Voices of the Damned Barbie Wilde, 2016-04-01

Damaged people, ultraviolence, murder and explicit sex-what's not to love about her work? -Bad Barbie Featurette, Fangoria (America's #1 Horror Magazine) Enter into the mind of Barbie Wilde, whose disturbing interior world teems with the voices of rebellious female demons, devilish witches, semen-hungry neo-vampires, raging gods and home invaders, the fiends of sleep paralysis, pint-sized store-front preachers with a whiff of sulfur, body horrors of the most grotesque kind, clandestine aliens and Zulu zombies. These truly are the Voices of the Damned: eleven short horror stories from Barbie Wilde, actress (Hellbound: Hellraiser II, Death Wish 3) and dark crime-horror novelist (The Venus Complex). Fangoria has called Wilde one of the finest purveyors of erotically

charged horror fiction around. Each story is accompanied by seductive, haunting, full color artworks and illustrations created by some of the most imaginative artists in the genre: Clive Barker, Nick Percival, Steve McGinnis, Daniele Serra, Eric Gross, Tara Bush, Vincent Sammy, & Ben Baldwin.

Theology and Horror Brandon R. Grafius, John W. Morehead, 2021 Scholars of religion have begun to explore horror and the monstrous, not only within the confines of the biblical text or the traditions of religion, but also as they proliferate into popular culture. This exploration emerges from what has long been present in horror: an engagement with the same questions that animate religious thought - questions about the nature of the divine, humanity's place in the universe, the distribution of justice, and what it means to live a good life, among many others. Such exploration often involves a theological conversation.

Theology and Horror: Explorations of the Dark Religious Imagination pursues questions regarding non-physical realities, spaces where both divinity and horror dwell. Through an exploration of theology and horror, the contributors explore how questions of spirituality, divinity, and religious structures are raised, complicated, and even sometimes answered (at least partially) by works of horror.

Sherlock Holmes and the Servants of Hell Paul Kane, 2016-07-12 The World's Greatest Detective Meets Horror's Most Notorious Villains! Late 1895, and Sherlock Holmes and his faithful companion Dr John Watson are called upon to investigate a

missing persons case. On the face of it, this seems like a mystery that Holmes might relish – as the person in question vanished from a locked room. But this is just the start of an investigation that will draw the pair into contact with a shadowy organisation talked about in whispers, known only as the ‘Order of the Gash.’ As more people go missing in a similar fashion, the clues point to a sinister asylum in France and to the underworld of London. However, it is an altogether different underworld that Holmes will soon discover – as he comes face to face not only with those followers who do the Order’s bidding on Earth, but those who serve it in Hell: the Cenobites. Holmes’ most outlandish adventure to date, one that has remained shrouded in secrecy until now, launches him headlong into Clive Barker’s famous Hellraising universe... and things will never be the same again. With an introduction by Hellraiser II actress Barbie Wilde.

The Hellraiser Films and Their Legacy Paul Kane, 2012-05-23 Best-selling horror novelist Clive Barker’s 1987 film Hellraiser has become an undisputed horror classic, spawning a movie franchise that to date includes eight films. Exploring not only the cinematic interpretations of the Hellraiser mythos but also its intrusion into other artistic and cultural forms, this volume begins by identifying the unconventional sources of Barker’s inspiration and following Barker from his pre-Hellraiser cinematic experience through the filming of the horror classic. It examines various themes (such as the undermining of the traditional family unit and the

malleability of the flesh) found throughout the film series and the ways in which the representation of these themes changes from film to film. The religious aspects of the films are also discussed. Characters central to the franchise—and the mythos—are examined in detail.

The Spaces and Places of Horror Francesco Pascuzzi, Sandra Waters, 2020-01-16 This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings, locations, spaces, and places, be they physical, imagined, or altogether imaginary. In *The Philosophy of Horror*, Noël Carroll discusses the “geography” of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures: this use of space is meant to trigger the audience’s innate fear of the unknown. This notion recalls Freud’s theorization of the uncanny, as it is centered on recognizable locations outside of the Lacanian symbolic order. In some instances, a location may act as one of the describing characteristics of evil itself: In *A Nightmare on Elm Street* teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger’s labyrinthine lair, an inescapable boiler room that enhances Freddie’s powers and makes him invincible. In other scenarios, the action may take place in a distant, little-known country to isolate characters (Roth’s *Hostel* films), or as a way to mythicize the very origin of evil (Bava’s *Black Sunday*). Finally, anxieties related to the encroaching presence of technology in our lives

may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places: in Kurosawa's *Pulse*, the internet acts as a gateway between the living and spirit worlds, creating an oneiric realm where the living vanish and ghosts move to replace them. This suggestive topic begs to be further investigated; this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational, comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser-known works for which this anthology represents the first piece of relevant scholarship.

An exciting and at times mysterious tale that will keep you hooked. - All Things Book Reviews More fantasy romance than paranormal romance. The magic and the world was amazing and the hero dark and dangerous (just the way I like them). -Shona Husk, author of the Court of Anwyn Series. Conjuring Destiny is a paranormal urban fantasy romance novel, that once you start reading you won't want to put down. It has all the markings of high fantasy while giving a fresh take on traditional fantasy and paranormal canon. - KitKat reviews

Cinesexuality Patricia MacCormack, 2016-05-23
Cinesexuality explores the queerness of cinema spectatorship, arguing that cinema spectatorship represents a unique encounter of desire, pleasure and perversion beyond dialectics of subject/object and image/meaning; an extraordinary 'cinesexual' relationship, that encompasses each event of cinema spectatorship in excess of gender, hetero- or homosexuality, encouraging all spectators to

challenge traditional notions of what elicits pleasure and constitutes desiring subjectivity. Through a variety of cinematic examples, including abstract film, extreme films and films which present perverse sexuality and corporeal reconfiguration, Cinesexuality encourages a radical shift to spectatorship as itself inherently queer beyond what is watched and who watches. Film as its own form of philosophy invokes spectatorship thought as an ethics of desire. Original, exciting and theoretically sophisticated - focusing on continental philosophy, particularly Guattari, Deleuze, Blanchot, Foucault, Lyotard, Irigaray and Serres - the book will be of interest to scholars and students of queer, gender and feminist studies, film and aesthetics theory, cultural studies, media and communication, post-structural theory and contemporary philosophical thought.

Clive Barker's Dark Worlds Phil and Sarah Stokes, 2022-10-18 A deep dive into the creative world and personal archive of the master of horror Clive Barker, from Hellraiser and Candyman to today I've seen the future of horror . . . and his name is Clive Barker. In the mid-1980s, Stephen King inducted a young English novelist into the world of great genre writers, and since then, this genius creator has only continued to expand his field of activity. Created by his two most loyal collaborators, Phil and Sarah Stokes, Clive Barker's Dark Worlds is the first book to shed light on the massive scope of Barker's creative work. With the help of Barker himself, this book contains exclusive insight from those who have

worked with him creatively and professionally, alongside analyses of his works and comments over four decades from industry contemporaries and friends such as Ramsey Campbell, Quentin Tarantino, Neil Gaiman, China Miéville, Peter Straub, Armistead Maupin, J.G. Ballard, Wes Craven, and many more. The book spans Barker's world, highlighting classics such as the character Pinhead, an icon in the pantheon of horror cinema; the Hellraiser series of ten films and a forthcoming HBO miniseries; and the cult films Nightbreed and Candyman, the latter of which was rebooted as a Jordan Peele production in 2021. In literature, Barker has written the horror anthology series Books of Blood, which was recently adapted by Hulu, as well as numerous fantasy sagas. Weaveworld and The Great and Secret Show have become instant genre classics, and Abarat is a beloved bestselling series for young adults. In the world of comics, Barker has partnered with major publishers such as Marvel and BOOM! Studios. This tireless creator has also dipped his toes into the worlds of toys, video games, and art, and his incredible collection of paintings, drawings, and photographs have been exhibited in galleries over the world.

The Hellbound Heart Clive Barker, 2009-03-17 The classic tale of supernatural obsession from the critically acclaimed master of darkness—and the inspiration for the cult classic film Hellraiser From his scores of short stories, bestselling novels, and major motion pictures, no one comes close to the vivid imagination and unique terrors provided by Clive Barker. The Hellbound Heart is

one of Barker's best—a nerve-shattering novella about the human heart and all the great terrors and ecstasies within its endless domain. It is about greed and love, desire and death, life and captivity, bells and blood. It is one of the most frightening stories you are likely to ever read. Frank Cotton's insatiable appetite for the dark pleasures of pain led him to the puzzle of Lemarchand's box, and from there, to a death only a sick-minded soul could invent. But his brother's love-crazed wife, Julia, has discovered a way to bring Frank back—though the price will be bloody and terrible . . . and there will certainly be hell to pay.

Body Horror Movies Laura Cremonini, In body horror, a.k.a. squick, the horror is principally derived from the graphic destruction or degeneration of the body. Other types of body horror include unnatural movements, or the anatomically incorrect placement of limbs to create 'monsters' out of human body parts. David Cronenberg is one of the notable directors of the genre. Body horror films include: Starry Eyes, Videodrome, Dead Ringers, Contracted, The Thing, The Fly, and American Mary. This book is the assembly of various texts that are freely available on the web, especially from Wikipedia. The next obvious question is: why buy this book? The answer: because it means you avoid having to carry out long and tedious internet searches. The topics are all linked to each other organically, and as a function of the subject and, in most cases, contain additional unpublished topics, not found on the web. Moreover, the inclusion of

images completes the work so as to make it unique and unrepeatable. Contents of the book: Body horror, The 12 most representative films: *Altered States*, *An American Werewolf in London*, *Annihilation*, *Antiviral*, *Bad Taste*, *Dead Ringers*, *Existenz*, *The Hands of Orlac*, *Hellraiser*, *From Beyond*, *Possession*, *Rabid*, Notable films and television series, Posted in eBook and Paperback. Of all the films, the poster, numerous images taken from the films, the plot, the critics and many other news.

Clive Barker's Hellraiser Bestiary #6 Clive Barker, Christopher Sebela, 2015-01-21 The final chapter of this Hellraiser anthology arrives with perhaps its most shocking stories, as Christopher Sebela (Dead Letters) teams up with Matt Battaglia for a tale of a hoarder unlike any you've seen on reality TV. Also, Ben Meares and Peter Bergting (Baltimore) show us a scientist racing to crack the secrets of the puzzle box, and in the finale of The Hunted, Pinhead comes face to face with those who want to steal his pins.

The Ghost of Old Sheb Drac Von Stoller, Do you ever get the feeling sometimes when you're all alone in your house or cabin in the woods especially when you're watching a scary movie with the lights out and it's storming outside that any moment someone or something is going to open the door and scare the hell out of you? Sometimes when you're getting a little scared while watching the movie the door you thought was closed all the way just happens to open and intensifies the situation even more. Then you nervously and slowly go to the door and shut it so you'll feel safe again and continue to watch your movie and even turn the lights on to bring the scare factor down to a minimum. This is where the story begins. Tom, Linda, Jack, and Susan loved camping and hiking out in the woods. Tom's cabin was the place for a weekend of fun, but this time their little fun-filled weekend at Tom's cabin would be filled with terror and murder.

Till Death Do Us Part Drac Von Stoller, Tom and Brenda had been married for over forty-five years and all the love they once knew was gone. They fought constantly, but neither one of them had the guts to leave fearing if they divorced they would lose their beautiful mansion, and expensive cars so they both just stayed together only for the

material side of the marriage. Every time they fought they would say to each other "I wish you were dead!" They both meant it wholeheartedly. They both slept in separate rooms and slept with one eye open fearing the other one would do them in. Brenda still cooked for her husband out of guilt. One night when they sat at the dinner table eating the dinner she cooked for them she decided to add a little surprise to his meal. She put some roaches in his mashed potatoes and with a big smile on her face she watched him shovel the mashed potatoes into his mouth, but it only took seconds for him to realize something was not right. When he spit out the mashed potatoes onto his plate one of the roaches was not quite dead yet and crawled out of the mashed potatoes. Tom said, "What in the hell is going on here?" Brenda laughed and said, "You should have seen the look on your face." Tom yelled back "I don't find any of this very funny!" He threw his napkin down on the plate and said "I'm going to get me something else!" She just laughed as he slammed the front door behind him as he got in his car and sped down the road in search of a fast-food restaurant.

Off With Their Heads! Drac Von Stoller, Queen Victoria took being a queen to the head literally. Anyone she did not like would be sent to the chopping block where she became famous for "Off with their heads," and off they went, but one day that would all change when she yelled out "Off with his head." When the guillotine rope was being released and the blade came down it stopped within inches of the man's neck. Then there was silence from the queen and spectators. Everyone's jaw

dropped because the queen was always successful at every execution. The queen immediately got up from her chair and raced over to ask her henchmen why they failed. The queen yelled out in anger "Do it again!" So, the henchmen examined the guillotine and got it ready again. The queen sat back down in her chair and said "No one leaves my execution with their heads still attached to their body." The queen again yelled out "Off with his head!" Again the blade came down inches from his neck and stopped. This infuriated the queen and she would stop at nothing to get this man back on the chopping block. The queen had to release the man because of the botched execution and scheduled the execution the next morning. The queen was laughed at by the spectators for failing at what she was famous for. Jokes were said around town about the queen's botched execution, but the queen refused to let one botched execution break her spirit. The queen loved to look at her castle from a distance and see all the severed heads hanging over the castle walls from her executions this made her feel inferior to anyone.
