Un an après la guerre entre les colonies et la Terre, la colonie frontalière L-3 X18999 proclame son indépendance et déclare la guerre à la Nation Unifiée de la Zone Terrestre alors même que celle-ci avait déjà démantelé son armée. **Terminal Boredom** Izumi Suzuki,2021-04-20 Named a Most Anticipated Book of 2021 by Thrillist, The Millions, Frieze, and Metropolis Japan The first English language publication of the work of Izumi Suzuki, a legend of Japanese science fiction and a countercultural icon At turns nonchalantly hip and charmingly deranged, Suzuki's singular slant on speculative fiction would be echoed in countless later works, from Margaret Atwood and Harumi Murakami, to Black Mirror and Ex Machina. In these darkly playful and punky stories, the fantastical elements are always earthed by the universal pettiness of strife between the sexes, and the gritty reality of life on the lower rungs, whatever planet that ladder might be on. Translated by Polly Barton, Sam Bett, David Boyd, Daniel Joseph, Aiko Masubuchi, and Helen O'Horan.

Mobile Suit Gundam WING 1 Yoshiyuki Tomino,Hajime Yodate,2017-07-18 One of the biggest anime properties of all time returns with the release of Mobile Suit Gundam Wing. Following the actions of five fighters and their mobile suits, Gundam Wing is a heavily political, dramatic action work that is centered around a war between Earth and its surrounding colonies in space. Mobile Suit Gundam Wing Endless Waltz: Glory of the Losers retells the original WING story by incorporating elements of the anime and its recent light novel adaptations. In the year A.C. (After Colony) 195, humankind had flown its nest, the Earth, to search for new hope while living in space colonies. However, the United Earth Sphere Alliance has used its military might under the guise of "justice and peace" to seize control of some colonies, and those colonies have lost their autonomy and have been forced into silence. But the seeds of resistance have not been entirely crushed. "Operation Meteor" is about to take flight...

Within this work is an ambitious approach at understanding politics through ideological deconstructions, metaphysics through traditionalist perspectives, and the mind through psychological analysis. The final culmination being a physics based theoretic model of reality for understanding the nature of the universe, ultimately reconciled by an ancient philosophy to fulfill life within it.

**The Kingdom of Liars** Nick Martell,2020-05-05 In this “excellent fantasy debut, with engaging world-building and a good mix between action and character” (Brandon Sanderson, #1 New York Times bestselling author of The Stormlight Archive series), a story of secrets, rebellion, and murder are shattering the Hollows, where magic costs memory to use, and only the son of the kingdom's despised traitor holds the truth. Michael is branded a traitor as a child because of the murder of the king's nine-year-old son, by his father David Kingman. Ten years later on Michael lives a hardscrabble life, with his sister Gwen, performing crimes with his friends against minor royals in a weak attempt at striking back at the world that rejects him and his family. In a world where memory is the coin that pays for magic, Michael knows something is there in the hot white emptiness of his mind. So when the opportunity arrives to get folded back into court, via the most politically dangerous member of the kingdom's royal council, Michael takes it, desperate to find a way back to his past. He discovers a royal family that is spiraling into a self-serving dictatorship as gun-wielding rebels clash magically trained militia. What the truth holds is a set of shocking revelations that will completely change the Hollows, if Michael and his friends and family can survive long enough to see it. In a “symphony of loyalty, greed, family, and betrayal” (Tamora Pierce, #1 New York Times bestselling author of Tempests and Slaughter) this spellbinding novel “creates a solid foundation for (hopefully) a much longer narrative to come” (Kirkus Reviews).

**Mobile Suit Gundam WING 9** Katsuyuki Sumizawa,Yoshiyuki Tomino,Hajime Yatate,2018-11-13 One of the biggest anime/manga properties of all time returns with the release of Mobile Suit Gundam Wing. A longtime hit of the Cartoon Network, Gundam Wing remains one of the most recognized Japanese titles in recent history spinning off a number of movie, books, and model kit collections. The Glory of Losers retells the original WING story by incorporating elements of the anime and its recent light novel adaptations. Following the actions of five fighters and their mobile suits (large robots made for destruction), Gundam Wing is a heavily political, dramatic action work that is centered around a war between Earth and its surrounding colonies in space.

**Farewell Waltz** Milan Kundera,2023-05-23 After Farewell Waltz there cannot be any doubt. Kundera is a master of contemporary literature. This novel is both an an example of virtuosity and a descent into the human soul. —L'Unite Set in an old-fashioned Central European spa town, Farewell

Waltz poses the most serious questions with a blasphemous lightness that makes us see that the modern world has deprived us even of the right to tragedy. In this dark farce of a novel, eight characters are swept up in an accelerating dance: a pretty nurse and her repairman boyfriend; an oddball gynecologist; a rich American (at once saint and Don Juan); a popular trumpeter and his beautiful, obsessively jealous wife; and an disillusioned former political prisoner about to leave his country and his young woman ward. It is perhaps the most brilliantly plotted and sheer entertaining of Milan Kundera's novels. Written in Bohemia in 1969-70, the book was first published (in 1976) in France under the title *La valse aux adieux* (Farewell Waltz), and later in thirty-four other countries. This beautiful translation, made from the French text prepared by the novelist himself, fully reflects Kundera's own tone and intentions, and offers an opportunity for both the discovery and the rediscovery of one of the very best of a great writer's works.

**Mobile Suit Gundam WING 2** Tomofumi Ogasawara, 2017-09-05 "Our target is OZ!" is the rallying cry of the five young Gundam pilots that fell to earth like meteors. They begin to attack OZ facilities scattered around the globe. Trowa, in the Heavyarms, launches a fierce attack on an MS factory on Corsica, when suddenly the Gundam Sandrock appears, with Quatre in the pilot's seat, leading a Maganac corps. The battle between these two Gundam pilots, who had been unaware of each other's existence until they end up engaged in combat, takes an unexpected turn...

Nerd Maya Phillips, 2023-07-04 In the vein of *You're Never Weird on the Internet (Almost)* and *Black Nerd Problems*, this witty, incisive essay collection from New York Times critic at large Maya Phillips explores race, religion, sexuality, and more through the lens of her favorite pop culture fandoms. From the moment Maya Phillips saw the opening scroll of *Star Wars, Episode V: The Empire Strikes Back*, her life changed forever. Her formative years were spent loving not just the *Star Wars* saga, but superhero cartoons, anime, *Buffy the Vampire Slayer*, *Harry Potter*, Tolkien, and *Doctor Who*—to name just a few. As a critic at large at *The New York Times*, Phillips has written extensively on theater, poetry, and the latest blockbusters—with her love of some of the most popular and nerdy fandoms informing her career. Now, she analyzes the mark these beloved intellectual properties leave on young and adult minds, and what they teach us about race, gender expression, religion, and more. Spanning from the nineties through to today, *Nerd* is a collection of cultural criticism essays through the lens of fandom for everyone from the casual Marvel movie watcher to the hardcore *Star Wars* expanded universe connoisseur. "In the same way that the fandoms Phillips addresses often provide community and a sense of connection, the experience of reading *Nerd* feels like making a new friend" (Karen Han, cultural critic and screenwriter).

*Mobile Suit Gundam* Yoshiyuki Tomino, Hajime Yada, 2013 It is the year Universal Century 0079, in a space colony the Earth Federation is storing and testing a new piloted robot for use in the battle against the Principality of Zeon. The experimental RX-78 Gundam mobile suit is scheduled to be transported to Federation command in Jaburo, deep within the Brazilian jungles. Unfortunatley, before the transporter would arrive, the Federation would come under attack from Zeon. With few resources available against the Zeon's most mobile mechs, Federation forces strike back using their new weapon, the mobile suit Gundam. Caught in the crossfire is a young teen named Amuro Ray. Not willing to see innocent people die like this, Amuro crawls into the cockpit of the closest machine around him. Whether it be a tank, jeep or jet, he was going to use it to help stop this slaughter. And what he happened to slide into was another Gundam. Having never operated a machine like this, what are the chances he can do anything to repel an experienced squad of mech-piloting invaders?
