*Finding Voice* William B. Kincaid,2012-11-30 In Finding Voice, Kincaid employs an often used but somewhat elusive metaphor, voice, as a way of speaking of pastoral identity and contends that a lively, imaginative pastoral voice emerges from a thorough grasp of context, theology, pastoral roles, personal journey, and systemic dynamics. Designed as a text for the field education, contextual education, and supervised ministry experiences of seminary students and others preparing for congregational leadership, Finding Voice examines in depth how people are experiencing each of these constituent parts of pastoral voice at their student ministry sites not only to learn about each of the areas, but also to recognize and understand what is being called forth in the students as they engage these five key experiences and begin to visualize their future ministry. The book further explores the opportunities created when the five aspects of pastoral identity are in conflict with one another. In the absence of any one of these or the imbalance of them, pastoral voice gets skewed, and vibrant, effective ministry is undermined. Finding Voice urges students to begin now, with field education, to engage a practice of ministry that is imaginative, courageous, nimble, and faithful.

**Finding Satan** Andrew Neiderman,2006-09-01 From the author of The Devil's Advocate and Deficiency, a novel about the battle between good and evil and a Biblical revelation that changes the course of history. ONLY THE GIFTED CAN SEE IT. In upstate New York, Christopher Drew is leading a remarkable team of psychics in a groundbreaking union of science and psychokinesis. It's the ability to track manifestations of pure evil -- black clouds of doom that they have chased across an ever-darkening American landscape. As the storm clouds grow, so does Drew's fear that this gathering evil is powered by something far darker than human nature. And it knows it's being watched. ONLY THEY KNOW THE END IS NEAR. In the Arizona desert a theologian searches for proof of the divine. A mass of cultists prepares for the coming of the Antichrist. A spy is dispatched from the Vatican to unravel the truth of the psychics' visions. And as a startling Biblical revelation comes to light, as an apocalyptic battle between good and evil unfolds, Christopher Drew and his team must brave the fires of a hell on earth to carry out their manifest goal to the terrifying end...

Finding Meaning in the Experience of Dementia Elizabeth MacKinlay,Corinne Trevitt,2012-07-15 This groundbreaking book is based on the findings of the first major study on spiritual reminiscence work with people with dementia. Carried out over a decade, the study confirmed spiritual reminiscence to be an effective means of helping people with dementia to find meaning in their own experience, and interact in meaningful ways with others. The authors present the evidence for the efficacy of spiritual reminiscence with this group, and drawing on examples demonstrate its many benefits, as revealed by the study, including the affirmation of identity and worth whilst promoting resilience and transcendence; reducing levels of depression; and giving people with dementia a voice with which to express grief, despair, joy, wisdom, insight and humour. Specific practice issues are addressed, including how to maximise communication and nurture connections during sessions; the role of symbol, ritual and liturgy and how to design an effective spiritual reminiscence program. Transcripts of sessions are included throughout the book as examples, providing unprecedented insight into how people with dementia experience spiritual reminiscence, and encouraging reflective practice. The book closes with a set of suggested questions and discussion topics which can be used as the basis of a six week program. Providing theory and the latest research as well as a wealth of practical information and examples to guide practice, this book will be of interest to dementia care practitioners and activity coordinators, pastoral carers, aged care chaplains, practical theologians, students, academics and researchers.
