**The Schreiber Theory** David Kipen,2006 Kipen's new heresy topples the old orthodoxy by studying the careers of screenwriters past and present in a witty, two-pronged attack: in part one, he dismantles the auteur theory and presents a convincing argument that screenwriters are the guiding creative geniuses behind the best films. In part two, he offers a compendium of mini-biographies of great screenwriters past and present. Who wrote Casablanca? Who wrote Twelve Monkeys? Who wrote Dead Girls Don't Tango? What else did they write? It all makes The Schreiber Theory an engaging read and a one-of-a-kind reference for movie lovers and film students alike.--Jacket.

El Angel Sin Cielo J. Berenguer Barrera,2004-08 El angel sin cielo es la cronica de las aventuras de uno de los angeles que fueron arrojados a la tierra como represalia por rebelarse contra su creador, segun relata el libro del Apocalipsis. El castigo por su traicion consiste en vivir eternamente, surcando la historia de la humanidad como una condena perpetua cuya unica alternativa es una improbable redencion. Una reflexion optimista sobre la posibilidad de sobreponerse a la desesperanza.

**Men Among the Ruins** Julius Evola,2018-07-13 Julius Evola's masterful overview of the political and social manifestations of our time, the age of decline known to the Hindus as the Kali Yuga. • Reveals the occult war that underlies the crises that have become a prevailing feature of modern life. • Includes H. T. Hansen's definitive essay on Evola's political life and theory. Men Among the Ruins is Evola's frontal assault on the predominant materialism of our time and the mirage of progress. For Evola and other proponents of Traditionalism, we are now living in an age of increasing strife and chaos: the Kali Yuga of the Hindus or the Germanic Ragnarok. In such a time, social decadence is so widespread that it appears as a natural component of all political institutions. Evola argues that the crises that dominate the daily lives of our societies are part of a secret occult war to remove the support of spiritual and traditional values in order to turn man into a passive instrument of the powerful. Evola is often regarded as the godfather of contemporary Italian fascism and right-wing radical politics, but attentive examination of the historical record--as provided by H. T. Hanson's definitive introduction--reveals Evola to be a much more complex figure. Though he held extreme right-wing views, he was a fearless critic of the Fascist regime and preferred a caste system based on spirituality and intellect to the biological racism championed by the Nazis. Ultimately, he viewed the forces of history as comprised by two factions: history's demolition squad enslaved by blind faith in the future and those individuals whose watchword is Tradition. These latter stand in this world of ruins at a higher level and are capable of letting go of what needs to be abandoned in order that what is truly essential not be compromised.

*The Incredible Tiger-Man* Adam Pfeffer,2013-08 Roger Kolak has a problem. He keeps changing into a monstrous tiger. The victim of a shaman's curse, Kolak must do all he can to try to become free once again. The story of a man and his efforts to break the curse are based upon true events that can be found in the annals of psychology. Known as clinical lycanthropy, people believe they are bound to transform into various animals unless they can break the original curse. Kolak's story includes shamans, witches and werebeasts. He must do all he can to prevent the tiger from capturing his soul, and in doing so, learn about the origins of the human beast. Based upon folklore from around the world and real-life episodes rooted in primitive fear, The Incredible Tiger-Man is a story that will have you riveted to the page until the nightmare has ended. It is a story of one woman's love and the fear of a violent world.

**The Devil's Tiger** Robert Flynn, Dan Klepper, 2000 When tigers begin attacking people in Texas, only Arina Yeroskin, a veterinarian who was in on the experimental program that infected animals with a virulent form of rickettsia, and the reader--knows why the post-communist Russian government wants their prize animals dead, not alive.--Jacket.
