Julie Willett

Female Chauvinist Pigs Ariel Levy,2006-10-03 In this passionate report from the front lines, a New York magazine writer examines the enormous cultural impact of the newest wave of post-feminism.

Little Pigs Colette Barbe-Julien,2006-12-15 Describes the characteristics, behavior, diet, habitat, and life cycle of pigs.

Female Chauvinist Pigs Ariel Levy,2005-09-13 A classic work on gender culture exploring how the women's movement has evolved to Girls Gone Wild in a new, self-imposed chauvinism. In the tradition of Susan Faludi's Backlash and Naomi Wolf's The Beauty Myth, New York Magazine writer Ariel Levy studies the effects of modern feminism on women today. Meet the Female Chauvinist Pig—the new brand of “empowered woman” who wears the Playboy bunny as a talisman, bares all for Girls Gone Wild, pursues casual sex as if it were a sport, and embraces “raunch culture” wherever she finds it. If male chauvinist pigs of years past thought of women as pieces of meat, Female Chauvinist Pigs of today are doing them one better, making sex objects of other women—and of themselves. They think they're being brave, they think they're being funny, but in Female Chauvinist Pigs, Ariel Levy asks if the joke is on them. In her quest to uncover why this is happening, Levy interviews college women who flash for the cameras on spring break and teens raised on Paris Hilton and breast implants. She examines a culture in which every music video seems to feature a stripper on a pole, the memoirs of porn stars are climbing the bestseller lists, Olympic athletes parade their Brazilian bikini waxes in the pages of Playboy, and thongs are marketed to prepubescent girls. Levy meets the high-powered women who create raunch culture—the new oinking women warriors of the corporate and entertainment worlds who eagerly defend their efforts to be “one of the guys.” And she traces the history of this trend back to conflicts between the women's movement and the sexual revolution long left unresolved. Levy pulls apart the myth of the Female Chauvinist Pig and argues that what has come to pass for liberating rebellion is actually a kind of limiting conformity. Irresistibly witty and wickedly intelligent, Female Chauvinist Pigs makes the case that the rise of raunch does not represent how far women have come, it only proves how far they have left to go.

The Reproductive Life History of the Female Pig Lester Earl Casida,University of Wisconsin--Madison. Department of Meat and Animal Science,1977

Life on a Pig Farm Judy Wolfman,2001-08-01 Did you know that baby pigs can run minutes after they're born? Or that pigs aren't really dirty

animals? Alisha Eberly could have told you! She lives on a pig farm and talks about the hard work of raising pigs.

The Old Woman and Her Pig Eric A. Kimmel,1995-11 When her newly bought pig won't go over the stile, an old woman tries to enlist the aid of some reluctant helpers so that she can get home that night.

The Three Little Female Pigs Carrie Haley,2010-06 We are so happy The Love Pigs finally made it into a book! We look forward to the animated version! Lucy and Aunt Mabel (friends of The Love Pigs) It's The Three Little Pigs, all over again, only this time they're female from the pigs to the wolf. A fun new take on a classic story. Recommended for ages three to eight. And an enjoyable romp for the adult reader as well.

Female Chauvinist Pigs Ariel Levy,2014-05-22 Today's young women seem to be outdoing the male chauvinist pigs of yesteryear, applauding the 'pornification' of other women, and themselves. This is a world where simulating sex for baying crowds of men on shows like Girls Gone Wild and going to lapdancing clubs - as patrons - is seen as a short cut to cool. Ariel Levy says the joke's on the women if they think this is progress. She tears apart the myth of this new brand of 'empowered woman' and refuses a culture-wide obligation for women to act and look like porn stars. This terrifically witty and wickedly intelligent book makes the case that the rise of raunch does not represent how far women have come - it proves only how far women have left to go.

The Old Woman and Her Pig ,2007-01-02 Worried that Little Boy will be frightened if she fails to return home before dark, an old woman enlists the aid of some passing animals to coax her new pig across the bridge.

The Old Woman and Her Pig Ladybird Series,1973 When her newly bought pig won't go over the stile, an old woman tries to enlist the aid of some reluctant helpers so she can get home that night.

The Male Chauvinist Pig Julie Willett,2021-04-27 In the social upheavals of the 1960s and 1970s, a series of stock characters emerged to define and bolster white masculinity. Alongside such caricatures as the Playboy and the Redneck came a new creation: the Male Chauvinist Pig. Coined by

second-wave feminists as an insult, the Male Chauvinist Pig was largely defined by an anti-feminism that manifested in boorish sexist jokes. But the epithet backfired: being a sexist pig quickly transformed into a badge of honor worn proudly by misogynists, and, in time, it would come to define a strain of right-wing politics. Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism, popularized by consumer culture, weaponized to demean feminists, and politicized to mobilize libertine sexists to adopt reactionary politics. Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s, the popularity of Rush Limbaugh's screeds against Feminazis in the 1990s, and the present day misogyny underpinning Trumpism, Willett makes a case for the potency of this seemingly laughable cultural symbol, showing what can happen when we neglect or trivialize the political power of humor.

Esther the Wonder Pig Steve Jenkins, Derek Walter, Caprice Crane, 2016-05-31 Unlikely pig owners Steve and Derek got a whole lot more than they bargained for when the designer micro piglet they adopted turned out to be a full-sized 600-pound sow! This funny, inspirational story shows how families really do come in all shapes and sizes. In the summer of 2012, Steve Jenkins was contacted by an old friend about adopting a micro piglet. Though he knew his partner Derek wouldn't be enthusiastic, he agreed to take the adorable little pig anyway, thinking he could care for her himself. Little did he know, that decision would change his and Derek's lives forever. It turned out there was nothing micro about Esther, and Steve and Derek had actually signed on to raise a full-sized commercial pig. Within three years, Tiny Esther grew to a whopping 600 pounds. After some real growing pains and a lot of pig-sized messes, it became clear that Esther needed much more space, so Steve and Derek made another life-changing decision: they bought a farm and opened the Happily Ever Esther Farm Sanctuary, where they could care for Esther and other animals in need. Funny, heartwarming, and utterly charming, *Esther the Wonder Pig* follows Steve and Derek's adventure--from reluctant pig parents to farm-owning advocates for animals.

The Pig and I Kristoffer Endresen, 2023-10-17 In this lively and fascinating book, a guilt-ridden, bacon-loving journalist finds work at an industrial pig

farm as he researches the long and torrid history of humans and swine. After convincing a skeptical pig farmer to take him on as a hired hand for six months, journalist Kristoffer Endresen follows a litter of piglets from birth to slaughter, all in the hopes of understanding what goes on inside an industrial pig farm and whether humans can ethically justify eating pork... which just so happens to be the most consumed animal protein in the world. During his days as a beginner pig wrangler, he mucks out pig pens and cuddles a cute piglet. He inseminates a female pig and narrowly escapes being trampled. Endresen interweaves his fast times at a piggery with surprising insights into the long and star-crossed bond between pigs and humans—drawing on history, literature, archeology, and myth—and shares new science into video-game-playing swine and pig heart transplants, and asks if pigs really are as smart as we think. Both an engaging saga of an overlooked animal and a provocative exploration of the ethics of industrial meat, *The Pig and I* asks us to consider not only where our food comes from, but also the tangled history that first brought it to our plates.
