City Farmhouse Style Kim Leggett,2017-09-12 “With Leggett’s guidance, these visits into farmhouse decorated homes provide the do-it-yourselfer with ideas for decorating their own abodes.” –Library Journal Come along on the hunt to coveted country sources and the best secret antiquing spots, and learn how to create country farmhouse style in your city dwelling. Author Kim Leggett is the creator of City Farmhouse, an interior design business, pop-up antiquing fairs, and vintage store. She is also a legendary “picker” and favorite designer to celebrity clients (and country-style mavens) including Meg Ryan, Ralph Lauren, Sheryl Crow, and Phillip Sweet and Kimberly Schlapman of Little Big Town. In *City Farmhouse Style*, Leggett offers great style advice, breaking down the design vocabulary that makes for fresh country style (no matter the setting). The popularity of farmhouse style has designers, homeowners, and fans in search of inspiration to create this look in all its rural glory. *City Farmhouse Style* is the first design book of its kind to focus entirely on transforming urban interiors with unfussy, welcoming, country-style decor. “With Kim’s tips and style inspiration anyone can bring country to the city with ease.” –Sheryl Crow, Grammy Award-winning singer-songwriter “So, what happens when homeowners throw out the design rule book? Genius decorating ideas pop up everywhere. A flip through Leggett’s book reveals dozens.” –Architectural Digest “Leggett celebrates the ageless appeal of farmhouse staples—and explains why the look isn’t going anywhere. (You can bet the farm on it).” –Country Living “Forget your old definition of farmhouse style and learn about the diversity of the look.” –American Farmhouse Style

Perfect English Farmhouse Ros Byam Shaw,2017-10-10 Perfect English Farmhouse celebrates the characteristic style and fascinating history of the classic farmhouse and shows how to turn your own home into a similarly welcoming retreat. Farmhouse is a word that conjures an array of appealing associations: fresh eggs and baby lambs, chunky wooden beams and stone floors, cream teas and harvest suppers; a place of welcome and plenty. With their generous kitchens and meandering layout, the architectural informality of the farmhouse suits modern lifestyles. In *Perfect English Farmhouse*, via a series of case studies, Ros Byam Shaw explores both traditional and contemporary farmhouse style. The book is divided into chapters according to style: Organic, Traditional, Fresh, No Frills, and Funky, and at the end of each chapter a spread highlights the key elements of that particular decorative look. At the back of the book, there is also a comprehensive listing of UK and US sources to help readers create their very own take on perfect farmhouse style.

The Farmhouse Jean Rehkamp Larson,2006 This remarkable collection of over 300 photographs vividly details and celebrates today's interpretation of the American farmhouse and focuses on traditional elements as adapted for modern needs.

The Farmhouse Book David Larkin,2005 From the New England saltbox to the Pennsylvania Dutch, from the southern colonial to the western ranch, the American farmhouse is an icon of our history and our traditions of hearth and home, an architectural entity in and of itself, as well as a highly coveted retreat for country dwellers. Conveyed throughout *Farmhouse: Country Retreats* in both images and words are the many qualities that make farmhouses special and the importance and pleasures of preserving and restoring these homes. Evocative images and lively descriptive commentary combine to create a fascinating inside look at what it is like to live in farmhouses across America—for those who are ready to inhabit these one-of-a-kind treasures with their singular histories or for those who are dreaming about it. Interspersed are detailed black and white drawings that reveal how these unique architectural styles originated and developed. In addition, a practical guide to choosing and living in a farmhouse is provided. Featured is a wealth of information about evaluating building elements, including roofs, windows, chimneys, and cellars; upgrading fireplaces and stoves for heat and utilizing porches and verandas for cooling; decorating with complementary and appropriate furnishings and wall coverings; and keeping the integrity and history of the buildings intact. More than two hundred photographs and drawings capture the essence of the American farmhouse in all of its charming, rustic glory.

Modern Farmhouse Made Easy Caroline McKenzie,2021-03-23 Whether they own an honest-to-goodness farmhouse or are suburbanites, or even city dwellers, looking to carve out a slice of the simple life, readers of *Modern Farmhouse Made Easy* will be inspired to create rooms that make their family and friends want to sit and stay awhile. It’s warm, it’s approachable and it’s here to stay. You can bet the farm(house) on it. Farmhouses are having a moment. The likes of HGTV’s mega-hit *Fixer Upper* have propelled once niche terms such as “shiplap” and “apron front sink” to the top of everyone’s décor wish list. And for good reason. Unlike many hard-to-attain decorating trends, modern farmhouse style is all about finding the beauty in the everyday. Farmhouses, by their nature, are meant to accommodate a crowd and take a beating. The modern farmhouse movement emphasizes that utilitarian tradition with inviting spaces that are as comfortable and functional as they are eye-pleasing. This book captures the best of this white-hot aesthetic, with 192 pages chock full of fresh decorating ideas, shopping finds, and DIY projects. From real-life houses to perfect paint colors, this book brims with clever, expert-approved ways to infuse a home with country charm.

Farmhouse Revival Steve Gross, Susan Daley, 2018-12-15 A look at the farmhouses of the northeastern United States and their many approaches to their renovation, restoration, and interior design. The American farmhouse represents integrity, ingenuity, capability, and our rural and agricultural heritage. Farmhouses today are survivors from another era, constantly being rediscovered, revived, and restored in different, creative ways—though all share the same timeless aesthetic. In this fresh look at the American vernacular farmhouse, photographers Steve Gross and Susan Daley set out to document twenty revived farmhouses, and their stunning photographs illustrate the many individual approaches to the renovation, restoration, and interior design of the modern farmhouse. Found in many architectural styles, from humble Cape Cods to refined Greek Revivals, the homes in this book have all been reinvented over the years to accommodate individual tastes and changing needs while maintaining the spirit of a true American farmhouse. Furnished with vintage details—wood-burning stoves, enameled kitchen sinks, chenille bedspreads—and rooted in landscapes of rolling fields and mountains, these are the homes of the multigenerational families, solitary shepherds, graphic artists, architects, and organic farmers at the forefront of the renewed interest in the farming lifestyle. The accompanying text tells the history of each house, how it has been passed down from generation to generation or rescued from abandonment and neglect, and how the inhabitants live in and use the homes today. From three-hundred-year-old Sydenham House in Newark, New Jersey, to Sylvester Manor on Shelter Island, New York, this is a look at American culture through that most celebrated and quintessential building style, the farmhouse. Praise for *Farmhouse Revival* “Those interested in a homey, country style of decorating or in home restoration will be inspired.” —Library Journal “Above all, the greatest joy is just looking at the beautiful time-worn places and appreciating the way those that came before led a happy and fulfilling life of simplicity and utility within their walls. For once you have read this book, you will realize that in many ways, it is the farmhouse that helps to restore us, and not the other way around.” —Preservation.com “Buy the book *Farmhouse Revival* for the photos—for inspiration . . . the authors clearly know architecture and antiques.” —Dan’s Paper “Perusing *Farmhouse Revival* is a marvelous experience . . . and is sure to make readers wonder what stories the farmhouses in their towns could tell.” —Cleveland Plain Dealer

The Farmhouse Chronicles Dean Pearson, 2021-06-16 Dean Paul Pearson was born in 1964 and is a native of Wichita, Kansas. Born number ten of twelve children, eight boys and four girls, he developed a passion for reading and the great outdoors as means of escape from a crowded farmhouse. Also, being raised on a forty-acre farm on the outskirts of the city allowed Dean, his siblings, cousins, and friends to enjoy acres upon acres of land in which to explore and share in many adventures together. While co-teaching a high school reading class, he began telling his students about his childhood adventures before reading exams. The students enjoyed the stories, which seemed to relieve some of their test anxiety. Naturally, the students began to request a story before each exam. The enjoyment the students received from the stories inspired Dean to write them down...and thus we have volume one of *The Farmhouse Chronicles*.
