Protecting Fiona: A Navy SEAL Military Romantic Suspense Susan Stoker,2015-07-02 Sweat clung to every inch of her body and her legs were aching. But after the hell she'd been through, she welcomed the pain. Hunter "Cookie" Knox was good at his job, infiltrating behind enemy lines was one of his specialties. His SEAL team relied on him to do his job, just as he relied on them to do

theirs. Ever since two of his teammates found a woman that completed them, their dangerous Ops seemed a bit more intense. Cookie knew if he had a woman who belonged to him, he'd never let her go. Little did he know the SEAL team's latest mission to Mexico would change his life forever. Fiona Storme resigned herself to the fact that it was highly unlikely she would make it out of the jungle alive. Kidnapped by human traffickers, abused, and without family or friends looking for her, Fiona knew wishing for rescue was as realistic as having a big, juicy hamburger fall from the sky. Unbeknownst to Fiona, the SEAL team, including Cookie, were on the way, but their assignment didn't consist of rescuing her. **Protecting Fiona is the 3rd book in the SEAL of Protection Series. Fiona and Jane Jean Chen Ho, 2023-01-03 A TIME, NPR, VOGUE, OPRAH DAILY, AND VULTURE BEST BOOK OF THE YEAR (SO FAR) One of TIME's 100 Must-Read Books of 2022 "Ho's debut work is the perfect modern example of great American fiction. . . . You will love it." —Jake Tapper "Intimate, cinematic. . . . The world Ho creates between the two women feels like one friend reading

the other's story, wishing she were there." —The New York Times Book Review "[Fiona and Jane] is about an incredible lifelong friendship between two Asian American women growing up in Southern California—absolutely adored that book." —Ailsa Chang, NPR's "All Things Considered" "Intricately rendered. . . . Fiona and Jane celebrates a woman's ability to be late, to show up in their own lives when and where they want to, to change their minds, to be lonely and to be in love, and to be respected regardless." —The Washington Post A witty, warm, and irreverent book that traces the lives of two young Taiwanese American women as they navigate friendship, sexuality, identity, and heartbreak over two decades. Best friends since second grade, Fiona Lin and Jane Shen explore the lonely freeways and seedy bars of Los Angeles together through their teenage years, surviving unfulfilling romantic encounters, and carrying with them the scars of their families' tumultuous pasts. Fiona was always destined to leave, her effortless beauty burnished by fierce ambition—qualities that Jane admired and feared in equal measure. When Fiona moves to New York and cares for a sick friend through a breakup with an opportunistic boyfriend, Jane remains in California and grieves her estranged father's sudden death, in the process alienating an overzealous girlfriend. Strained by distance and unintended betrayals, the women float in and out of each other's lives, their friendship both a beacon of home and a reminder of all they've lost. In stories told in alternating voices, Jean Chen Ho's debut collection peels back the layers of female friendship—the intensity, resentment, and boundless love—to probe the beating hearts of young women coming to terms with themselves, and each other, in light of the insecurities and shame that holds them back. Spanning countries and selves, Fiona and Jane is an intimate portrait of a friendship, a deep dive into the universal perplexities of being young and alive, and a bracingly honest account of two Asian women who dare to stake a claim on joy in a changing, contemporary America. Vaccine: The Cull Stephanie C. Fox, 2015-08-03 Have you ever read a dystopian novel in which you wondered how the world as we know it collapsed? Well...this novel explains that. Most apocalypse stories begin sometime in the future, after the devastation has been wrought. Not this one. This one lets you watch the horror unfold. Vaccine: The Cull - Nae-Née Wasn't Enough continues the tale of Nae-Née with a study of U.N. Agenda 21's "green", "eco-friendly", and "sustainability" policies while a New World Order perpetrates a covert population cull via a vaccine with a secret ingredient: a nanite that destroys cancer tumor suppressor proteins. This is a resource war. After the U.N. population treaty implemented a policy of world-wide use of the birth control nanite, Nae-Née, human-caused stressors on the ecosystem literally heated up. No longer was our planet on the brink of collapse due to biodiversity loss, rising sea levels, floods, droughts, overdependence on fossil fuels, and the climate changes that drive all that. No - collapse was upon us at last. The measures taken to handle resource shortages right in everyone's backyards are shown: a population cull hidden in a vaccine, and a militarized surveillance society to manage the

overflow.
