On a Global Mission: The Automobiles of General Motors International Volume 3 Louis F. Fourie,2016-12-27 Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.

Mercedes-Benz Saloon Coupe Nik Greene,2021-09-27 First produced in 1928, Mercedes-Benz Coupés became the embodiment of elegance and exclusivity on four wheels. Their design became an experience for all the senses, appealing to every emotion. Hans-Dieter Futschik, the designer responsible for many of the later Mercedes-Benz models, said of the Saloon Coupé: 'A shorter wheelbase compared with the saloons gives it different proportions that are almost sports car-like in character. The passenger compartment is set further back. This gives it a sportier look than a saloon. In addition, the greenhouse is smaller and more streamlined than the basic body. It looks like a small head set on a muscular body, exuding a powerful and more dynamic attitude... Everything radiates power, elegance and agility.' This complete guide includes an overview of early automotive history; pre-merger design from both Benz and Daimler; the historical protagonists and how they influenced the design; how design and fashion change vehicle shape; the continued development of Saloon Coupe design to suit every class and finally, the modern idea of the Coupe.

1967 Jaguar Bertone Pirana Coupe Richard Truesdell,2012-08-28 In 1967 a one-off concept car based on the Jaguar E-type was commissioned by newspaperman John Anstey of the Daily Telegraph Magazine in the UK. In less than six months, the car that would become known as the Jaguar Bertone Pirana Coupe, was styled by Marcello Gandini for Carrozzeria Bertone. The fully functional Pirana made its debut at the 1967 Earls Court Motor Show owing some of its styling to Bertone's Lamborghini Marzal concept car and it served as the preview for the styling treatment for the production Lamborghini Espada which debuted just a year later.For more than 40 years the Pirana virtually disappeared from view in the UK and later, in Palm Springs, California where it surfaced briefly in 2010. It was from there that it was sold to Southern California-based collector Ed Superfon who commissioned a complete restoration, replacing the car's green exterior to a silver metallic finish that closely represents its original Earl's Court presentation back in 1967. It broke cover at the 2012 Concorso Italiano where it surprised many attendees, knowledgeable Italian car fans, most of whom knew little of its existence.The Jaguar Bertone Pirana Coupe contains 13 pages of historical text and images, a specification chart comparing the Jaguar Bertone Pirana Coupe to the Jaguar E-Type 2+2 that served as the donor chassis, and 33 full-page color plates. The Jaguar Bertone Pirana Coupe serves to document this unique collaboration between The Daily Telegraph Magazine, Jaguar, and Carrozzeria Bertone. It transports the reader back in time when an audacious editor, John Anstey, had the power and budget to commission the building of a dream car. Under the able hand of stylist Marcello Gandini and the direction of Nuccio Bertone, Carrozzeria Bertone was able to bring the Jaguar Bertone Pirana Coupe from design concept to auto show star in just five months. It is a remarkable story, one that will likely never be repeated.
