The Big Green Book of the Big Blue Sea Helaine Becker, 2012-04 Discover the basics of ocean science within the context of ocean activities that can be done at home.

**Territorial War** Lewis McDonald, 2015-12-09 A 9,000 year peace has been kept between the Territories due to the bi-annual tournament held by the Overseer. The tournament allows fighters to get their anger, violence, and hatred towards one another out in an organized fashion. However, this peace is now at risk due an evil presence stirring underfoot. As the six Academies prepare their top fighters for the tournament, nothing can prepare them for the dangers that lie ahead.

*A Slow, Painful Death Would Be Too Good for You (and Other Observations): A Pillow Book for Dyspeptics* David Roddis, 2018-09-24 Gather 'round, peeps, for some sparkling, startling lessons in old-school fabulousness, including a bitch-slap from Big Gay Pope David; a breathtaking ride on a Gigolo; and even a photography master class with that insufferable Canadian superstar and adulte terrible David DeLaRoddis, The Guy With The Eye. In this debut collection of personal essays -- a veritable treasure trove of bons mots and quirky alter egos, as well as a tongue-in-cheek memoir and a rallying cry of queer solidarity -- David Roddis aims his wry, devastating wit at Canadian and U.S. politics, pineapple Freezies and just about everything in between, not sparing himself a few self-deprecating jabs in the process. Blending sixty-plus years of defiant survival into vintage Champagne, and with a voice that runs the gamut from caustic to camp, satirical to lyrical, Roddis ultimately reminds us that, however desperate the situation may appear, it's never serious.

**Territorial War 3: The End of an Era** Lewis McDonald, 2016-11-21 The fighters are preparing themselves to step into Tovar's realm and put an end to the war he's started. They aim to rescue their captured allies and stop Tovar before he can resurrect Draorahm. They have no idea what waits for

them on the other side of the portal, but they are ready to face anything that comes their way. The fate of Paxanthus rests on their shoulders, so they have no choice but to step into the unknown and face the greatest threat they've ever met.

**The Big Book of Juices** Natalie Savona, 2010-10-01 Nutritional health expert Natalie Savona improves on her 500,000-copy selling Big Book of Juices & Smoothies, with this even bigger book of recipes guaranteed to boost your health and vitality – a comprehensive introduction to juicing. The Big Book of Juices is a new edition of Natalie Savona's classic title, now with even more juices and smoothies and more than 250 photographs. It is founded on two basic principles. First, that juicing is easy if we simply adopt the habit of it; and second, that juicing every day is a delicious way to get healthy and stay healthy. Following a comprehensive introduction to juicing, 405 different juice and smoothie blends are divided up into three central chapters: Making Juices; Making Smoothies; and Making Quenchers (juices with a little added something, such as soda water, herbs or spices). Every blend is given an at-a-glance nutrient profile (listing vitamins, minerals and phytonutrients), and a star rating on its merits as an energy- and immune-booster, a detoxer, and a tonic for the skin. The recipes can be sourced in several ways: by fruit or vegetable of choice (the chapters are organized by main ingredient); by health benefit (an alphabetical chart lists approximately 50 common ailments or disorders, and cross-references them to the juices that will help overcome them); and by nutrient (a list is given of all the major vitamin and mineral nutrients, each with cross-references to the relevant recipes in the book). The last chapter – a juicing reference section – includes the nutrient and ailment charts as well as suggested juice courses for detoxing and immunity boosting, making this the most practical and comprehensive juice book on the market.

Five years passed and they are now ready to begin a new type of tournament to showcase their skills. Javonta and Dawnetta set out to each Territory to conduct the tournaments, but something is not right. Evil seems to be lurking in the shadows once more and Javonta can feel the presence of a power Paxanthus has never seen before. Only time will tell if he is just worrying too much, or if his suspicions are true and they all are in grave danger.

**His Grumpy Childhood Friend** Jackie Lau,2020-10-27 He was only supposed to give her dating lessons. And maybe a little kissing practice... It's been five years since Charlotte Tam had to endure a public proposal at a baseball game—literally the stuff of her nightmares—and realized her ex never really knew her. **A Leap of Faith** Christie Thomas, 2018-02-06 In *A Leap of Faith: A Mother's Journey*, Christie Thomas takes readers on the roller coaster ride of mental and physical illness, abuse, loss, and grief, interspersing the ups and downs, curves and bends, with moments of exhilaration. The mother of four children, Christie honestly and transparently tells the story of her family's journey through childhood cancer, teenage suicide, and the death of two children. She recounts the day that she reconnected with her two boys, her father, and her mother, who are safe, happy, and waiting for her on the other side of the veil separating life and "death." As she awakened to the spiritual world, and her unique place in it, she discovered new purpose and joy in the adventure of life. This is a story of suffering and loss, but also of love, hope, resilience, support, and the search for meaning.

**The Lockview Logans** C. S. Norman, 2012-05-09 After Tori Logan and her sister, Mackenzie, witness a suspicious fire across the street from their house, their neighborhood is transformed into a crime scene. Worried about their daughters' safety, their parents ship the girls off to their grandparents' cottage in a charming village where they hope they will be out of harm's way for the remainder of the summer. But little do they know that Tori and Mackenzie are about to once again be immersed into the midst of a dangerous investigation. The sisters are thrilled when they are joined by their cousins, Jack, Philip, and Rip. But it is not long before the quintet ironically discovers another fire scene-this time in uptown Lockview. After beginning their own investigation to determine who is responsible for setting the fire, the Logan kids soon realize they have few clues, but an entire guilty-until-proven-innocent cast of townspeople. From the scary man who hangs out at the town diner to the disgusting video store owner to the librarian, butcher, mayor, pastor, and even their grandpa, the cousins have no shortage of suspects. In this suspenseful tale, five kids on a search for a crazy arsonist with a little help from their elders quickly discover that things-and people-are not always what they seem.

*American Calamity* Edward S. Pocock III, 2024-02-10 Maine - where an American patriot could go to retire, or so he hoped. Stephen Moore was ready to put his police force days behind him. Unfortunately, Foreign superpowers disrupted his plan. China has been playing the long game for decades and has successfully managed to turn the United States against itself, further polarizing the red and blue and pitting the Federal government against its once-loyal citizens. It was the quagmire that China had been waiting for to launch an EMP attack using their proxy, North Korea. *American Calamity* is a fictitious dystopian page-turner that shows the ramifications of unchecked power in a society. Rooted in historical events, it paints an eerie picture of what could come to be in the near

future and the choices many Americans would be forced to make in a post-apocalyptic world. Do you run or do you fight? Are they your ally or do they have ulterior motives? Where is the line between American patriot and militia rebel? Moore and an eclectic cast of characters are woven together through events that are not for the faint of heart- their stories told with just the right level of detail to thrust you into the chaos but with enough space to let your imagination fill in the terrifying blanks. Could this be the end of civilization as we know it? Not if an old tank named Spanky has anything to say about it!

*Cannibal Moon* James Axler, 2014-01-15 POUND OF FLESH In the hostile new world of postnuclear America, there are many ways to die, but few are clean or quick. Long ago Ryan Cawdor and his band threw in their lot together—to do or die trying. It was a pact sealed in blood, one of selflessness and sacrifice that put a premium on the value of loyalty, friendship and honor—and the blind faith that survival is a better option than certain death. FEEDING FRENZY Compassion is a luxury in a brutal land where life is cheap, but Dr. Mildred Wyeth holds fast to her physician's oath to show mercy. Now she's stricken by a plague that brings on a deep craving for human flesh. Unwilling to lose one of their own to this pervasive pestilence without a fight, the companions follow the trail to Cajun country, where the mysterious queen of the Cannies is rumored to possess the only antidote to the grim fate that awaits Mildred... and perhaps her warrior friends.

**Over the Falls** Jim Anstess, 2012-04-27 A large collection of very funny pieces about a father trying to figure out exactly how to be a father.
