Excalibur Tony Lee, Sam Hart, 2011 Retells, in graphic novel form, the tale of Arthur Pendragon who, raised in obscurity, draws a legendary sword from a stone and begins the life he was born to lead, guided by the elusive wizard Merlin.

Excalibur Michael Clary, 2014-12-22 With all technology destroyed, King Arthur and his knights are reborn to save the modern world from a centuries-old foe in this dark fantasy series debut. Long ago, King Arthur and his Knights of the Round Table fought against the evil sorceress Morgana. The battles were brutal, and victory cost Arthur his life. But Merlin cast a powerful spell to ensure that if Morgana ever returned, Arthur and his knights would be

reborn. Now, centuries later, Morgana has returned . . . Her first attack is a red fog that wipes out the world's modern technology. Countries fall as the world plunges back into the Middle Ages. Then Morgana sends her soldiers to find Arthur before he can claim the magical sword, Excalibur, and unite the people against her. Tracking him down in a small town in the Pacific Northwest, her victory finally appears to be at hand. Or is this only the beginning of a new epic battle?
