Transformers: Energon Volume 3: The Rise of Megatron
Hasbro,2004-09-07 The New Cybertron City - Kicker has a dream of an Energon being spotted in the mountains and wakes up. He finds the exact match online. Kicker and Grindor go searching, Hot Shot, Ironhide, and Demolisher help Strongarm with the equipment to help them find the Energon. Ironhide goes into a fight with Demolisher about whether Demolisher switched sides. The Terrorcons deposit their latest Energon onto the wrecked Unicron. Alpha Q gives orders to Scorpionok, Cyclonus, and Tidal Wave to gather more Energon to revive Megatron and restore Unicron. Back at the mountain, Kicker and Grindor fall into a ravine. Hot Shot

notices that Kicker hasn't returned and sends Demolisher with Ironhide to find him while Strongarm watches over the camp. In the ravine, Kicker has a dream about his past when he senses the Energon and his family dug for the Energon with the help of the Omnicons. Kicker wakes up and finds out he's trapped. He and Grindor try many escapes from the ravine until Hot Shot contacts him and Kicker tells Hot Shot where he is. Hot Shot tells Strongarm to help Kicker. Kicker senses Energon in the ravine. Cyclonus and Tidal Wave arrive with the Terrorcons and they start attacking. Cycl

Energon Simon Furman,Jo Ng,James Raiz,2006-01-23 With the battle for Earth's energon supply intensifying, it's vitally important that the Autobots don't allow Scorponok and his Terrorcons to take the upper hand. As a result, Kicker - the human with the ability to sense energon - becomes even more of a target!

Transformers: Energon Volume 1: A New Threat

Hasbro,2004-05-11 Ocean City, a Cybertron settlement, rises out of the ocean. A boy named Kicker is riding on a new form of Highwire and drives past Demolisher. Kicker is pursued by Hot Shot and finally catches up with him. Kicker has a thing against Transformers and that's what his mom and sister might know. We see a flashback of Adult Rad, Adult Carlos, and Adult Alexis

arriving on Cybertron with a young Kicker and his dad. He gets scared from the appearance of the Autobots. On Mars, the Energon mining settlement called Mars City that Carlos is at is being attacked by the Terrorcons and so is a mining settlement that Tidal Wave is at. Optimus Prime, Ironhide, Jetfire, and Inferno head to Mars, but they're too late and Carlos is still alive. Kicker still has a problem with the Autobots until his hair glows yellow. We see another flashback of him on Cybertron hiding from Optimus Prime until he falls down a shaft and is hanging over the essence of Primus and gets this weird power from him. Kicker runs out, with Hot Shot pursuing him, and Kicker says that the city will be attacked. This comes true. Optimus Prime, Ironhide, Jetfire, and Inferno join the fight, as well as Demolisher. As Kicker falls off

Hasbro,2004-07-13 At Ocean City, Ironhide is still in charge of watching over Kicker as Inferno reviews on where the Terrorcons will attack: Ocean City, Plains City, and Desert City. At the same time, Kicker warns Micha to evacuate Desert City, but she doesn't want to.

Megatron Returns Andrew Donkin,2005 Alpha-Q hopes that by bringing Megatron back to life, he will have an ally in his effort to reawaken the evil Unicron, but Megatron has plans of his own and will let nothing stand in his way.

Transformers: Exodus Alex Irvine,2014-06-11 For twenty-five years the colossal battle between Megatron and Optimus Prime has captivated Transformers fans around the world. Yet the full story of the conflict between the two most famous Transformers—everything that happened before Optimus and Megatron arrived on planet Earth—has always been a mystery . . . until now. Here, for the first time told in its entirety, is the thrilling saga of Optimus and Megatron before they were enemies, before they even knew each other. “Freedom is every Cybertronian’s right!” After Megatron utters these immortal words, the caste-bound planet of Cybertron is rocked to its foundations. Megatron, an undefeated gladiator thug, gives voice to the unspoken longings of the oppressed masses—and opens the mind of an insignificant data clerk to possibilities previously unthinkable. Long before becoming the honorable Optimus Prime, Orion Pax is a mere office underling, an unlikely candidate to answer an outlaw’s call to revolution. But Orion is determined to meet this defiant enemy of all that Cybertron

stands for, no matter what he has to do, or how many laws he has to break. What happens between Orion Pax and Megatron forever changes the destiny of all Transformers. This gripping, action-packed novel reveals all the loyalties and treacheries, trust and betrayals, deadly violence and shining ideals, as well as the pivotal roles played by other characters, including Starscream, Sentinel Prime, Omega Supreme, and one of the thirteen original Primes, the last link to Cybertron's glorious Golden Age. Discover how meek disciple Orion Pax becomes the fearless leader Optimus Prime; follow the tantalizing clues about the lost Matrix of Leadership and the lore surrounding it; find out why the two allies fighting a corrupt regime suddenly turn on each other, and what triggers their epic war. Transformers: Exodus provides everything fans ever wanted to know about one of the fiercest rivalries of all time.
