

End Of The Road

Jerry Wheaton

The Road Cormac McCarthy, 2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, each the other's world entire, are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

The House at the End of the Road Kari Rust, 2019-09 A heartwarming read about the unexpected joys inside an old house

End of the Road Brian Keene, 2020-11-09 My name is Brian Keene. I'm a writer by trade and a road warrior by heart. Neither of these things are wise career or life choices. The tolls add up. Over the last twenty years, things have changed. Book tours have changed, publishing has changed, bookselling has changed, conventions have changed, horror fiction—and the horror genre—have changed. I've changed, too. The only things that haven't changed are writing and the road. They stay the same. The words we type today are the past tomorrow. Everything is connected like the highways on a map are connected. This holds true for the history of our genre, as well. I rode into town twenty years ago. Now I'm riding out. You're all coming with me... So begins Brian Keene's *End of the Road*—a memoir, travelogue, and post-Danse Macabre examination of modern horror fiction, the people who write it, and the world they live—and die—in. Exhilarating, emotional, heartfelt, and at times hilarious, *End of the Road* is a must-read for fans of the horror genre. Introduction by Gabino Iglesias.

The End of the Road Tom Bodett, 1990 The Alaskan author's radio show is the basis for his observations of the characters who live in the place where the land ends and the sea begins.

The Road that Has No End Tim Travis, 2004 This story is written as it happens, on the road. Digital technology and dot-com know-how are in harmony with minimalist living. The result is salt-of-the-earth drama related on the fly through an internet journal, culminating in a series of captivating true stories. A winning combination of integrity and know-how, with a relaxing informal prose, become informative nonfiction that reads like a novel. This first book progresses from the shedding of a traditional lifestyle to discoveries made on their bicycle journey from Arizona, USA to Panama City, Panama. On bicycle, the Travises are exposed to the ground level of society, an experience few outsiders will ever know. Along the way, the Travises witness a religious pilgrimage in Chalma, Mexico, visited ancient Aztec and Mayan ruins, were attacked by an airplane spraying pesticides in Guatemala and saw alligators, scarlet Macaws and three-toed sloths in the jungles and cloud forests of Costa Rica. You can check on their location, catch up on the latest news, and view stunning photographs from their global bicycle tour at their extensive web site: <http://www.downtheroad.org>.

End of the Road Tom Slattery, 2001-01-17 *End of the Road* is a novel drawing from an unpublished manuscript by a

110-year-old man in the year 2050 about his trip around the country in a \$200-car in 1995. A group of graduate students in 2050 interview him in his assisted-living apartment for their video oral-history thesis project. The story shifts back and forth between the trip in 1995 and the interviews in 2050. The old man's quaint philosophies and his connection with the past intrigue the students. As the theis project progresses, the old man becomes more than a mere interview subject. As the young people gain a perspective on their past, the old man reconnects with the present. Readers may additionally find looking back at our turn-of-the-century road and automobile culture from a viewpoint of young people living in the year 2050 a delightful experience in itself.

End of the Road Riggs, William,2022-05-23 Since the earliest days of civilization, streets have played an important role in shaping society - but what is a street? Is it a living ecosystem, a public space, a social space, an economic space or a combination of these? The focus on automotive travel over the past century has changed the role of streets in cities. This has degraded the quality of urban life and contributed to public health issues. This book offers a unique look at streets as locations that can evolve to support the economic, social, cultural and natural aspects of cities. Using modern urban design examples, it challenges readers to focus not only on the livability and travel benefits of roads, but on how the power of streets can be harnessed. In so doing, it shapes more dynamic spaces for walking, biking and living, and aims to stimulate urban vitality and community regeneration, encouraging policymakers and individuals to make changes in their own communities.

Blood Meridian Cormac McCarthy,2010-08-11 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

THE END OF THE ROAD Joseph McKinney; Dr. Amy Isler Gibbs,2010-02-22 *The End of the Road* is a controversial call to reconsider our American infrastructure, right now before our stimulus package is lost on projects with little long term value. As a society, we have not yet noticed the true direction and dire consequences we are forced into by our choices in infrastructure past, present and future. The implications affect almost every area of our lives, from our physical health to that of our economy to our social, ethical and political relations with neighbors whether they are local or across the globe. Whether our goods and services come to us from near or far away.

End of the Road Jonathan Oliver,2013-11-26 ON THE ROAD TO NOWHERE Each step leads you closer to your destination, but who, or what, can you expect to meet along the way? The critically acclaimed editor of *Magic*, *The End of the Line* and *House of Fear* has brought together the contemporary masters and mistresses of the weird from around the globe in an anthology of travel tales like no other. Strap on your seatbelt, or shoulder your backpack, and wait for that next ride... into darkness. An incredible anthology of original short stories from an exciting list of writers including the best-selling Philip Reeve, the World Fantasy Award-winning Lavie Tidhar and the incredible talents of S.L. Grey, Ian Whates, Jay Caselberg, Benjanun Sriduangkaew, Zen Cho, Sophia McDougall, Rochita Loenen-Ruiz, Anil Menon, Rio Youers, Vandana Singh, Paul Meloy, Adam Nevill and Helen Marshall.

The End of the Road Alasdair Fotheringham,2016-05-05 The first detailed account of the Festina affair, which

ripped apart the 1998 Tour de France and irrevocably changed cycling. The Tour de France is always one of the sporting calendar's most spectacular and dramatic events. But the 1998 Tour provided drama like no other. As the opening stages in Ireland unfolded, the Festina team's soigneur Willy Voet was arrested on the French-Belgian border with a car-load of drugs. Raid after police raid followed, with arrest after arrest hammering the Tour. In protest, there were riders' strikes and go-slows, with several squads withdrawing en masse and one expelled. By the time the Tour reached Paris, just 96 of the 189 starters remained. And of those 189 starters, more than a quarter were later reported to have doped. The 1998 'Tour de Farce's' status as one of the most scandal-struck sporting events in history was confirmed. Voet's arrest was just the beginning of sport's biggest mass doping controversy – what became known as the Festina affair. It all but destroyed professional cycling as the credibility of the entire sport was called into question and the cycling family began to split apart. And yet, ironically, the 1998 Tour was also one of the best races in years. The End of the Road is the first English-language book to provide in-depth analysis and a colourful evocation of the tumultuous events during the 1998 Tour. Alasdair Fotheringham uncovers, step by step, how the world's biggest bike race sank into a nightmarish series of scandals that left the sport on its knees. He explores its long-term consequences – and what lessons, if any, were learned.

Past the End of the Road Michel Drouin, 2024-04-20 Past the End of the Road recounts a free-range adolescence in mid-century Port Hardy on northern Vancouver Island, at a time when with no roads south, the town was only connected to the rest of the island by air and sea and the Union steamship was the main mode of travel to and from the sleepy logging village. Michel Drouin's frank and humorous memoir recounts the freedom of his childhood in midcentury Port Hardy. When he was twelve, Drouin and his friend rowed a small boat from town 10 kilometres across the Goletas Channel for a day trip to the Gordon Group of islands, without even bringing water to drink, as neither he or his friend owned a canteen and "plastic water bottles hadn't been invented yet." Drouin's adolescence encompassed hunting, fishing, firewood cutting, and more activities that although common at the time are probably foreign to most Canadian children. Although he ultimately prospered, the wildness of Drouin's youth led to some close calls, such as when the young man accidentally lit himself on fire and he was only able to extinguish himself by running to the beach—"fortunately, the tide was in"—and flinging himself into the ocean.

At the End of the Road Jorge García-Robles, 2014-10-15 "We had finally found the magic land at the end of the road and we never dreamed the extent of the magic." Mexico, an escape route, inspiration, and ecstatic terminus of the celebrated novel On the Road, was crucial to Jack Kerouac's creative development. In this dramatic and highly compelling account, Jorge García-Robles, leading authority on the Beats in Mexico, re-creates both the actual events and the literary imaginings of Kerouac in what became the writer's revelatory terrain. Providing Kerouac an immediate spiritual freshness that contrasted with the staid society of the United States, Mexico was perhaps the single most important country in his life. Sourcing material from the Beat author's vast output and revealing correspondence, García-Robles vividly describes the milieu and people that influenced him while sojourning there and the circumstances between his myriad arrivals and departures. From the writer's initial euphoria upon encountering Mexico and its fascinating tableau of humanity to his tortured relationship with a Mexican prostitute who inspired his novella Tristessa, this volume chronicles Kerouac's often illusory view of the country while realistically detailing the incidents and individuals that found their way into his poetry and prose. In juxtaposing Kerouac's idyllic image of Mexico with his actual experiences of being extorted, assaulted, and harassed, García-Robles offers the essential Mexican perspective. Finding there the spiritual nourishment he was

starved for in the United States, Kerouac held fast to his idealized notion of the country, even as the stories he recounts were as much literary as real.

Beyond the End of the Road Michael D. Pitt, 2009-08 Join Kathleen and Michael Pitt as they leave the comfort and temperate climate of suburban Vancouver to spend an isolated winter north of the Arctic Circle. With neither power nor running water, over 40 kilometres from the nearest community of 75 people, this middle-aged couple learns to embrace temperatures that regularly fall below minus 40 degrees. From their home base in a small, one-room cabin, they seek the challenge of winter camping and the adventure of expeditions across the ice. In January 1999, the Pitts flew by Twin Otter to Colville Lake to pursue Michael's life-long dream of living beyond the reach of roads and concrete. By the time the ice went out of the lakes and rivers in mid-June, their lives had been changed forever. Michael and Kathleen Pitt had been paddling the rivers of Northern Canada for ten years. Yet their experience seemed incomplete. Summer is for visitors. Michael needed to spend a winter in the North, where rivers, lakes and muskeg remain frozen for 7 to 8 months of the year. Only by following the winter trail did Michael believe that he could truly know the character and soul of Canada's vast, seemingly limitless Northern landscape. A mesmerizing account of the North's beauty and the winter Michael and his wife Kathleen lived in a tiny cabin above the Arctic Circle. Well-written and insightful, this book will delight anyone who has explored the northern latitudes or dreams of doing so. -- Julie Angus, author of *Rowboat in a Hurricane: My Amazing Journey Across a Changing Atlantic Ocean* Personal, humorous and witty, Pitt has crafted an Ode to Winter, sharing with us practical tips of wintercraft, philosophical musings and personal observations on life, the North and the majesty of Winter. -- Alan Fehr, 21-year resident of Arctic Canada and Superintendent of Prince Albert and Elk Island National Parks About the author, Michael D. Pitt Born and raised in California, Michael D. Pitt emigrated to Canada in 1975 to accept a position at the University of British Columbia as a professor of grassland ecology in the Faculty of Agricultural Sciences, where he eventually served as associate dean for eight years. In 1981 he married Kathleen, who worked at the university as an administrator in Information Technology Services. The lure of a rural lifestyle, however, with golden sun reflecting on winter snow, inevitably proved irresistible. Kathleen said goodbye to commute traffic, deadlines, memos and office walls in 2000. Michael escaped 18 months later. They now live on 565 acres in the Aspen Parkland near Preeceville, Saskatchewan, where sled dogs Brownie, Grey, Sailor and Slick help them operate Meadow's Edge Bed & Breakfast. Kathleen and Michael Pitt are authors of *Three Seasons in the Wind: 950 km by Canoe Down Northern Canada's Thelon River*, published in 1999.

The View from the End of the Road Jerry Wheaton, 2020-08-16 This is the life story of a family branch rooted in America in 1636 represented by a man who graduated from Colgate University, New York Medical College during World War II and Harvard with a post graduate degree who learned the practice of medicine in a small coal mining town with a young family doing medical procedures that would be impossible today. He, with the support of his wife, spent an innovative problem solving Air Force career that included many incredible situations, Vietnam War combat, hospital construction, medical quality control, Physician Assistant and Nurse Practitioner training. This was followed by cost effective public sector practice and administration as well as corporate medical practice and administration followed by retirement and active resident participation in a continuing care retirement community with a structured approach to resident participation.

FALLING IN LOVE AT THE END OF THE ROAD Ronald John Vierling, 2013-03-25 A Most Unlikely Likely American Tale Appearances can be deceptive. First impressions can be misleading. People who might seem so different that they could never become a couple sometimes turn around and fall in love. Perhaps that's part of what makes the world

interesting. Falling in Love at the End of the Road is that kind of story. A young, unmarried Haitian woman, Isabel Jean, fleeing with her ten-year-old daughter as far away from the dangers of violent abuse as she can – all the way to Ely, Minnesota – crosses paths with a mature Caucasian widower, Samuel Woolf, who has lived in lonely isolation in his family's lake house for two years following his beloved wife's death. Initially drawn together by her financial and his emotional needs, as time passes, they discover their apparent ethnic differences are superficial; their psychological similarities are profound. However, be advised: while this tale might initially appear predictable and simple, it is, in fact, deceptively compelling and complex – as compelling as the heroine and hero's evolving relationship and as complex as the surprising if terrifying climax. Isabel Ebony Jean and Samuel Singer Woolf may well be the most unlikely likely couple modern readers have ever had the experience of meeting. Joyce Davidsen M.Ed., University of Central Florida

A Traveler Never Reaches the End of the Road Nedd Willard, 2013-02-19 Dear Reader, If you want to read fiction, *A Traveler Never Reaches the End of the Road* is not a book for you. If you like endless travels, you've made a good choice. These are authentic tales about the author's life, stories of adventure, friends and lovers. He always kept a journal, saving precious moments as he passed through childhood and adolescence. But at the age of 17 he was already a sailor on the SS Rescue as World War Two was coming to an end. He kept sailing on other ships long after that, and the Merchant Marine brought him to Europe where he felt at home, found friends, perfected his French and finished his doctorate. He sketched with pen and ink wherever he went and left hundreds of exquisite works, some of which illustrate his tales. So open the book and enjoy! The Editor
