**Multiple Centres of Authority** Timothy P. Barnard,2022-04-19 Offering access to an extensive and resource-rich hinterland, eastern Sumatra was an important trading region between the Melaka Straits and the Minangkabau highlands of Sumatra prior to colonial rule. Traditionally under the control of Johor, the various communities in eastern Sumatra were united under the leadership of an adventurer named Raja Kecil in the early eighteenth century and formed an independent community along the Siak River. Over the next century Raja Kecil and his descendents attempted to gain control over the trade that flowed through the Straits, while keeping the numerous communities within their territories united by means of marriage alliances, warfare, raiding, trade, and myth. By the end of the eighteenth century the multiple centres of authority that constituted Siak represented the dominant Malay community in the Straits of Melaka, only to fall into decline due to the rise of British trading communities in Singapore and Penang. This book, based on VOC (Dutch East Indies Company) archives and traditional Malay texts, examines the rise of a Malay state in the early modern era. It focuses on the ecological frontier of eastern Sumatra, with its multi-ethnic communities, and how they were able to transform themselves, in the words of an English visitor, into a summit of prosperity by the end of the eighteenth century. Particular emphasis is placed on the methods used by Siak leaders used unite the disparate communities in the region, and how this was viewed in other Malay communities.

**Galactic Adventures Collection** Scott Michael Decker,2022-07-07 All four books in 'Galactic Adventures', a series of science fiction novels by Scott Michael Decker, now in one volume! Bawdy Double: The Premier's adult daughter begins behaving with an utter absence of wherewithal and insight. Meanwhile, an Admiral's dreamboat son engages in five years of profligate behavior after his sterling, top-of-his-class Academy graduation. A doctor called in to examine both scions determines they're mutaclones. Her wife kidnapped and her clinic bombed, the doctor flees across the galaxy – straight into the stronghold of her antagonists. The Gael Gates: Held together for millennia by the ancient Gael Gates, The Federation is on the verge of collapse. After three people disappear into the mysterious portals, Culann Penrose is called in to investigate. Discovering that the ancient system is crumbling, he orders they be shut down. The Druids, still seething at his denunciation of Magic twenty years ago, vehemently oppose Penrose's inquiry. But then Culann discovers that the weakening technology has inflamed a new Elemental – one which is out to destroy him. Can Culann unravel the enigmatic mystery of the Gates in time for Science to save him, or will his Magic save the Science of the Gael Gates? Legends of Lemuria: After the collapse of an ancient empire, four people each acquire a crystal with extraordinary properties. Casper, Nadika, Jayani and Sharif accidentally unleash the powers of their crystals in search for Lemuria itself, and release the forces that caused the collapse of civilization. Their minds and futures forever intertwined, the four begin a journey among the stars to find clues about the mysterious empire and discover its secrets. By doing so, they set forth a chain of events that will shape the future of the whole galaxy. War Child: After a near-term princess is betrayed in the battle to conquer the galactic core, her unborn daughter Serena is taken from her body, raised in a foreign empire, and trained to be a lethal weapon. Twenty years later, attempts are made on Serena's life, but she will defy anyone who would use her toward their own ends. Chased across the galaxy, she begins a deadly mission against her oppressors. But can she discover who she really is?
