First to Fall Ken Ellingwood, 2021-05-04 A vividly told tale of a forgotten American hero—an impassioned newsman who fought for the right to speak out against slavery. The history of the fight for free press has never been more vital in our own time, when journalists are targeted as “enemies of the people.” In this brilliant and rigorously researched history, award-winning journalist and author Ken Ellingwood animates the life and times of abolitionist newspaper editor Elijah Lovejoy. First to Fall illuminates this flawed yet heroic figure who made the ultimate sacrifice while fighting for free press rights in a time when the First Amendment offered little protection for those who dared to critique America’s “peculiar institution.” Culminating in Lovejoy’s dramatic clashes with the pro-slavery mob in Alton, Illinois—who were torching printing press after printing press—First to Fall will bring Lovejoy, his supporters and his enemies to life during the raucous 1830s at the edge of slave country. It was a bloody period of innovation, conflict, violent politics, and painful soul-searching over pivotal issues of morality and justice. In the tradition of books like The Arc of Justice, First to Fall elevates a compelling, socially urgent narrative that has never received the attention it deserves. The book will aim to do no less than rescue Lovejoy from the footnotes of history and restore him as a martyr whose death was not only a catalyst for widespread abolitionist action, but also inaugurated the movement toward the free press protections we cherish so dearly today.

First Up, Last Down Ken McKinnon, 2009

Horatio's Drive Dayton Duncan, Ken Burns, 2003 The companion volume to the PBS documentary film about the first—and perhaps most astonishing—automobile trip across the United States. In 1903 there were only 150 miles of paved roads in the entire nation and most people had never seen a “horseless buggy”—but that did not stop Horatio Nelson Jackson, a thirty-one-year-old Vermont doctor, who impulsively bet fifty dollars that he could drive his 20-horsepower automobile from San Francisco to New York City. Here—in Jackson’s own words and photographs—is a glorious account of that months-long, problem-beset, thrilling-to-the-rattled-bones trip with his mechanic, Sewall Crocker, and a bulldog named Bud. Jackson’s previously unpublished letters to his wife, brimming with optimism against all odds, describe in vivid detail every detour, every flat tire, every adventure good and bad. And his nearly one hundred photographs show a country still settled mainly in small towns, where life moved no faster than the horse-drawn carriage and where the arrival of Jackson’s open-air (roofless and windowless) Winton would cause delirious excitement. Jackson was possessed of a deep thirst for adventure, and his remarkable story chronicles the very beginning of the restless road trips that soon became a way of life in America. Horatio's Drive is the first chapter in our nation’s great romance with the road. With 146 illustrations and 1 map

My Elusive Mychele Ken Strong, Tim Stiffler, 2011-06-09

Motivated by multiple jobs, extensive commitments, and huge ambitions, Ken Strong had little time for anything else. But when by chance he met a beautiful stranger, she was soon all he could think about. She was unlike any girl he'd ever met with eyes that radiated her inner beauty as much as her outer beauty. His first

love soon blossomed into something beyond his wildest dreams. But the busyness of life caught up and reality struck. Could his first love withstand the test of time and distance? Could this love be his forever love? My Elusive Mychele is an emotionally driven tale of first love that asks the question, If it is true love and if that person is your soul-mate, then is it possible to move on and to find that kind of love ever again? It is a powerful and sometimes painfully honest memoir that delves deep into that feeling of first love and just how elusive it can be.

The First Annual Grand Prairie Rabbit Festival Ken Wheaton, 2012-10-01 Welcome to Grand Prairie, Louisiana—land of confounding accents, hard-drinking senior citizens, and charming sinners—brought to hilarious life in a bracing, heartfelt debut novel simmering with Cajun spice. . . Father Steve Sibille has come home to the bayou to take charge of St. Pete's church. Among his challenges are teenybopper altar girls, insomnia-curing confessions, and alarmingly alluring congregant Vicky Carrier. Then there's Miss Rita, an irrepressible centenarian with a taste for whiskey, cracklins, and sticking her nose in other people's business. When an outsider threatens to poach Father Steve's flock, Miss Rita suggests he fight back by staging an event that will keep St. Pete's parishioners loyal forever. As The First Annual Grand Prairie Rabbit Festival draws near, help comes from the strangest places. And while the road to the festival may be paved with good intentions—not to mention bake sales, an elephant, and the most bizarre cook-out ever—where it will lead is anyone's guess. . . A sparkling debut. --Luis Alberto Urrea, author of *Queen of America* Delightful. . . Wheaton writes with an infectious energy, and his affection for the characters and culture is authentic. --Publishers Weekly

The Honor of the Ken Laura W. Haywood, 1999-11-12 The Honor of the Ken is speculative fiction set several hundred years in the future on Kenakenkarney, a planet colonized -- despite the presence of an indigenous race, the Ken -- by a religious cult from

Earth. The Terrans promptly enslaved the Ken to mine a precious mineral. Some two-hundred years later, the Ken were freed, but most of them, having no other opportunities, remained miners. Adanna Ming, the daughter of a Ken father (a miner) and a Terran mother (a teacher), inherited her fathers copper-colored skin, pointed cats ears, and other Ken attributes. The only obvious sign of her Terran ancestry is blue eyes. Through the intervention of a friend of her mothers, she was the first Ken admitted to the prestigious Womens University. There she met Marielle Adams, a spoiled, bored, but very bright heiress. To create an interest for herself, Marielle takes Adanna under her wing. She introduces her as her friend, teaches her things Adanna has no way of knowing, and learns a great deal in the process. The two women became very close friends. After graduation, Marielle created opportunities for Adanna, who used them to achieve success as a writer and, briefly, as an actress-dancer. In addition to writing, Adanna ran a school for Ken children, trying to teach them the two cultures of Kenakenkarney. She also became a symbol to both the Ken and the Terrans, in very different ways. All her success cant save her, however, when the Terrans, desperate for miners to work a new mineral find, re-enslave the Ken. But Adanna isnt sent back to the mines; instead, she is bought by Ginja Shareef, a woman she knew very slightly at the University. Ginja is a gifted poet, and Adanna admires her work very much. What Adanna doesnt know -- has no way of knowing -- is that Ginja hates her. She blames Adanna for a fundamental loss in her life and has bought her to exact justice. As dedicated as Ginja is to justice, Adanna is committed to the principles of freedom. She refuses to give in to Ginjas demands, accepting Ginjas abuse as the price of her principles. In the course of this brutal struggle between the two women, they come to know each other and a wary respect grows between them. That respect, however, in no way lessens their fierce battle of wills. Marielle, meanwhile, has formed an abolitionist group and is fighting slavery every way she knows. A

prime weapon in her arsenal is Adannas last novel, a novel about slavery and freedom, that expresses Adannas ideas powerfully. After a series of Machiavellian exploits orchestrated by Marielle, the slavery law is repealed -- but manumission will come only after a cooling-off period. Ginja has come to understand that she cannot break Adanna by force, and seeks other ways to crack her will. After failing to compel Adanna to use force (something that violates Adannas pacifist principles), she almost succeeds by telling Adanna exactly why she will do anything to defeat her. The charge horrifies Adanna, who has no way to defend herself against it. She also threatens repeatedly to sell Adanna to Marielle, a threat Adanna dismisses. Adanna admits freely that being owned by Marielle would be -- for her -- worse than anything Ginja might do to her, but she is absolutely certain Marielle would never betray her by buying her. But Marielle, knowing about Ginjas brutality and with the kindest of intentions, does exactly that, and Adanna finds herself having to fight someone she cares about deeply, someone she doesnt want to hurt. A second battle of wills ensues and it is a battle Adanna knows she cannot win. It isnt until a misunderstanding between them escalates into a situation that goes completely out of control that Marielle begins to understand why Adanna is acting as she is. Their struggle continues, but the fr

Acheron Salvation Ken Lozito, Quinton Aldren thought he could leave his past behind him . . . He was wrong. First came the development of a Personality Matrix Construct—PMC, transferring human consciousness into a machine. It changed the galaxy and the way wars were fought. Then something went wrong with PMCs and the Federation Wars toppled the galactic order. PMCs became a menace to be hunted and exterminated. Long after the Federation Wars, the galaxy limps on. Spacers carve out an existence upon the bones of the old worlds, but things are about to change. . . something has begun broadcasting signals to reactivate PMCs that were stored in secret. Quinton

Aldren is a PMC. His consciousness was uploaded and stored over a century ago, before the Federation Wars. All Quinton wants is to leave his past behind, but the broadcasts keep occurring. More PMCs are coming online, and not all of them are entirely stable. Federation War machines are on the hunt for them, and they don't care who gets in their way. *Acheron Salvation* is a fast-paced science fiction novel in the classic space opera and military sci-fi traditions, by Best Selling Author Ken Lozito.

First Kingdoms Ken Lauter, 2012-09-21 Like William Blake's *Songs of Innocence and Experience*, these poems evoke childhood moments from the dream-like states of infancy to the early exhilarations of nature, animals, games, school, sex, and the earliest discoveries of love. Such elusive memories are screened through the double lens of the boy's innocence and the grown man's more complex awareness. In exploring the world of the poet's personal history, *First Kingdoms* also records and celebrates a type of childhood less and less known to today's digitally-obsessed generations.

Ken Burns's America G. Edgerton, 2016-04-30 This is the first book-length study to critically examine the work of Ken Burns, the innovative producer-director as a television auteur, a pivotal programming influence within the industry, and a popular historian who portrays a uniquely personal and compelling version of the country's past for tens of millions of viewers nationwide. *Ken Burns's America* has a three-fold agenda: First it looks at the ideas and individuals that have influenced Burns in the creation of his easily-recognized style, as well as in the development and maturation of his ideological outlook. Second, the book gives readers a window on the Ken Burns production machine. Gary Edgerton shows us the inner working of Florentine Films. Finally, he looks at Burns as a popular historian who

reevaluates the nation's historical legacy from a new generational perspective and, in the process, becomes one of the major cultural commentators of our era. The volume finally takes the full measure of the man and the industry he has helped to create.

The Compleat Meadmaker Ken Schramm, 2003-06-09 Since *The Compleat Meadmaker* was first published, mead has continued to grow in popularity as crafted beverages have become an established part of the beverage market in America. In 2003 there were roughly 60 commercial meaderies in the US, but by 2020 this number stood at 450. Naturally, many hobbyists are also discovering the delights of making this “nectar of the gods” themselves. Thanks to the global distribution of bees and, therefore, honey, you will find mead-like drinks in virtually every corner of the world. No wonder historians recognize it as one of humankind's oldest fermented beverages. Mead production never really ceased in Europe and Africa, but its star was eclipsed with the increasing production and distribution of wine, beer, and distilled spirits from the 1600s onward. With the rebirth of brewing and the establishment of world-class wine producing regions in the US, it is time for mead in the twenty-first century to be brought back into the limelight. Mead needs to establish a vocabulary of its own and find a place in the hearts of homebrewers and home winemakers. In *The Compleat*

Meadmaker, veteran meadmaker Ken Schramm—one of the founders of the Mazer Cup Mead Competition, North America’s oldest mead-only competition—introduces the novice to the wonders of mead. With easy-to-follow procedures and simple recipes, he shows how you can quickly and painlessly make your own mead at home. In later chapters, Schramm introduces flavorful variations on the basic theme that lead to meads flavored with spice, fruits, grapes, and malt. The author covers the many aspects of meadmaking in a comprehensive but easy-to-read fashion, with something for novices and experienced brewers and vintners alike from basic equipment for meadmaking, creating your first must, and on through the basics of fermentation, racking, and bottling. Once the first steps have been taken Schramm goes into more detail, involving balancing for taste using acid, priming for sparkling mead, corking practices, and strategies for clarifying. He also covers aspects of fermentation, such as selecting the right yeast strain, aerating and managing the pH of your must during the critical early phase of fermentation, and adjusting nutrient levels to suit mead fermentation. The author also troubleshoots common problems and processes, such as stuck fermentations, fermentations that will not start, slow or prolonged fermentations, measuring total acidity via acid titrations, and on balancing residual sugars through sweetening, malo-lactic fermentation, increasing acidity, and drying out the mead further. The fine-tuning process does not stop after fermentation is finished. Perhaps the finest characteristic of mead is that it seems to improve with age almost indefinitely. As well as advice on how long to store it, Schramm also offers up his experience with the many different approaches to conditioning and maturing mead, focusing on the use of oak chips, blocks, and barrels to age mead on wood. As one of the oldest fermented drinks and using the oldest sweetener known to humankind, mead and honey are inextricable. Schramm delves into a brief natural history of honey production and the bees that

make it possible, with fascinating insights into the profession of beekeepers. He explores sources of nectar and pollen and the benefits of honey varietals explored, with a section devoted entirely to varietal honey based on floral variety. Along the way Schramm delves into the concept of honey “vintage”, grades of honey, sugar, moisture, organic acids, mineral content, color terminology, and how you should not judge a honey’s flavor by its color. There is also a discussion of aroma compounds, absolutely essential if wishing to understand the organoleptic qualities of honey. While mead can be a charmingly simple drink to make, home meadmakers can easily indulge in a host of different flavors to make unique and delicious meads. The author provides you with an understanding of the role quality ingredients play in creating a really pleasing mead. There are several ingredients-focused chapters that look at making sack mead, melomel, cyser, piment, hippocras, metheglin, and braggot. At the end, Schramm puts it all together in a section devoted entirely to recipes. As one of the most ancient of human beverages, mead arose in part because it was easy to make. Despite this, mead is a surprisingly complex, diverse, and romantic drink that can range from bone dry to profoundly sweet, and can be crafted to complement any type of food. With *The Compleat Meadmaker*, you can see just how simple, fun, and rewarding meadmaking is.

My Name is Ken Ken Untener,Little Books,2015-03-02 “My name is Ken and I will be your waiter for a long, long time . . .” That’s how Ken Untener introduced himself to the more than 6,000 people who attended his ordination as bishop of the Catholic Diocese of Saginaw, Michigan, on November 24, 1980. The purpose of this book is to let Ken Untener tell the story of his vocation, priesthood, and ministry in his own words. And (ever the teacher), he often used stories of his life as a way to deliver a message from the Scripture and the strength of his faith. This book is not a memoir. Ken did a lot of preaching and rarely used a prepared text, but often recorded his homilies and talks on a microcassette recorder tucked in his pocket. He spoke from his heart and he used examples from everyday life, sometimes even using an incident that had just happened to him that day.
