**No Flying in the House** Betty Brock,1998-01-02 Annabel Tippens seems like an ordinary little girl, with short blond hair and very good manners. But Annabel is actually quite unusual. Instead of parents, she has Gloria, a tiny white dog who talks and wears a gold collar. Annabel never wonders why her life is different, until one day a cat named Belinda tells her the truth -- she's not just a little girl, she's half fairy! But now that she knows the truth, will her whole life have to change?

**The Flying House** Dawn-Michelle Baude,2008-02-25 From the ancient to the contemporary, the personal to the literary, *The Flying House* is an investigation of the "relic" in the largest sense of the term. Written on-site in the Middle East and Europe, the poems inhabit a space at once contemporary and historical, in which current conflicts recall old wars and archeological artifacts rhyme with cutting-edge fashions.

**The Miraculous Flying House of Loreto** Karin Vélez,2019 In 1295, a house fell from the evening sky onto an Italian coastal road by the Adriatic Sea. Inside, awestruck locals encountered the Virgin Mary, who explained that this humble mud-brick structure was her original residence newly arrived from Nazareth. To keep it from the hands of Muslim invaders, angels had flown it to Loreto, stopping three times along the way. This story of the house of Loreto has been read as an allegory of how Catholicism spread peacefully around the world by dropping miraculously from the heavens. In this book, Karin Vélez calls that interpretation into question by examining historical accounts of the movement of the Holy House across the Mediterranean in the thirteenth century and the Atlantic in the seventeenth century. These records indicate vast and voluntary involvement in the project of formulating a branch of Catholic devotion. Vélez surveys the efforts of European Jesuits, Slavic migrants, and indigenous peoples in Baja California, Canada, and Peru. These individuals contributed to the expansion of Catholicism by acting as unofficial authors, inadvertent pilgrims, unlicensed architects, unacknowledged artists, and unsolicited cataloguers of Loreto. Their participation in portaging Mary's house challenges traditional views of Christianity as a prepackaged European export, and instead suggests that Christianity is the cumulative product of thousands of self-appointed editors. Vélez also demonstrates how miracle narratives can be treated seriously as historical sources that preserve traces of real events. Drawing on rich archival materials, *The Miraculous Flying House of Loreto* illustrates how global Catholicism proliferated through independent initiatives of untrained laymen.

*A Flying House for Entertainment* Betty Hooser,2012-08-01 Two boys around ages seven saw a flying house on their television one day. They got a cousin who was a grown man to build one and some friends joined them who were a little older. In going places, birds flew by and talked in a human voice. Other people wanted to get one built for their convenience. The kids moved in with the cousin, built more and sold flying houses to the people. People were happy with their flying houses. They were used for going golfing, to go fishing at lakes, and just looking places over. The house was enjoyed until it was worn out. Then the fun stopped. The boys became men and started driving vehicles. There were many great memories of it for them to remember.

*Flying Home* Ralph Ellison,2011-06-01 These 13 stories by the author of *The Invisible Man* approach the elegance of Chekhov (Washington Post) and provide early explorations of (Ellison's) lifelong fascination with the 'complex fate' and 'beautiful absurdity' of American identity (John Callahan). First serial to *The New Yorker*. NPR sponsorship.

*The Flying House* Reagan Tookhan,2017-11-14 My son inherited the excitement of Christmas magic from yours truly. This book was his idea that eventually began to consume me. This is the phase of writing that writers absolutely enjoy and look forward to. Come and fly with us on a Christmas fantasy. The excitement doesn't stop there, however; stay tuned to find out their next adventure!

The Flying House Saves Christmas Reid Cunningham,2017-09-13 Two young children lost in a snowstorm must save Christmas after they are rescued by an older couple and a magical flying house. They must face the terrible snowstorm and work together with Santa and his elves in this wonderful Christmas adventure.

Flying Home and Other Stories Ralph Ellison,1996 Presents a collection of thirteen stories written between 1937 and the 1950s.

**The Magnificent Flying Baron Estate** Eric Bower,2018-12-11 The year is 1891, and Waldo W.B. Baron has just woken up to find his house flying--no, wait, floating?--floating a thousand feet above the ground. His inventor parents have transformed their house into a flying machine, which they've entered into a race around the country. Unfortunately for W.B. (who knows less about science than the average tapeworm), that means missing a show starring the hero of his favorite adventure novels, Sheriff Graham. The incomparably klutzy W.B. gets his own taste of the Wild West when his family's flying house is hijacked by Rose Blackwood, the sister of Sheriff Graham's greatest nemesis, the vilest villain, the cruelest criminal, Benedict Blackwood. Rose forces the Barons to continue the race, so that she can steal the prize money and break her brother out of jail. With the help of an unusually tiny friend and aided by a baffling interpretation of simple scientific concepts, W.B. is finally given the chance to be the hero, instead of the kid who reads about the hero while eating too much pie.

**The Flying House** Reagan Tookhan,2017-11-14 My son inherited the excitement of Christmas magic from yours truly. This book was his idea that eventually began to consume me. **Another Life and Neighbors** Cbn,Tyndale Entertainment,1999-09 What kind of adventure can three young children find while playing in the forest? For Justin, Angie, and Corky, it's an unusual old house that turns out to be a time machine! In this animated cartoon series, the children, together with friendly Professor Bumble and his robot SIR, are catapulted back in time nearly 2,000 years, and the adventures begin. Trying to return his flying house to the twentieth century, the inept professor keeps setting down in the Holy Land, where the children witness Jesus' teachings firsthand. Tyndale Entertainment presents a four-volume classic collection of The Flying House video series. Each volume features two of the most popular Flying House episodes: In *Another Life*, the time-travelers free a man named Jairus from prison, to which he had been unjustly sentenced. The children also experience a miracle when Jairus's daughter, who had died while he was in prison, is brought back to life by Jesus. In *Neighbors*, Justin, Angie, and Corky get a big lesson in forgiveness and compassion, as Jesus tells them of the Good Samaritan, who helps when others turn away. Later, the kids learn why mercy is important when they meet a mean-hearted merchant who shows no mercy at all. Running time approximately 40 minutes

*The flying White House* Jerald F. TerHorst,Ralph Albertazzie,1979

The Flying Man Mike Downs,2022-12-06 Here is the little-known history of Otto Lilienthal, a daring man whose more than 2,000 successful flights inspired the Wright Brothers and other aviation pioneers. In 1862, balloons were the only way to reach the sky.

But 14-year-old Otto Lilienthal didn't want to fly in balloons. He wanted to soar like a bird. Scientists, teachers, and news reporters everywhere said flying was impossible. Otto and his brother Gustav desperately wanted to prove them wrong, so they made their own wings and tried to take flight. The brothers quickly crashed, but this was just the beginning for Otto, who would spend the next 30 years of his life sketching, re-sketching, and building gliders. Over time, Otto's flights got longer. His control got better. He learned the tricks and twists of the wind. His flights even began to draw crowds. By the time of his death at age 48, Otto had made more than 2,000 successful glider flights. He was the first person in history to spend this much time in the air, earning the title of the world's first pilot and paving the way for future aviation pioneers.

The House That Flew Away Davide Cali, Catarina Sobral, 2016-10-06 Getting home after a long day's work to find your house flying off - now there's an upsetting situation. What can you do? Who should you ask for help? As we all know, buildings don't come with an instruction manual, but even if they did, would anyone think to include a chapter on airborne houses? This story is about that rare phenomenon: a house that takes a notion to take off. There isn't an easy solution to such an unusual event, and the owner of this house doesn't know what to do. Where do you start when your house flies away? The fire department? The police? The civil aviation department? Not easy at all. Still, every cloud has a silver lining, as this owner discovers when his house comes back down to earth.
