Jeeps 1941–45 Steven J. Zaloga,2011-10-20 The jeep was the most famous military vehicle of World War II, and its name has become synonymous with a whole class of military and civilian all-terrain vehicles. The jeep originated in a prewar US Army requirement for a simple, inexpensive, and robust vehicle for basic utility chores. Its simple design proved to be adaptable to a host of military tasks including use as a scout vehicle, battlefield ambulance, communications vehicle, and staff car. This book, covering “the savior of World War II”, focuses on the design and development of this versatile vehicle used on nearly every front of World War II.

Detroit's Wartime Industry Michael W. R. Davis, 2007 Just as Detroit symbolizes the U.S. automobile industry, during World War II it also came to stand for all American industry's conversion from civilian goods to war material. The label Arsenal of Democracy was coined by Pres. Franklin D. Roosevelt in a fireside chat radio broadcast on December 29, 1940, nearly a year before the United States formally entered the war. Here is the pictorial story of one Detroit's unique leadership in the miraculous speed Detroit's mass-production capacity was shifted to output of tanks, trucks, guns, and airplanes to support America's victory and of the struggles of civilians on the home front.

Landing Craft & Amphibians Ben Skipper,2022-03-18 From the wars of antiquity to the recent events in South West Asia, landing craft and amphibians have been an ever-present sea borne and battle space asset in one form or another for the commander wanting to get boots on the ground. Refined during the Second World War with the introduction of the Amphibian, and again with the perfection of the hovercraft, the landing craft's finest hour in popular consciousness occurred on 6 June 1944. This LandCraft title focuses

on Landing Craft and Amphibian development during the Second World War as versatile sea borne assets. The book also looks at the post-war evolution of the Landing Craft and Amphibians, and how the simple concepts of their design remain alive and in use almost a century later. This LandCraft title offers the modeler an exciting range of subjects, era and theater choices, especially those modeling the Second World War.

Wartime Jeeps Graham Scott, 2012-01-01 This book covers Second World War versions of the legendary Jeep – prototypes, production models and special versions. There are 11 wartime Jeep variants covered – Bantam BRC-40, Budd Pygmy, Willys MA, Ford GP, Willys MB, Willys MB of the Long-Range Desert Group, Ford GPW, Ford GPA or 'Seep', 6x6 MT-TUG, T28 Half-Track and the heavily armed SAS Willys MB.
