Frozen Dragon Minerva Howe,2022-10-29 Oldest cousin and brother dragon Zeke has resigned himself to being the one lone dragon in his family. As his family settle with their mates one by one, he ignores their protests that he'll find love someday soon, and contents himself with caring for their growing brood of babies. As the one who's been around the longest, Zeke has learned that he can't always have what he desperately wants, and that he can be happy with what he has. Gareth has never felt like he fully fit in with his pack. As the one who doesn't shift, he's not an outcast, but he's definitely living on the fringes. Lately, he finds himself looking up the mountain even more than he did as a child, wondering what the seemingly ageless dragons he's heard stories of all his life are up to. A chance meeting with a dragon named Zeke during a visit to negotiate supply routes tells Gareth that the dragons are not the horror he's been told they are, and he can't help his curiosity. Or his desire. When Gareth is sent away from his family just for being himself, he starts a trek up the mountain to ask for help. With Zeke he finds more than he bargains for, but can he convince the old dragon of the mountain that neither one of them has to be the odd man out even as they fight to keep the dragon's safe from a threat from Gareth's past?

The Ice Dragon George R. R. Martin,2014-10-21 The Ice Dragon is an enchanting tale of courage and sacrifice for young readers and adults by the wildly popular author of the #1 New York Times bestselling Song of Ice and Fire series, George R.R. Martin. Lavish illustrations by acclaimed artist Luis Royo enrich this captivating and heartwarming story of a young girl and her dragon. In the world of A Song of Ice and Fire the ice dragon was a creature of legend and fear, for no man had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid. For Adara was a winter child, born during the worst freeze that anyone, even the Old Ones, could remember. Adara could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life, glimpsed from afar as she played in the frigid snow long after the other children had fled the cold. In her fourth year she touched it, and in her fifth year she rode upon its broad, chilled back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from the North swooped down upon the peaceful farm that was Adara's home. And only a winter child—and the ice dragon who loved her—could save her world from utter destruction. This new edition of The Ice Dragon is sure to become a collector's item for fans of HBO's megahit Game of Thrones. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
