Niki Lauda Jon Saltinstall,2020-02-11 This is the story of Niki Luada's racing career. Climbing the ladder: starting against his family's wishes with a Mini in 1968, Niki Lauda drove a Formula Vee Kaimann in 1969 and had a disastrous Formula 3 season with McNamara in 1970 before switching to a Porsche sports car; with progress stalling, he took out a loan to buy a Formula 2 seat at March in 1971. Faltering in Formula 1: he debuted with March at the 1971 Austrian Grand Prix, then stayed with the team in 1972; he moved to BRM for 1973, still paying his way with further borrowing and some income from racing touring cars – but in all this time he had only one points-scoring Formula 1 finish. The Ferrari years: finally Lauda fulfilled his promise after receiving the call to Maranello, winning the World Championship twice in his four years there, in 1975 and 1977, but he left after tensions with the team arose in his final season. The Brabham years: Lauda famously won the 1978 Swedish Grand Prix in Brabham's 'fan car.' but thereafter the team's competitiveness declined and he retired at the end of 1979, tired of driving round in circles' and focused instead on his new airline, Lauda Air. The McLaren years: tempted by a salary of unprecedented size, Lauda returned in 1982 after a two-year absence, silenced doubters by winning his third race, and in 1984 secured his third World Championship; at the end of 1985, with a career tally of 25 Grand Prix victories, he hung up his helmet for good.

Synchronicity Joseph Jaworski,2011-05-30 Using his own story, the international bestselling author shows readers how 3 changes in mindset can help them shape their future. Synchronicity is an inspirational guide to developing the most essential leadership capacity for our time: how we can collectively shape our future. Through the telling of his life story, Jaworski posits that a real leader sets the stage on which “predictable miracles,” seemingly synchronistic in nature, can—and do—occur. He shows that this capacity has more to do with our being—our total orientation of character and consciousness—than with what we do. Leadership, he explains, is about creating—day by day—a domain in which human beings continually deepen their understanding of reality and are able to participate in shaping the future. He describes three basic shifts of mind required if we are to create and discover an unfolding future—shifts in how we see the world, how we understand relationships, and how we make commitments—and offers a new definition of leadership that applies to all types of leaders. “A deeply personal and moving narrative that opens up new vistas on compassion, commitment, and connectedness—and hence on leadership.” —James MacGregor Burns, Pulitzer Prize-winning presidential biographer and

Woodrow Wilson Professor of Government, Emeritus, Williams College “An insightful, profound, and readable contribution to understanding the personal side of leadership.” –Rosabeth Moss Kanter, Ernest L. Arbuckle Professor of Business Administration, Harvard Business School, and author of SuperCorp “An unusually thoughtful exploration of the “inner” aspects of leadership, particularly in the business arena.... Eschewing easy answers and ten-point plans to success, presenting the insights he has garnered from forward-looking thinkers including David Bohm and Rupert Sheldrake, Jaworski offers a searching and wise brief that deserves to be read in boardrooms everywhere.” –Publishers Weekly

Ferrari: Under the Skin Andrew Nahum,2018-01-10 A substantial work, providing exceptional insights into Ferrari the man, Ferrari's design, and Ferrari the legend. Ferrari is an extraordinary company that emerged as World War II receded in Italy, combining collegiality, an almost religious dedication, and dictatorship in equal parts. Above all, it was impelled by the remorseless ambition of its founder Enzo Ferrari. Richly illustrated with personal ephemera, technical drawings, master models, and luxurious product shots, this in-depth exploration of Ferrari - the man, company, cars, and clientele – reveals what goes into the making of, many would argue, the world's most desirable car brand.

Ferrari, 1947-1997 Rizzoli International Publications,1998 Celebrates the history of Italy's great automotive innovator in over 700 photographs, designs, and drawings.
