Fenrir M.D. Lachlan,2011-10-18 The Vikings are laying siege to Paris. They want the Count's sister, in return they will spare the rest of the city. As houses on the banks of the Seine burn, a debate rages in the Cathedral on the walled island of the city proper. Can the Count really have ambitions to be Emperor of the Franks if he doesn't do everything he can to save his people? Can he call himself a man if he doesn't do everything he can to save his sister? His conscience demands one thing, the state demands another. The Count and the church are relying on the living saint, the blind and crippled Jehan of St. Germain, to enlist the aid of God and resolve the situation for them. But the Vikings have their own gods, and outside their camp, a terrifying brother and sister, priests of Odin, have their own agenda--an agenda of darkness and madness. And in the shadows a wolfman lurks. M. D. Lachlan's stunning epic of mad Gods, Vikings, and the myth of Fenrir, the wolf destined to kill Odin at Ragnarok, is a compelling mix of bloody horror, unlikely heroism, dangerous religion, and breathtaking action. From the Trade Paperback edition.

While trying to uncover the identity of the killer, he only finds more questions. A strange red wolf stalks the shadows of the winter nights, and shifters in town are disappearing with no trace. His search for answers brings him face to face with the cruelty and passion he's been avoiding for years. Will he take up the throne he once denied or let the Broods descend further into chaos?

The Valkyrie doesn't worry about the morality of what she does. That's not her problem. Her mark is a paycheck, nothing more. Until this job. Nothing is as she was told. She needs to wrap up this job, like yesterday, before her doubts force her to do something stupid.Kraven knows what Fenrir is, but can he trust her? For the first time, Kraven struggles with what is right and what is wrong. If she doesn't turn him in, everyone will die. If she does, Kraven will sacrifice her future.

Fenrir Chronicles Nanishka Torres,2015-07-15 In the realm of Fenrir, the royal family reigns with peace and justice. Science and reason are the driving forces behind every diplomatic decision. Religion is not allowed in the political arena. Most people respect that decree. The radically religious group known as Staxeons do not. Prince Callum is diplomatic. That is until Staxeons kidnap the man he loves. Then he will do anything required to make sure he is returned safely. That includes seeking the help of the enemy. The world knows what Fenrir's prince is capable of. The Staxeons are about to learn first hand.

Fenrir's Fate Lisa Oliver,2023-11-20 Fenrir, ancient Norse god of wolf shifters, has had more centuries than he could count to become set in his ways. Can a cute little cat shifter from Vegas make him want to change them? Oh, no, oh, no, oh, no. I think I might have just punched my mate in his furry face. I'm so sorry. Dorian was on a great adventure in Montana when his campervan runs out of gas, and he finds himself stranded in the middle of nowhere. He didn't expect to find a wolf, he didn't anticipate hitting said wolf who had startled the living daylights out of him, and he definitely wasn't prepared for when that same wolf just disappeared. It can't be true. It just can't be true. Fenrir was the first to admit he was set in his ways. It's what made him dependable, reliable, and comfortable. He saw no need to change his ways, even after his pack deserted him. Coming across a cat shifter was a mild excitement in his day, but that didn't mean he had to claim the man. The Fates work in mysterious ways, but not even they were prepared for how stubborn Fenrir could be. It could take the efforts of Loki and Anubis, plus a spot of advice from Claude and Poseidon, to get these two on the path of Fated Mate happiness. #MMFatedMates, #MMTheGodsMadeMeDoIt #MMparanormalromance This story was written for a mature audience.
