Firefly Michelle A. Cornelson,2011-10-19 Someone is burning Baltimore. At night, sirens shriek through the air as red light blazes in the night sky. Businesses and houses are burning. There's a madman on the loose, and it's not just about the fire—he's getting pretty fond of killing, too. There aren't any leads, but there is a terrible media frenzy that gives this monster the nickname "Firefly." Dr. McKayla MacDonald doesn't want to see her beautiful city burned to the ground, but she also doesn't want to get involved with the investigation. As a successful psychologist, she's happy to assist the county fire department as a counselor. She has no idea that her decision to be a Good Samaritan has brought her to the attention of the last person she wants knowing her name and address. Firefly is on her tail, and McKayla suspects he may have been from the beginning. Using her extensive knowledge of the human psyche, the good doctor might be able to point authorities to their arsonist. Yet as the city burns, Firefly comes closer. Is he crazy enough to end up on McKayla's doorstep with fire in hand? She must solve the case before her family becomes his target. "Firefly is a riveting and intriguing novel that is aglow with sparks, suspense and mystique. Cornelson is an accomplished and gifted writer who keeps the reader captivated from the very first page." —Shirley Erickson, MS, Sixth-Year Certificate in Reading Education

Firefly Lane Kristin Hannah,2008-02-05 From the New York Times bestselling author Kristin Hannah comes a powerful novel of love, loss, and the magic of friendship. . . . now a #1 Netflix series! In the turbulent summer of 1974, Kate Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the coolest girl in the world moves in across the street and wants to be her friend. Tully Hart seems to have it all---beauty, brains, ambition. On the surface they are as opposite as two people can be: Kate, doomed to be forever uncool, with a loving family who mortifies her at every turn. Tully, steeped in glamour and mystery, but with a secret that is destroying her. They make a pact to be best friends forever; by summer's end they've become TullyandKate. Inseparable. So begins Kristin Hannah's magnificent new novel. Spanning more than three decades and playing out across the ever-changing face of the Pacific Northwest, *Firefly Lane* is the poignant, powerful story of two women and the friendship that becomes the bulkhead of their lives. From the beginning, Tully is desperate to prove her worth to the world. Abandoned by her mother at an early age, she longs to be loved unconditionally. In the glittering, big-hair era of the eighties, she looks to men to fill the void in her soul. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and live an ordinary life. In her own quiet way, Kate is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship---jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And ultimately, about the one person who really, truly knows you---and knows what has the power to hurt you . . . and heal you. *Firefly Lane* is a story you'll never forget . . . one you'll want to pass on to your best friend.

The Firefly P. T. Deutermann,2010-04-01 At midnight, in a secret medical clinic in Washington, D.C., two foreign doctors and their team are completing plastic surgery on an anonymous client who is changing the appearance of his face, among other things. After the procedure, the client begins to stir-and suddenly the operating room erupts in violence and the clinic is ablaze. Washington police conduct an arson investigation, with inconclusive results. But one tantalizing fragment of evidence suggests that a terrorist bombing may be imminent. The presidential inauguration is quickly approaching and Washington's police, fire, intelligence, military, federal, and White House security teams are making frantic preparations.

Because of the strain on manpower, retired Secret Service agent Swamp Morgan is recalled to active duty. His task: investigate the incineration of the medical clinic as a firefly- Washington-speak for something that looks like a threat but isn't. As Swamp begins what he thinks is a routine check-and-dismiss, the clinic's missing client begins preparations for his mission: to launch an attack on the American government - a decapitation strike intended to wipe out both the outgoing and incoming administrations. As the crucial day approaches, Swamp, the only agent to take the firefly seriously, must operate alone as the clock clicks down to a breathtaking finale. Filled with brilliant twists and turns and heart-in-your throat suspense, Firefly offers first class entertainment from beginning to end.

Fly, Firefly Shana Keller,2020-03-01 One evening at dusk a wind current carries a lone firefly out over the sea. Glancing down into the water, the insect is mesmerized by the glowing bioluminescence, mistaking it for other fireflies. Seeking company, the firefly plunges into the waves. Luckily, there are human bystanders who can lend a hand. Based on an event witnessed by nature writer and ecologist Rachel Carson (The Sea Around Us and Silent Spring) where a firefly attempts to join its family in the ocean, this lyrical story written in verse perfectly illustrates the wonder and delight the natural world offers those who pay close enough attention. Back matter includes science facts about fireflies and bioluminescence, as well as information about Carson's life.

The liquor flows freely at court, and there's food, entertainment, and comfortable lodgings to enjoy. Everyone is thrilled but Zoë. Her gut says something is off. A vicious massacre When the duke's estate is attacked in the middle of the night, Mal sends Serenity to safety while he and Zoë investigate. What they find turns the whole story of Kerry upside-down. The Firefly, he who lights his own way, seeks the age of Man's greatness, the time when the human race once owned the stars, when great cities stood in places that have now become rust-bowls.

Jayne tries to persuade the Serenity crew to join the fight, but it is only when he offers Vera, his favourite gun, as collateral that Mal realises he's serious. When the Serenity crew land at a hardscrabble desert outpost called Coogan's Bluff, they discover two things: an outlaw gang with an almost fanatical devotion to their leader who will stop at nothing to get what they want, and that Temperance is singlehandedly raising a teenage daughter, born less than a year after Temperance and Jayne broke up.
