The Dunwich Horror H. P. Lovecraft,2023-08-31 The Dunwich Horror by H. P. Lovecraft Audiobook is a horror novella by American writer H. P. Lovecraft. Written in 1928, it was first published in the April 1929 issue of Weird Tales (pp. 481–508). It takes place in Dunwich, a fictional town in Massachusetts. It is considered one of the core stories of the Cthulhu Mythos. Plot: In the desolate, decrepit Massachusetts village of Dunwich, Wilbur Whateley is the hideous son of Lavinia Whateley, a deformed and unstable albino, and an unknown father. Strange events surround Wilbur's birth and precocious development; he matures at an abnormal rate, reaching manhood within a decade. Locals shun him and his family, and animals fear and despise him due to an unnatural, inhuman odor emanating from his body. All the while his grandfather, a sorcerer named Old Whateley, indoctrinates him into certain dark rituals and the study of witchcraft. Various locals grow suspicious after Old Whateley buys more and more cattle, yet the number of his herd never increases and the cattle in his field become mysteriously afflicted with severe open wounds. Wilbur and Old Whateley have sequestered an unseen entity at their farmhouse; this entity is connected somehow to a being known as Yog-Sothoth, which is Wilbur's father. Year by year, the entity grows to monstrous proportions, requiring the two men to make frequent modifications to the farmhouse. People begin to notice a trend of cattle mysteriously disappearing. Old Whateley eventually dies, and his mother disappears soon after. The colossal entity eventually occupies the entire interior of the farmhouse. Wilbur ventures to Miskatonic University in Arkham to procure the copy of the Necronomicon – Miskatonic's library is one of only a handful in the world to

stock an original. The Necronomicon has spells that Wilbur can use to summon the Old Ones, but his family's copy is damaged and lacks the page he needs to open the door. When the librarian, Dr. Henry Armitage, refuses to release the university's copy to him (and by sending warnings to other libraries thwarts Wilbur's efforts to consult their copies), Wilbur breaks into the library under the cover of night to steal it.

The World of Fallout Kenton Taylor Howard,2023-07-20 Examining the four main single player games in the franchise and its related spinoff games, this book explores the world of the popular role-playing video game, Fallout. Kenton Taylor Howard examines the maps of the games, the design of their worlds, and how the franchise has been expanded through fan-created video game modifications and tabletop games. This book highlights the importance of worldbuilding in the Fallout franchise, examining the extensive alternate history the game creates – diverging from real-world history in the early 1900s and resulting in a world that is destroyed by nuclear apocalypse in 2077 – and exploring how the series builds this detailed world over the course of many games. The book also examines how the franchise has served as an extended commentary on American militarism and expansionism. The series is closely examined through the lens of critical media studies, as well as relying on theoretical frameworks relating to video game design and world design. This book will be of interest to students, scholars, and enthusiasts of video game studies, video game design, media fandom and fan studies, transmedia studies, and imaginary worlds.

Fallout Erwan Lafleuriel,2019-06-21 The year was 1997 and Fallout: A Post Nuclear Role Playing Game had just been released by Interplay. This book looks back at the entire Fallout saga, tells the story of the series' birth, retraces its history and deciphers its mechanics. The perfect book to discover and understand the origins of Fallout, with the saga's genesis and the decryption of each of his episodes ! EXTRACT The intro music and the end credits were the final main components of this hybrid post-apocalyptic/50s ambiance. Initially, Brian Fargo wanted to signal Fallout's inspiration with Warriors of the Wasteland, by Frankie Goes to Hollywood, but when he heard The Ink Spots, he changed his mind and loved the result. The first choice was I Don't Want To Set The World On Fire by this group of crooners from the 1930s/40s, but unfortunately the high cost made it impossible to acquire the rights. But while browsing an extensive list of tracks from the era, the team found that Maybe, by the same group, had almost the same sound-with the added bonus of being cheap! The lyrics are about a break-up, from the point of view of the person being left behind: Maybe you'll think of me when you are all alone/ Then maybe you'll ask me to come back again. Leonard Boyarsky notes that, It worked with the intro [and the ending], referring to the ending with the betrayal and lonely exile of Fallout's hero. It felt like it was this genius plan we had [...] but it was only later that we decided to kick [the player] out of the Vault. I feel like this is a metaphor for the whole game: it looks like we had a better picture in mind than we did, it just came out of the things we were doing.
