ANDRE NORTON

🔍 **FORERUNNER** Andre Norton,1981 When a highly skilled sensitive comes into contact with a strange green stone, she finds herself trapped in the past in the identity of another person.

🔍 **THE FORERUNNER** Charlotte Perkins Gilman,1909

🔍 **THE FORERUNNER** Kahlil Gibran,1931 You are your own forerunner, and the towers you have builded are but the foundation of your giant-self. And that self too shall be a foundation. And I too am my own forerunner, for the long shadow stretching before me at sunrise shall gather under my feet at the noon hour. Yet another sunrise shall lay another shadow before me, and that also shall be gathered at another noon. Always have we been our own forerunners, and always shall we be. And all that we have gathered and shall gather shall be but seeds for fields yet unploughed. We are the fields and the ploughmen, the gatherers and the gathered. When you were a wandering desire in the mist, I too was there, a wandering desire. Then we sought one another, and out of our eagerness dreams were born. And dreams were time limitless, and dreams were space without measure. And when you were a silent word upon life’s quivering lips, I too was there, another silent word. Then life uttered us and we came down the years throbbing with memories of yesterday and with longing for tomorrow, for yesterday was death conquered and tomorrow was birth pursued. And now we are in God’s hands. You are a sun in His right hand and I an earth in His left hand. Yet you are not more, shining, than I, shone upon. And we, sun and earth, are but the beginning of a greater sun and a greater earth. And always shall we be the beginning.

🔍 **THE FORERUNNER FACTOR** Andre Norton,2012-03-01 Two Andre Norton novels in her Forerunner series featuring young alien/human hybrid Simsa, collected for the first time in one volume. A heroic young woman seeks her origins as she comes of age on worlds of peril and alien mystery. Forerunner: On the ancient planet Kuxortal, young Simsa grows up among the ancient ruins of a fallen galactic civilization³/₄the Forerunners. But Simsa has always been different, with iridescent blue-black skin and a telepathic bond with her bat-like zorsal. When her mentor dies, her future looks bleak³/₄until Thom, a star ranger, arrives and leads Simsa on a new path that takes both through danger to the ultimate revelation, which will change her life, and perhaps galactic civilization itself, forever. Forerunner: The Second Venture: Simsa has been captured by starfaring humans intent on discovering the secrets of the Forerunners. With the aid of her pet zorsal, Simsa escapes her captors and crash lands on another world touched by ancient Forerunner civilization. Now Simsa must battle the spirit within her that seeks to transform her into something utterly inhuman. But the ancient Forerunners, however scientifically advanced, have not reckoned with the courage of this young woman who is determined to keep her freedom and write her own destiny among the stars. At the publisher’s request, this title is sold without DRM (Digital Rights Management).

🔍 **THE FORERUNNER** Jordan Bennett,2007-06-08 The death of a loved one can be very dramatic. And if the death is unexpected it can be even more devastating. In the novel The Forerunner, Edmund Ausmus has lived his life shadowed not only by guilt he has felt since the death of his brother Richard during World War II, but also by the anger he had directed toward his father whom he partly blamed for his brothers death. After a twenty-one year self-imposed exile, Edmund returns to his childhood home in the hopes that by sharing his feelings with his sister Cordelia he might come to terms with his guilt and anger. But the reunion with Cordelia raises more questions than answers when she informs him that Richard never intended on returning from the war, that he wanted to die there. Confused and unsettled by the news, Edmund embarks on a journey to find the truth concerning his brothers death. Through conversations Edmund has with Cordelia, and by confronting memories of his past, Edmund learns things about his family he never knew. The secrets Edmund uncovers begins to shed light on the reasons some of the events of the past had transpired the way they had. And by delving even deeper into Richards past and by talking with those who knew Richard before the war, Edmund is able to learn the unsettling secret which drove Richard to the choice he made about his life. When his journey is complete Edmund is able to reconcile himself with the past and accept his place in the family he for years had run away from.

🔍 **THE FORERUNNER** Charlotte Perkins Gilman,2022-07-19 Should we not laugh to see a horse in corsets? The time is coming when we shall so laugh to see a woman. - The Forerunner Volume 1 (1909-1910) by Charlotte Perkins Gilman. In this anthology collection of key writings by prominent humanitarian and pro-equality writer, Charlotte Perkins Gilman, the reader is afforded a fascinating insight into the lives and societal challenges of women in the early 20th century. Through a selection of expertly written poems, essays, and fictional stories as well as non-fiction narratives, the monthly magazine excerpts include lesser-known works such as ‘Our Androcentric Culture; or, The Man-Made World’, the poem ‘Then This’, and an essay entitled ‘A Small God And a Large Goddess’. The original writing showcases a progressive thinker with a strong female voice, who was ahead of her time in terms of feminism and women’s rights, in this selection of politically-inspired pieces from 1909. Charlotte Perkins Gilman, also known as Charlotte Perkins Stetson, was born on 3rd July 1860 in Connecticut, USA. Her early family life was troubled, with her father abandoning his wife and family; a move which strongly influenced her feminist political leanings and advocator of women’s rights. After working as a tutor and painter, Perkins – a self-declared humanist and tomboy – began to work as a writer of short stories, novels, non-fiction pieces, and poetry. Her best-known work is her semi-autobiographical short story, inspired by her post-natal depression, entitled ‘The Yellow Wallpaper’, which was published in 1892 and made into a film in 2011. Charlotte Perkins Gilman was a member of the American National Women’s Hall of Fame and strongly believed that the domestic environment oppressed women through the patriarchal beliefs upheld by society. A believer in euthanasia, she was diagnosed with incurable breast cancer in January 1932 and subsequently took her own life in August 1935, writing in her suicide note that she chose chloroform over cancer.

🔍 **THE FORERUNNER** Kahlil Gibran,2021-01-01 The Forerunner: His Parables and Poems is the second collection of philosophical poetry and short stories by Kahlil Gibran. It consists of 25 poems and parables relating to spirituality, love, and our greater selves. Includes: God’s Fool; Love’ The King Hermit; The Lion’s Daughter; Tyranny; The Saint; Out of my Deeper Heart; Knowledge and Half-Knowledge, and more. With some illustrations by the author.

🔍 **THE FORERUNNER** Dmitry Sergeyevich Merezhkovsky,1902

🔍 **“AND I TOO AM MY OWN FORERUNNER”** Indrani Chaudhuri,2020-08-29 Predicated upon the towers of collapse, while T.S. Eliot, the representative modernist, in order to re-construct his culture out of the debris of its imperialist past, concluded his Waste Land (1922) by looking eastward, into the all-pervading “shantih” of the Brihadaranyaka Upanishad, Kahlil Gibran, a Lebanese American, authored The Prophet (1923) to deconstruct such enterprise and retrieve a culture that was swirling in-between Darwinian metaphors and Nietzschean nihilism. He who was exterior to the ‘omnipotent definitions’ of the West, saw in “Beauty” the “eternity gazing at itself in a mirror.” So, to him, “you are eternity and you are the mirror.” This book is a reading of Kahlil Gibran’s life and works: his life as a text and his works as the terrains of a never-ending journey. It opens up those fissures and ruptures that make Gibran and his writings relevant vis-🔍 -vis the socio-political, cultural and religious urgencies that the world is grappling with today. Often misconstrued as a mystic or an Oriental Wise Man, Gibran dwells in an amorphous placeless-ness within the academic space and outside of it. “Forerunner” in its own way, this book, by unfolding the process of ‘reading’ as a mode of travelling, subverts such stereotypes and tries to reveal to the readers that ‘outlandish’ lonely intellectual who, through his works, fashioned a self and a land ‘out of place’, rather in a ‘non-place’, for dismantling and up-setting monolithic cultures and their decadent notions.

🔍 **HELLAS, THE FORERUNNER** Horace West Household,1927

🔍 **THE ROMANCE OF LEONARDO DA VINCI: THE FORERUNNER** Dmitry Sergeyevich Merezhkovsky,1902

🔍 **HALO: PRIMORDIUM** Greg Bear,2019-01-01 The second novel of the Forerunner Saga trilogy by science fiction legend Greg Bear—set in the Halo universe and based on the New York Times bestselling video game series! One hundred thousand years ago. In the wake of the apparent self-destruction of the alien Forerunner empire, two humans—Chakas and Riser—are like flotsam washed up on very strange shores indeed. Captured by the Forerunner known as the Master Builder and then misplaced during a furious battle in space, Chakas and Riser now find themselves on an inverted world, where horizons rise into the sky and humans of all kinds are trapped in a perilous cycle of horror and neglect. They have become both research animals and strategic pawns in a cosmic game whose madness knows no end—a game of ancient vengeance between the powers who seeded the galaxy with life, and the Forerunners who expect to inherit their sacred mantle of responsibility to all living things. In the company of a young girl and an old man, Chakas begins an epic journey across a lost and damaged Halo ringworld in search of a way home, an explanation for the warrior spirits rising up within, and the reason for the Forerunner Librarian’s tampering with human destiny. Their travels will take them into the domain of a powerful and monstrous intelligence—known as “the Captive” by Forerunners, and “the Primordial” by ancient human warriors, this being may not only control the fate of Chakas, Riser, and the rest of humanity, but of all sentient life across the galaxy...
