Ultra-Intensity Patriarchy Menara Guizardi, 2021-10-19 This book analyzes the experiences of women living and working across the busiest and most transited frontier in South America, the Paraná Tri-Border Area (TBA), between Argentina, Brazil, and Paraguay. From a feminist approach, it shows how, in these territories, the gender violence is intensified, configuring an expression of ultra-intensity patriarchy. Based on ethnographic fieldwork conducted for two years along with Paraguayan women living and working between Ciudad del Este (Paraguay), and Foz de Iguazú (Brazil), the authors analyze, on the one hand, the intricate connection between gender violence and ethnicity on these borders; and, on the other hand, the persistence of a female care that appears to offer a fundamental tool of resistance, of vital female drive. The work is divided into three parts. The first is intended to read like a trip to this complex and fascinating corner of South America through a visual and ethnohistoric journey of the region, as well as a theoretical debate that defines gender violence and its particular condensation on border territories. The second part explores the women's stories in-depth and follow the narrative thread of their biographies, rebuilding their experiences from their families of origin to their productive insertion on the TBA. Finally, the third part takes an in-depth look at the complex links between the social reproduction obligations that fall on women, and the gender violence on the TBA, stressing how they develop strategies to change their life conditions by establishing transborder circuits of care. *Ultra-Intensity Patriarchy: Care and Gender Violence on the Paraná Tri-Border Area* will be a valuable tool for researchers from different disciplines, such as anthropology, sociology, population studies and gender studies, interested in the growing field of studies of feminism, borders, and migration from an intersectional perspective.

Ultra-Fat to Ultra-Fit Noah Walton, 2009 This book answers a seminal question that every overweight person has asked themselves at one time or another: If I really buckled down and tried to get in shape, just what am I capable of? The author, Noah Walton, decided to conduct a one-man experiment to find the answer. Armed with only his wits and a desire to lose a lot of weight, Noah set out to transform himself from a 340-pound blimp into an elite athlete. The book begins with Noah stepping onto the scale to confront the terrible reality of his physical condition. The book concludes five years later as he qualifies for and competes in the US National Triathlon Championships. The book is divided into two parts: a narrative section that connects the two events and a prescriptive section of advice and insights gained during the journey. Ranging from informative to humorous to emotional, the book strives to uncover the extent to which we can all take control of our lives and our bodies. In a world where 95% of diets fail, Noah's approach represents a fresh look at a very old problem. The book covers the complete range of human body types and offers advice for each. The author discusses his weight loss trials and tribulations in an easy-to-relate-to manner with a

good dose of humour thrown in. He discusses the various reasons that weight loss is so hard for people and how he combated each issue. Five years of active research and work went into his experiment and he is still actively engaged in his unique approach to weight control and fitness.

This book is a philosophical-theological exploration of the different images of the male body in Ultra-Orthodox literature since the holocaust. The body is not incidental to this community but is the axis by which it tries to understand its meaning and its role in life. In the first part of the book, Yakir Englander explains the problem of the body and the different ways that Ultra-Orthodox theology deals with it. These different and even contradictory voices can teach the reader about the shifting of ideas inside Ultra-Orthodox thought in the last decades. Ultra Tobias Jones, 2019-09-19 Winner of the Daily Telegraph Football Book of the Year Ultras are often compared to punks, Hell's Angels, hooligans or the South American Barras Bravas. But in truth, they are a thoroughly Italian phenomenon... From the author of *The Dark Heart of Italy*, *Blood on the Altar* and *A Place of Refuge*. Italy's ultras are the most organised and violent fans in European football. Many groups have evolved into criminal gangs, involved in ticket-touting, drug-dealing and murder. A cross between the Hell's Angels and hooligans, they're often the foot-soldiers of the Mafia and have been instrumental in the rise of the far-right. But the purist ultras say that they are insurgents fighting against a police state and modern football. Only amongst the ultras, they say, can you find belonging, community and a sacred concept of sport. They champion not just their teams, they say, but their forgotten suburbs and the dispossessed. Through the prism of the ultras, Jones crafts a compelling investigation into Italian society and its favourite sport. He writes about not just the ultras of some of Italy's biggest clubs - Juventus, Torino, Lazio, Roma and Genoa - but also about its lesser-known ones from Cosenza and Catania. He examines the sinister side of football fandom, with its violence and political extremism, but also admires the passion, wit, solidarity and style of a fascinating and contradictory subculture.
