Fantasy Inbound: Volume 3 Joe Takeduki,2022-07-15

Leo Makishima, the enigmatic Devicer Seven, only cares about one thing: power. And he'll do whatever it takes to get it. His blind ambition, however, makes him the perfect target for the archmages' machinations, and Quldald of the Whirlwind has the perfect use for the troubled boy. Likewise, the Japanese government is desperate to resurrect their greatest weapon—Devicer Three. Meanwhile, the crew arrives in Indonesia to investigate a dormant Asura and a mysterious power sleeping within Aliya. There, they meet Devicer Five, a prickly girl by the name of Zhou Xueli who's looking to build an elite team to end the war once and for all. In particular, her eyes are set upon Devicer Three and the key she's been looking for—a Replicant. Everyone wants something, and Yu Ichinose seems to have it. To what lengths they're willing to go to take it, he doesn't know, but he'll have to be ready to do anything to defend those he cares about. Even if it means fighting a fellow Devicer.

Curioddity Paul Jenkins,2016-08-30

Will Morgan is a creature of habit—a low-budget insurance detective who walks to and from work with the flow of one-way traffic, and for whom imagination is a thing of the distant past. When a job opportunity enters the frame in the form of the mysterious Mr. Dinsdale—curator of the ever so slightly less-than-impressive Curioddity Museum—Will reluctantly accepts the task of finding a missing box of levity (the opposite of gravity). What he soon learns, however, is that there is another world out there—a world of magic we can only see by learning to un-look at things—and in this world there are people who want to close the Curioddity museum down. With the help of his eccentric new girlfriend Lucy, Will will do everything he can to deliver on his promise to help Mr. Dinsdale keep the Curioddity Museum in business. Curioddity is Paul Jenkins' debut novel... exciting, fast-paced, and uncanny. A must-read.

Three-thousand-year-old Miss Drake has arranged to send her dear pet Winnie to The Spriggs Academy, an extraordinary school for humans and magicals alike. Winnie is particularly excited about magic class and having Sir Isaac Newton for science. She's also making new friends—and frenemies. . . . When a plot to snatch Winnie from her San Francisco home is uncovered, Miss Drake is ready to use all her cunning and magic to thwart it. Not that feisty Winnie needs the help. . . . State of Denial: Bush at War Bob Woodward,2008-09-04

In his unmissable new book Bob Woodward takes the reader on an inside journey from the start of the Iraq War in 2003 right up to the present day, providing a detailed, authoritative account of President Bush's leadership and the struggles among the men and women in the White House, the Pentagon, the CIA and the State Department. With Bush well into his second term, Woodward breaks new ground, as he has in his thirteen previous international bestsellers, including BUSH AT WAR and PLAN OF ATTACK. Woodward puts the Bush legacy in historical context as he shows this presidency in action in a way that is normally seen only years after a chief executive leaves office. He describes how Bush and his team have attempted to change the way that wars are fought, and put together a re-election campaign while re-inventing their strategy for the invasion and occupation of Iraq over and over again. Here is the behind-the-scenes story of this administration -- meetings, conversations, and memos; conflicts, manoeuvring, and anguish -- as key administration figures provide a full view of the first presidency of the twenty-first century.

Demons & Demigods Lainie Anderson,JL Burns, Myths and legends from across the world come together to challenge everything you believe.

Heaven's first rebel, Lucifer, navigates life in the human world after a betrayal by his second-in-command, Abaddon. His plans for revenge are nearly derailed when he finds himself falling for a fiery woman, Lexi Sutton—a witch with a huge secret of her own. With allies that span the mythological spectrum, they prepare to fight to protect the world from Hell's ambitious new ruler. But neither Lucifer nor Lexi could've predicted what awaited them at the end of their journey. The unexpected culmination of a prophecy made ages ago. One that only a certain God of Mischief seems to have all the answers to. Book 1: The Devil's Delight Lucifer doesn't have time for romance. He's been ousted as King of Hell. After escaping his chains, he retreats to lick his wounds and plan his revenge. The original sinner takes on the guise of a bakery owner, ready to pass the time until he can retake his throne.

Lexi Sutton, a witch with mischief magic, only wants to live a normal life with normal relationships. The problem? Getting through dates without her chaotic magic going haywire has proven impossible. She's ready to give up on ever finding love. When Lexi hears about a job opening at a new bakery, she goes for it. How could she know resisting the charms of the panty-melting owner would be so difficult, or that giving in would kick off a chain of events that destiny had been waiting thousands of years to unleash? Will Hell's number one Devil heal her heart, or will finding out his secret identity shatter it? Book 2: Chaotic Creations Lucifer never thought love could burn more than Hellfire. Boston's newest power couple, Sam and Lexi, are trying to find a balance between their relationship and the looming war that threatens to consume them. Dealing with threatening gods and running a bakery together is putting a strain on their otherwise happy relationship. Add in the chaos brought by the queen of monsters, aka Sam's former girlfriend, and you have a recipe for a disaster. But Lexi has a few tricks up her sleeve to make sure their love survives the devil's ex and the threat of apocalypse, and she's determined to make it work. Maybe she can count on her father, Loki, for help. Book 3: Divine Deviations They stole his heart, and now there's Hell to pay. Abaddon made a grave mistake when he went after Lexi. Now her father, Loki, has a plan to win Lucifer a powerful ally that could help get her back. But not all is as it seems beyond the Bifrost, and the time for a reckoning has come. Meanwhile, Lexi finds allies in the unlikeliest of places and discovers connections she never imagined. While she carves a path through the nine circles of Hell, she learns more about herself and the icy magic that's been haunting her for weeks. Lucifer and Lexi are worlds apart, but their bond is strong. Will it be enough to survive what's coming, or will Lilith finally succeed in tearing them apart permanently?
