FORMULA 1: CAR BY CAR PETER HIGHAM, 2019-03-05 This book is the third in Evro's multi-volume, decade-by-decade series covering the entire history of Formula 1 through its teams and cars. This installment examines the 1980s, when the sport moved into its spectacular turbo era, first with Renault, Ferrari and BMW-powered Brabham, then with sustained periods of success for McLaren with Porsche-made TAG engines and Williams with Honda power. After the last win for the evergreen Ford Cosworth DFV in 1983, turbos prevailed until regulation change for 1989 brought back normally aspirated engines, now of 3.5 litres. Besides Formula 1's high achievers, this book also covers the entire supporting cast, where much curiosity lies in discovering the travails of obscure and unsuccessful cars. This wide-ranging, colorful and authoritative book will be treasured by all Formula 1 fans. Year-by-year treatment covers each season in fascinating depth, running through the teams — and their various cars — in order of importance. Two teams dominated the decade, McLaren and Williams taking all but two of the drivers' and constructors' titles: McLaren's World Champions were Niki Lauda (1984), Alain Prost (1985, 1986 and 1989) and Ayrton Senna (1988), while Williams's were Alan Jones (1980), Keke Rosberg (1982) and Nelson Piquet (1987). The two other significant winning teams were Brabham, which took Nelson Piquet to two drivers' titles (1981 and 1983), and Ferrari, which won two constructors' titles (1982 and 1983). Other winning marques were Benetton, Ligier, Lotus, Renault and Tyrrell. Over 600 photos — entirely in color and all from the magnificent archives of LAT Images — show every type of car raced by every team and driver, presenting a comprehensive survey of all participants. The sweep of the decade covers sustained technical advances, particularly in carbon-fiber construction and ever-increasing power outputs. Detailed text includes car specifications and technical essentials.

P FORMULA 1 CAR BY CAR 1990-99 PETER HIGHAM, 2021-05-18 The formative years of the 1950s are explored in this fourth installment of Evro's decade-by-decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red Italian cars predominated, from Alfa Romeo, Ferrari and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers and also-rans, all of which receive their due coverage in this complete work. Year-by-year treatment covers each season in fascinating depth, running through the teams -- and their various cars -- in order of importance. Alfa Romeo's supercharged 1 1/2-litre cars dominated the first two years, with titles won by Giuseppe Farina (1950) and Fangio (1951). The new marque of Ferrari steamrollered the opposition in two seasons run to Formula 2 rules (1952-53), Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio (1956) and Mike Hawthorn (1958). Maserati's fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships (1954 and 1957). German manufacturer Mercedes-Benz stepped briefly into Formula 1 (1954-55) and won almost everything with Fangio and up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural Constructors' title (1958). Then along came Cooper, rear-engine pioneers, to signpost Formula 1's future when Jack Brabham became World Champion (1959).

FORMULA 1: CAR BY CAR Peter Higham, 2018-03-20 This book is the second in a multi-volume, decade-by-decade series covering the entire history of Formula 1 through its teams and cars. This instalment examines the 1970s, when the sport gained big new sponsors and grew into a television spectacle, with battles between Ferrari and Cosworth-powered opposition a continuing theme. As well as the big championship-winning teams--Lotus, Ferrari, McLaren and Tyrrell--this was a period when small teams and privateers continued to be involved in significant numbers and they are all included, down to the most obscure and unsuccessful. This book shines new light on many areas of the sport and will be treasured by all Formula 1 enthusiasts.
