**Enclave** Ann Aguirre,2011-04-12 New York City has been decimated by war and plague, and most of civilization has migrated to underground enclaves, where life expectancy is no more than the early 20's. When Deuce turns 15, she takes on her role as a Huntress, and is paired with Fade, a teenage Hunter who lived Topside as a young boy. When she and Fade discover that the neighboring enclave has been decimated by the tunnel monsters--or Freaks--who seem to be growing more organized, the elders refuse to listen to warnings. And when Deuce and Fade are exiled from the enclave, the girl born in darkness must survive in daylight--guided by Fade's long-ago memories--in the ruins of a city whose population has dwindled to a few dangerous gangs. Ann Aguirre's thrilling young adult novel is the story of two young people in an apocalyptic world--facing dangers, and feelings, unlike any they've ever known.

**Enclave** Kit Reed,2009-02-03 Ex-marine Sargent Whitmore has a plan to make millions while protecting children from the self-destructing modern world. He turns an old Mediterranean monastery into a combined impenetrable fortress and school, and enrolls 100 filthy-rich children, most of them already well-known for legal troubles, drug problems and paparazzi run-ins. Once there, everyone is cut off from the outside world, fed only canned news stories about wars and natural disasters. When things inevitably go horribly wrong, young hacker Killer Stade, physician assistant Cassie, drug and sex-crazed Sylvie and monastery-raised orphan Benny all attempt heroics, but remain deeply flawed.

The Golden Enclaves Naomi Novik,2022-09-27 #1 NATIONAL BESTSELLER • Saving the world is a test no school of magic can prepare you for in the triumphant conclusion to the New York Times bestselling trilogy that began with A Deadly Education and The Last Graduate. The one thing you never talk about while you're in the Scholomance is what you'll do when you get out. Not even the richest enclaver would tempt fate that way. But it's all we dream about: the hideously slim chance we'll survive to make it out the gates and improbably find ourselves with a life ahead of us, a life outside the Scholomance halls. And now the impossible dream has come true. I'm out, we're all out—and I didn't even have to turn into a monstrous dark witch to make it happen. So much for my great-grandmother's prophecy of doom and destruction. I didn't kill enclavers, I saved them. Me and Orion and our allies. Our graduation plan worked to perfection: We saved everyone and made the world safe for all wizards and brought peace and harmony to all the enclaves everywhere. Ha, only joking! Actually, it's gone all wrong. Someone else has picked up the project of destroying enclaves in my stead, and probably everyone we saved is about to get killed in the brewing enclave war. And the first thing I've got to do now, having miraculously gotten out of the Scholomance, is turn straight around and find a way back in.

*Enclave* Thomas Locke,2018-11-20 It's been 50 years since the Great Crash and what was once America is now a collection of enclaves, governed on the local level and only loosely tied together by the farce of a federal government. Catawba, one of the largest and most affluent enclaves in the southern states, is relatively stable and maintains a successful business of trade with nearby enclaves, including the one at Charlotte Township. But when a new vein of gold is found beneath the feet of those in Catawba, it's only a matter of time before trouble finds them. Now the future of Catawba may be in the hands of an untried 21-year-old trader named Caleb. And Caleb knows that if his secret were ever to come out, he would never see another dawn.

The Razorland Trilogy Ann Aguirre, 2014-11-18 The Razorland Trilogy: Enclave, Outpost, and Horde The New York Times—bestselling trilogy is the story of two young people in an apocalyptic world—facing dangers, and feelings, unlike any they've ever known. Enclave: Fifteen-year-old Deuce lives in a world below New York City which has been decimated by war and plague. As part of her new role as Huntress, Deuce is paired with Fade, another teenage Hunter. When the pair discovers that the neighboring enclave has been decimated by tunnel monsters, the elders refuse to listen to their warnings. And when Deuce and Fade are exiled from the enclave, the girl born in darkness must survive in daylight in the ruins of a city whose population has dwindled to a few dangerous gangs. Outpost: Deuce's whole world has changed. Down below, she was considered an adult. Now, topside in a town called Salvation, she's a brat in need of training in the eyes of the townsfolk. To make matters worse, her Hunter partner, Fade, keeps Deuce at a distance. Her feelings for Fade are still strong, but he seems not to want her around anymore. Things have been changing on the surface, just as they did below ground. The monsters don't intend to let Salvation survive, and it may take a girl like Deuce to turn back the tide. Horde: The survival of Salvation is up to Deuce, Fade, Stalker, and Tegan. Deuce decides the only way to fight an army is to raise one. At first, everyone laughs at the idea of a girl leading humanity's forces against the Freaks, but then she proves herself in combat. Can Deuce render a permanent truce with the Freaks? Who will survive? Includes bonus chapters from Ann Aguirre's *Mortal Danger*!

**A Theory of Enclaves** Evgeny Vinokurov, 2007 Attempting to provide a fully-fledged theory of enclaves and exclaves, *A Theory of Enclaves* covers a wide scope of regions and territories throughout the world and satisfies the need for a systematic view on enclaves. This book covers 282 enclaves, with a combined population total of approximately three million, but the importance of enclaves is much higher because of their specific status and issues raised for both the mainland states and the surrounding states: Gibraltar was disproportionately large for British-Spanish relations throughout the last three centuries, Kaliningrad managed to cause a major crisis in the EU-Russian relations in 2002-03, Tiny Ceuta and Melilla have caused tensions in Spanish-Moroccan relations for more than three centuries and have recently become visible as conflict points at the EU level, German Buesingen was subject to several complex international treaties between Germany and Switzerland. Rather than viewing each enclave as a unique case, or even as an anomaly, *A Theory of Enclaves* provides a systematic investigation of enclave-related political and economic issues. Rich on maps and illustrations, *A Theory of Enclaves* strives to comprise three facets of enclaves' existence: political, economic, and social life.

Enclave Alan Souter, 2000-10 Ever visit one of those neighborhoods where everyone knows each other, where you can borrow a tool, a book, a cup of flour -- or maybe a cup of blood? To save their centuries-old heritage of togetherness, the urban enclave of Little Carpathia needs a film to be made to sell some property to a prominent condo developer. Enticed by the beautiful Helga with her sea-green eyes, filmmaker Lazlo Goldman accepts a commission from the Carpathians. A biker gang, the Carpathian Gypsies, is the neighborhood's private patrol and will act as "security" for the production. Nervous about the project, Lazlo asks his friend, Jake Horvak, to join the film crew. After serving as a Ranger in the U.S. Army and then in "Black Ops" for the C.I.A., Jake Horvak has made a new, quiet life for himself as an insurance investigator in his hometown of Steelport. Jake accepts Lazlo's offer. A gruesome conspiracy and circle of deadly events begins to close around the film crew, forcing Horvak to dredge up his old skills – and personal demons. The lethal, explosive conclusion rampages through the night streets of Steelport as Little Carpathia battles for its existence.

**The Enclave** Arthur Laurents, 1974 THE STORY: A group of congenial friends have restored several adjoining houses in one of New York's more attractive neighborhoods, and plan to move in en masse--setting up a sort of urban commune. However, one of their number, a confirmed bachelor,

**Starlight Enclave** R. A. Salvatore, 2021-08-03 From New York Times bestselling author R. A. Salvatore comes a new trilogy and adventure of Drizzt and fantasy's beloved characters from *Dungeons & Dragons' Forgotten Realms*. After the settling dust of the demon uprising and two years of peace, rumblings from the Menzoberranzan drow have Jarlaxle nervous. Worried his allies may be

pulled into a Civil War between the great Houses, he is eager to ensure Zaknafein is armed with weapons befitting his skill, including one in particular: Khazid'hea. A powerful artifact, the sword known as "Cutter" has started wars, corrupted its users, and spilled the blood of many, many people. Nonetheless—or maybe because of that—the rogue Jarlaxle and a small group of friends will go on an expedition looking for the weapon's last wielder, Doum'wielle, in the freezing north, for she may be the key to unlocking the sword's potential...and perhaps the key to preventing the bloodshed looming over the Underdark. And as they explore the top of the world, Drizt is on a journey of his own—both spiritual and physical. He wants to introduce his daughter Brie to Grandmaster Kane and the practices that have been so central to his beliefs. But, having only recently come back from true transcendence, the drow ranger is no longer sure what his beliefs mean anymore. He is on a path to determining the future, not just for his family, but perhaps the entire northlands of the Realms themselves. Two different roads. On one, Jarlaxle and Zaknefein are on a quest to find pieces that could offer salvation to Menzoberranzan. On the other, Drizt seeks answers that could offer salvation to not just his soul, but all souls. And no matter the outcome of either journey, the Realms will never be the same again.

*Enclave* Tato Laviera, 1981-01-01 *Enclave* is Tato Laviera's second book of verse. As in his successful *La Carreta Made a U-Turn*, Laviera celebrates the Puerto Rican experience in New York. While the earlier book focuses on events and scenes, *Enclave* concentrates on the individual. Laviera provides a gallery of portraits of the indomitable inhabitants of the enclave, whose lives are evoked through the soulful rhythmic songs *ñen clave*.<sup>1</sup>

*The Wari Enclave of Espiritu Pampa* Brian S Bauer, Javier Fonseca Santa Cruz, 2020-12-31 The Wari State was the first expansionistic power to develop in the Andean highlands. Emerging in the area of modern Ayacucho (Peru) around AD 650, the Wari expanded to control much of the central Andes by the time of their collapse at AD 1000. This book describes the discovery and excavation (2010-2012) of a major new Wari site (Espiritu Pampa), located in the subtropical region of Vilcabamba (Department of Cuzco). While it was long believed that the Wari established trade networks between their highland capital and the Amazonian lowlands, the identification of a large Wari site in the Vilcabamba region came as a surprise to most Wari specialists. This book covers the first three years of excavations at the Wari site of Espiritu Pampa. It describes the identification of a central plaza surrounded by a series of D-shaped structures, that are believed to be the loci of special activities for the Wari. It also describes the contents of more than 30 burials, many of which contained finely crafted silver, gold, bronze and ceramic objects.

**These Vile Secrets** Ce Ricci, 2021-05-30 Corruption. Secrets. Betrayal. Knowing the number of people I can trust is limited. Not uncommon for an heir to the key of Enclave. I should understand it. Be used to it. Expect it. But somehow I'm still blindsided when I find I've dedicated my life to a lie. To what extent is the proof of our sins buried? I'm not sure. Only as more time passes, I'm worried I'll never learn fact from fiction. It's why I'm taking my place within our brotherhood. Not out of obligation, but as a cover to get what I desperately need. The truth. The only thing standing in my way? A six-foot asshole in Armani with sapphire eyes and a heart of ice and stone. He despises me on principle alone. He's a distraction I crave but can't afford. Yet I doubt the hatred he carries is actually for me. Which makes me want to melt his cold, callous demeanor more. And when I catch a glimpse beneath the surface, I find I'm not the only one searching for answers to unspoken questions. Or keeping secrets. **\*\*These Vile Secrets** is an enemies-to-lovers MM romance and is the first book of five in the *Enclave* series. This is a true series and must be read in order. This is Roman's story. This is diving into dark romance and there will be triggering content.

A must-read for any fan of the acclaimed novel *A Calculated Life*. Charnock's dystopia is actually believable. - *Strange Horizons*. What Charnock has in common with Philip K. Contagion and Enclaves Nandini Bhattacharya, 2012-01-01 *Contagion and Enclaves* examines the social history of medicine across two intersecting British enclaves in the major tea-producing region of colonial India: the hill station of Darjeeling and the adjacent tea plantations of North Bengal. Focusing on the establishment of hill sanatoria and other health care facilities and practices against the backdrop of the expansion of tea cultivation and labor migration, it tracks the demographic and environmental transformation of the region and the critical role race and medicine played in it, showing that the British enclaves were essential and distinctive sites of the articulation of colonial power and economy.

*Enclaves of Exception* Omolade Adunbi, 2022-05-10 How do we measure and truly grasp the sweeping social and environmental effects of an oil-based economy? Focusing on the special economic zones resulting from China's trading partnership with Nigeria, *Enclaves of Exception* offers a new approach to exploring the relationship between oil and technologies of extraction and their interrelatedness to local livelihoods and environmental practices. In this groundbreaking work, Omolade Adunbi argues that even though the exploitation of oil resources is dominated by big corporations, it establishes opportunities for many former Nigerian insurgents and their local communities to contest the ownership of such resources in the oil-rich Niger Delta and to extract oil themselves and sell it. Based on extensive ethnographic fieldwork, *Enclaves of Exception* makes clear that, although both the free trade zones and the now booming local artisanal refineries share the goals of profit-making and are enthusiastically supported by those benefiting from them economically, they have yielded dramatically the same environmental outcome for communities around them that included pollution with precarious effects on the health of the populations in the regions, and displacement of population from their livelihood practices.

**Reconstructing Chinatown** Jan Lin, In the American popular imagination, Chinatown is a mysterious and dangerous place, clannish and dilapidated, filled with sweatshops, vice, and organizational crime. This volume presents a real-world picture of New York City's Chinatown, countering the orientalist view by looking at the human dimensions and the larger forces of globalization that make this neighbourhood both unique and broadly instructive.
