Developed from EMBO course materials, Tissue In Situ Hybridization provides scientists and researchers worldwide with detailed coverage of new approaches, techniques, and protocols, along with up-to-date information on more established procedures. Focusing particularly on the two-color in situ hybridization method to whole-mount embryos and tissue sections, this practical resource also compares different methods of producing differentially colored signals, and includes the results of protocol experiments with fluorescent and other alternative in situ hybridization techniques. Special features include: Photographic examples—including color plates—to complement the text Clear explanations of the principles underlying different methods Detailed discussion and comparison of the different methods Valuable troubleshooting advice and practical guidance Comprehensive index, allowing quick and easy access to specific topics Compiled by a leading expert in the field, Tissue In Situ Hybridization is an indispensable asset to professionals and researchers working in the areas of developmental, cell, and molecular biology.

Bilingual Women Shirley Ardener,Pauline Burton,Ketaki Kushari Dyson,2020-08-19 This book studies women's language use in bilingual or multi-lingual cultural situations. The authors - social anthropologists, language teachers, and interpreters cover a wide variety of geographical and linguistic situations, from the death of Gaelic in the Outer Hebrides, to the use of Spanish by Quechua and Aymara women in the Andes. Certain common themes emerge: dominant and sub-dominant languages, women's use of them; ambivalent attitudes towards women as translators, interpreters and writers in English as a second language; and the critical role of women in the survival (or death) of minority languages such as Gaelic and Breton.
