Fusuma & shoji Harumichi Kitao,1960

A Japanese Touch for Your Home 日本色,1982 This colour reference offers practical ways of incorporating Japanese design elements into western homes. It should provide both the DIY enthusiast as well as the professional with a wide array of ideas, fully illustrated and supported by plans and diagrams. Filled with elegant designs and clever tips, A Japanese Touch for Your Home offers bold and exciting ideas for remodeling your home or redecorating your apartment. The author, architect Koji Yagi, explains the basic elements of Japanese interior design and shows you how to use them. Install tatami mats and shoji

Learn Japanese John Young,Kimiko Nakajima-Okano,1985-05-01 After fifteen printings, the *Learn Japanese: College Text* series has been substantially revised. The incorporated revisions grew out of the authors' decade and more of classroom experience. Revisions were also made in accordance with recommendations proposed by instructors who have used the *Learn Japanese* series. The new edition, which reflects recent trends in language teaching, continues to emphasize an integrated approach in which speaking, hearing, reading, and writing Japanese all contribute to the language learning process. - The most significant improvement is the addition of Culture Notes to help clarify the sociolinguistic context in which the language is used. Since Japanese modes of communication are highly situational, the student of Japanese needs to be made aware of the different contexts in which speakers interact. Culture Notes, used in conjunction with Grammar Notes, Dialogs, and Useful Expressions, show how an understanding of cultural values and human relationships can enhance the student's mastery of language skills. - A new approach to language learning is used throughout the revised edition. The new sociolinguistic approach (which encourages the generation of discourse) is integrated with the original pattern approach (which encourages the generation of sentences). - Many components of the first edition, such as Sentence Patterns, Grammar Notes, and Reviews, have been revised and/or rearranged. The result is a clearer, more natural, and more functional presentation of the Japanese language. The four volumes of *Learn Japanese: New College Text* were prepared by the Asian Division of the University of Maryland University College and are published by the University of Hawaii Press.

The Politics of Reclusion Kendall H. Brown,1997-01-01 The Chinese themes of the Four Graybeards of Mt. Shang and the Seven Sages of the Bamboo Grove figure prominently in the art of Momoyama-period Japan (ca. 1575-1625). Kendall Brown proposes that the dense and multivalent implications of aesthetic reclusion central to these paintings made them appropriate for patrons of all classes - the military, who were presently in power, the aristocracy, who had lost power, and the Buddhist priesthood, who forsook power. These paintings, and their attendant messages, thus serve as dynamic cultural agents that elucidate the fundamental paradigms of early modern Japanese society. Unlike traditional art history studies, which emphasize the style and history of art objects, *The Politics of Reclusion* sets out to reconstruct the possible historical context for the interpretive reception and use of Chinese hermit themes within a specific period of Japanese art. In emphasizing the political dimension of aesthetic reclusion, it introduces into the field of Japanese art history a discussion of the politics of aesthetics that characterizes recent work in the field of Japanese literature. By embedding the paintings within the contexts of politics, philosophy, religion, and even gender, this study restores the reflexive relations between the paintings and their culture and, as such, is one of the first extensive intellectual and social histories of Japanese art in a Western language. It is one that will appeal not only to students of art but to those interested in Japanese literature, history, and philosophy.

Japan Encyclopedia Louis Fr?d?ric,Louis-Fr?d?ric,2002 Knowing Japan and the Japanese better, Louis Fr?d?ric states in the introduction to this encyclopedia, is one of the

necessities of modern life. The Japanese have a profound knowledge of every aspect and detail of Western societies. Unfortunately, we in the West cannot say the same about our knowledge of Japan. We tend to see Japan through a veil of exoticism, as a land of ancient customs and exquisite arts; or we view it as a powerful contributor to the global economy, the source of cutting-edge electronics and innovative management techniques. To go beyond these clichés, we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history. This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization, from the dawn of its prehistory to today, providing clear and accessible information on society and institutions, commerce and industry, sciences, sports, and politics, with particular emphasis on religion, material culture, and the arts. The volume is enhanced by maps and illustrations, along with a detailed chronology of more than 2,000 years of Japanese history and a comprehensive bibliography. Cross-references and an index help the reader trace themes from one article to the next. Japan Encyclopedia will be an indispensable one-volume reference for students, scholars, travelers, journalists, and anyone who wishes to learn more about the past and present of this great world civilization.

日本文化大事典 日本文化, 2006-11-25

Design for Climate Adaptation Billie Faircloth, Maibritt Pedersen Zari, Mette

Ramsgaard Thomsen, Martin Tamke, 2024-01-01 The book provides new perspectives from leading researchers accentuating and examining the central role of the built environment in conceiving and implementing multifaceted solutions for the complex challenges of climate change, revealing critical potentials for architecture and design to contribute in more informed and long-term ways to the urgent transition of our society. The book offers a compilation of peer-reviewed papers that uniquely connects knowledge broadly across practice and academia, from the newest technologies and methods to indigenous knowledge, community engagement, techniques for ecosystem regeneration, nature-based solutions, and more. The book is part of a series of six volumes that explore the agency of the built environment in relation to the SDGs through new research conducted by leading researchers. The series is led by editors Mette Ramsgaard Thomsen and Martin Tamke in collaboration with the theme editors: - Design for Climate Adaptation: Billie Faircloth and Maibritt Pedersen Zari - Design for Rethinking Resources: Carlo Ratti and Mette Ramsgaard Thomsen (Eds.) - Design for Resilient Communities: Anna Rubbo and Juan Du (Eds.) - Design for Health: Arif Hasan and Christian Benimana (Eds.) - Design for Inclusivity: Magda Mostafa and Ruth Baumeister (Eds.) - Design for Partnerships for Change: Sandi Hilal and Merve Bedir (Eds.)

Japanese Homes and Their Surroundings Edward Sylvester Morse, 1886

The Uses of Literature in Modern Japan Sari Kawana, 2018-02-08 The Uses of Literature in Modern Japan explores the varying uses of literature in Japan from the late Meiji period to the present, considering how creators, conveyors, and consumers of literary content have treated texts and their authors as cultural resources to be packaged, promoted, and preserved. As the printed word became a crucial form of entertainment and edification for an increasingly literate public in early 20th-century Japan, literature came to assume a variety of new uses. Touching upon a wide array of sources, Sari Kawana traces the ways in which literary works have morphed into different variants, ranging from textual (compilations, textbooks) and visual (film, manga, other media) to virtual and real world, through innovative publishing and reading practices. She takes up themes such as the materiality of texts, the role of publishers and advertising campaigns, the interplay between literature and other media, and the creation and dissemination of larger cultural fantasies tied to literary consumption. She stresses the agency and creativity with which readers engaged literary works, from divergent readings of propaganda literature to

inventive adaptations of canonical texts in adjacent media, culminating in the practice of literary tourism. Moving beyond close reading of texts to look at their historical context, the book will appeal not only to scholars of modern Japanese literature but also those studying the history of the book and modern Japanese cultural history.

Another Kyoto Alex Kerr, Kathy Arlyn Sokol, 2018-07-05 Another Kyoto is an insider's meditation on the hidden wonders of Japan's most enigmatic city. Drawing on decades living in Kyoto, and on lore gleaned from artists, Zen monks and Shinto priests, Alex Kerr illuminates the simplest things - a temple gate, a wall, a sliding door - in a new way. 'A rich book of intimate proportions ... In Kyoto, facts and meaning are often hidden in plain sight. Kerr's gift is to make us stop and cast our eyes upward to a temple plaque, or to squint into the gloom of an abbot's chamber' Japan Times 'Kerr and Sokol have performed a minor miracle by presenting that which is present in Kyoto as that which we have yet to see. I know that I will never pass a wall, or tread a floor, or sit on tatami the same way again' Kyoto Journal

Japanese Architecture: A Short History A. L. Sadler, 2011-04-11 This expert guide to Japanese architecture is of enormous historical importance to the understanding of Japanese design and culture. Pioneering Japanologist A. L. Sadler's invaluable study of Japanese architecture first appeared in 1941. Considered a classic in its field, unequalled in clarity and insight, Japanese Architecture A Short History is a lucid and uncomplicated introduction to this important aspect of Japanese culture. Beginning with the earliest evidences from prehistory and ending with the Edo period, when Japan attained stature as a modern state, Japanese Architecture is as relevant today as it was in 1941. The book includes an overview of Japanese domestic architecture as it evolved through successive periods of history and perfected the forms so widely admired in the West. Of particular importance in this respect are the four concluding chapters, in which the distinctive features of the Japanese house are presented in clear detail. The architecture book also contains excellent illustrations, which show details of planning and construction.

Interpretation in Architecture Adrian Snodgrass, Richard Coyne, 2013-05-13 Drawing on cultural theory, phenomenology and concepts from Asian art and philosophy, this book reflects on the role of interpretation in the act of architectural creation, bringing an intellectual and scholarly dimension to real-world architectural design practice. For practising architects as well as academic researchers, these essays consider interpretation from three theoretical standpoints or themes: play, edification and otherness. Focusing on these, the book draws together strands of thought informed by the diverse reflections of hermeneutical scholarship, the uses of digital media and studio teaching and practice.

Present Day Nippon, 1927

Future Development of Japanese Dwelling Houses Shigetsura Shiga, 2022-07-20 Published in 1905, 'Future Development of Japanese Dwelling Houses' examines the coming evolution of Japanese house architecture design as it began welcoming Western influences. The book includes various photographs and illustrations to understand the subject better.

Graphic Arts Japan, 1973

Nature, Art, and Education in East Asia Ruyu Hung, 2022-12-30 This volume explores the deeply interwoven connection of education, art and nature in the context of East Asia. With contributions from authors in South Korea, Japan and Taiwan, the book considers unnoticed but significant themes involved in the interplay of nature, art, and education. It manifests how nature and art can educate, and how education and nature play the role of art. The chapters explore a range of themes relevant to East Asian characteristics, including skill acquisition, Japanese calendar arts and ritual of feelings, garden architecture, the ritualised body, collaborative poetry art, translational language between humans and nature, the Confucian classical Six Arts, the artistic embodiment of the Kyoto School, and the heritage art based education in Korea. The authors examine

these themes in novel ways to bring to light the relevance of the East Asian insights to the contemporary global world. This book is an outstanding resource to all researchers, scholars, and students interested in educational aesthetics, philosophy of education, East Asian studies, comparative education and intercultural education.

Kyoto John H. Martin,Phyllis G. Martin,2014-06-17 Kyoto, Japan's ancient capital and modern-day center of tourism and traditional culture, is one of the world's most beautiful and historic cities. Founded nearly 1,300 years ago and undamaged by the war, Kyoto today is the home of over 1,600 Buddhist temples, 400 Shinto shrines, countless national treasures and 17 World Heritage sites, including the famed Golden Pavilion, Nijo Castle and Kiyomizu Temple. This book presents 29 easy-to-follow walking tours through Kyoto's history, its many unique districts and scenic areas full of charm and character. You'll discover not only the most renowned sites, such as the Silver Pavilion, the rock garden at Ryoan-ji Temple and the garden of the Heian Shrine, but also little-known areas off the beaten track. Much more than a guidebook, this volume tells the historical and cultural story of Kyoto's great monuments. The colorful tales, fascinating facts, larger-than-life characters and grand events that shaped the city and Japan at large will enthrall every reader. This updated and greatly expanded guide features over 100 color photos, full-color maps that trace each route and detailed diagrams of many individual sites.

Contrast Data Mining Guozhu Dong,James Bailey,2016-04-19 A Fruitful Field for Researching Data Mining Methodology and for Solving Real-Life ProblemsContrast Data Mining: Concepts, Algorithms, and Applications collects recent results from this specialized area of data mining that have previously been scattered in the literature, making them more accessible to researchers and developers in data mining and

Kyoto a Cultural Guide John H. Martin,Phyllis G. Martin,2012-10-16 Children turned emperor, emperors turned priest, and priests turned poet are just a few of the colorful characters described in Kyoto: A Cultural Guide. The fascinating facts, larger-than-life characters and grand events described within offer abundant proof that, more than just a treasure house of shrines and temples, Kyoto is indeed one of the most enticing cities in the world. For example, Benkei, an eight-foot-tall monk with a wildly combative nature, was defeated on the Gojo Bridge by a voting warrior who had received his training in swordsmanship from a tengu goblin. Benkei's defeat is memorialized at Kyoto's Kiyomizudera temple in the form of an oversize iron staff and gela created by a blind blacksmith. Oishi entered into a life of debauchery at the Ichiriki tea house in Gion with the sole intention of avenging the disgrace of his former master. After gathering together 46 other samurai, he exacted his revenge. Thus the tale of The Forty Seven Ronin was born. A guidebook to 14 walking tours, Kyoto: A Cultural Guide is also a kaleidoscopic reference and resource book certain to please long-term residents and first-time travelers.
