The Flip Jeffrey J. Kripal, 2019-03-12 “One of the most provocative new books of the year, and, for me, mindblowing.” —Michael Pollan, author of *The Omnivore's Dilemma* and *How to Change Your Mind* “Kripal makes many sympathetic points about the present spiritual state of America. . . . [He] continues to believe that spirituality and science should not contradict each other.” —New York Times Book Review “Kripal prompts us to reflect on our personal assumptions, as well as the shared assumptions that create and maintain our institutions. . . . [His] work will likely become more and more relevant to more and more areas of inquiry as the century unfolds. It may even open up a new space for Americans to reevaluate the personal and cultural narratives they have inherited, and to imagine alternative futures.” —Los Angeles Review of Books A “flip,” writes Jeffrey J. Kripal, is “a reversal of perspective,” “a new real,” often born of an extreme, life-changing experience. *The Flip* is Kripal’s ambitious, visionary program for unifying the sciences and the humanities to expand our minds, open our hearts, and negotiate a peaceful resolution to the culture wars. Combining accounts of rationalists’ spiritual awakenings and consciousness explorations by philosophers, neuroscientists, and mystics within a framework of the history of science and religion, Kripal compellingly signals a path to mending our fractured world. Jeffrey J. Kripal holds the J. Newton Rayzor Chair in Philosophy and Religious Thought at Rice University and is the associate director of the Center for Theory and Research at the Esalen Institute in Big Sur, California. He has previously taught at Harvard Divinity School and Westminster College and is the author of eight books, including *The Flip*. He lives in Houston, Texas.

The Brand Flip Marty Neumeier, 2015-07-24 Best-selling brand expert Marty Neumeier shows you how to make the leap from a company-driven past to the consumer-driven future. You'll learn how to flip your brand from offering products to offering meaning, from value protection to value creation, from cost-based pricing to relationship pricing, from market segments to brand tribes, and from customer satisfaction to customer empowerment. In the 13 years since Neumeier wrote *The Brand Gap*, the influence of social media has proven his core theory: “A brand isn’t what you say it is – it’s what they say it is.” People are no longer consumers or market segments or tiny blips in big data.

They don't buy brands. They join brands. They want a vote in what gets produced and how it gets delivered. They're willing to roll up their sleeves and help out – not only by promoting the brand to their friends, but by contributing content, volunteering ideas, and even selling products or services. At the center of the book is the Brand Commitment Matrix, a simple tool for organizing the six primary components of a brand. Your brand community is your tribe. How will you lead it?

Flip Nick Ruiz, 2014-11-07 Aren't you sick of the monotony of grinding it out and wishing that the right opportunity just lands in your lap to free you? Read this book to find out the right way to immediately start your journey as an entrepreneur in real estate. You should NOT be trying to invest in real estate but, rather, become a real estate entrepreneur. This book makes the difference very clear and reveals many things that most books in this industry fail to address. It talks about subtle things that may be happening in your life right now that could be sabotaging your entrepreneurial success without your even knowing it. This book reveals how to actually get paid from real deals that don't require lots of start up capital and credit. The bottom line is that real estate is the oldest and best business in the world because you can be an entrepreneur without trying to start some new idea, product, or service and hope people buy it from you. Flip Peter Sheahan, 2009-03-17 What do the superstars of modern business have in common? An ability to flip—to think counterintuitively and then act boldly, with no regard for business as usual conventions. One of the youngest and fastest-rising stars on the international consulting and speaking circuit, Peter Sheahan reveals how the world's most effective organizations and individuals distinguish themselves from the competition instead of running with the pack. Sheahan explores six major flips: Action Creates Clarity—to move forward you must act in spite of ambiguity. Fast, Good, Cheap: Pick Three, Then Add Something Extra—the new standard in every industry. To develop competitive advantage, you must Absolutely, Positively Sweat the Small Stuff. Satisfy customers' needs for engagement and contact—it's not just business—Business Is Personal. To win mass-market success, be courageous, Find It on the Fringe, and separate yourself from the competitive herd. To Get Control, Give It Up—empower others to create, dream, and believe for you. Stick to what you learned in business school at your peril. Today's small-world economy calls for a new way of doing business. It calls for Flip.
