Gracia and Gentil Vol 2 Mugerwa Paul,2016-12-29 Borrowing from the Hebraic tradition of psalmody, latter Christian music composers and musicians derived their songs and hymns from their faith experiences with God and the community. Apart from their melodious distinctiveness, and the universal application of the lyrics, the respective backgrounds of these hymns make them more relevant and more applicable to our present day situations.

Pragmatic Approaches to Latin and Ancient Greek Camille Denizot,Olga Spevak,2017-10-15 Pragmatics forms nowadays an integral part of the description not only of modern languages but also of ancient languages such as Latin and Ancient Greek. This book explores various pragmatic phenomena in these two languages, which are accessible through corpora consisting of a broad range of text types. It comprises empirical synchronic studies that deal with three main topics: (i) speech acts and pragmatic markers, (ii) word order, and (iii) discourse markers and particles. The specificity of this book consists in the discussion and application of various methodological approaches. It provides new insights into the pragmatic phenomena encountered, compares, where possible, the results of the investigation of the two languages, and draws conclusions of a more general nature. The volume will be of interest to linguists working on pragmatics in general and to scholars of Latin and Ancient Greek in particular.

The Bone Doll's Twin Lynn Flewelling,2009-10-21 Sometimes the price of destiny is higher than anyone imagined.... Dark Magic, Hidden Destiny For three centuries a divine prophecy and a line of warrior queens protected Skala. But the people grew complacent and Erius, a usurper king, claimed his young half sister's throne. Now plague and drought stalk the land, war with Skala's ancient rival Plenimar drains the country's lifeblood, and to be born female into the royal line has become a death sentence as the king fights to ensure the succession of his only heir, a son. For King Erius the greatest threat comes from his own line – and from Illior's faithful, who spread the Oracle's words to a doubting populace. As noblewomen young and old perish mysteriously, the king's nephew – his sister's only child – grows toward manhood. But unbeknownst to the king or the boy, strange, haunted Tobin is the princess's daughter, given male form by a dark magic to protect her until she can claim her rightful destiny. Only Tobin's noble father, two wizards of Illior, and an outlawed forest witch know the truth. Only they can protect young Tobin from a king's wrath, a mother's madness, and the terrifying rage of her brother's demon spirit, determined to avenge his brutal murder....

Troika, Activities Manual Marita Nummikoski,2011-07-05 A practical, activities-based approach to learning how to communicate in Russian right away This activities manual features a natural approach to building and reinforcing basic Russian language skills. It was written by the Director of Undergraduate Language Programs at the University of Texas who has had decades of experience teaching Russian to Americans, Reading, writing, speaking, and listening activities centered on everyday topics help readers to quickly develop their Russian language skills and to begin communicating in Russian immediately. Grammar is presented as a necessary tool for communication, and throughout the author compares and contrasts American and Russian cultures, rather than focusing solely on Russian culture.

The Chronicles of Fernão Lopes Fernão Lopes,Patricia Anne Odber de Baubeta,2023 This 5 volume set represents the first complete English translation of one of the major chronicles of medieval Europe, by 'the father of Portuguese historiography' Covering the reigns of Pedro I, Fernando I and João I up to the signing of the 1411 treaty with Castile which confirmed the survival of the Portuguese kingdom, the chronicles provide a wealth of detail on late fourteenth-century politics, diplomacy, warfare and economic matters, courtly society, queenship and noble women, as well as more mundane concerns such as food, health and the purchasing power of a fluctuating currency. Lopes had a keen eye for detail and a perspective especially attuned to the common people, and his chronicles provide an invaluable source for the history of Western Europe in the later Middle Ages. The first four volumes are accompanied by introductions and bibliographies setting the translations in context, and the fifth volume contains a general bibliography and a comprehensive general index encompassing all of the chronicles.

The Chronicles of Fernão Lopes Amélia P. Hutchinson,Teresa Amado,Juliet Perkins,Philip Krummrich,2023-06-20 Volume III of the first complete English translation of the chronicles of Fernão Lopes chronicles the War of Succession (1383-1385), the rise of the House of Avis under João I, and his acclamation by the Cortes in Coimbra. Until now, the chronicles of Fernão Lopes (c.1380-c.1460) have only been available in critical editions or in partial translations. Comparable to the works of Froissart in France or López de Ayala in Spain, the chronicles provide a wealth of detail on late fourteenth-century politics, diplomacy, warfare and economic matters, courtly society, queenship and noble women, as well as more mundane concerns such as food, health and the purchasing power of a fluctuating currency. Lopes had a keen eye for detail and a perspective especially attuned to the common people, and his chronicles provide an invaluable source for the history of Western Europe in the later Middle Ages.
