Maelstrom Taylor Anderson,2009-02-03 The spectacular alternate military history saga continues in the third novel in the New York Times bestselling Destroyermen series... Lieutenant Commander Matthew Reddy, along with the men and women of the battleship Walker, are once again at war. Having sided with the peaceful Lemurians against the savage, reptilian Grik, they now find themselves scrambling to prepare for the attack that is sure to come. Meanwhile, the Japanese juggernaut Amagi, also trapped in this strange world, is under Grik control. Soon, they will have amassed a force that no amount of fire-power and technology will be able to stop. Reddy, his crew, his allies, and his loved ones face annihilation. But if there is one thing they have learned about their new world, it is that hope-and help-may just be over the horizon...

Destroyer Joshua Dalzelle,2017-11-04 A relentless enemy... An old wolf's last hunt... The future of two species hanging in the balance... The Darshik war machine is flagging, but the war is far from over. Even as an exhausted Federation military tenses up for a counterattack after repelling the last Darshik invasion, reports are coming in of a new, more powerful class of ship that's striking deep into Terran space. Captain Jackson Wolfe has been given the fleet's newest, most advanced destroyer and tasked with eliminating this new threat before it can claim any more human lives. What he finds, however, is immeasurably more dangerous than just some new class of starship ... it's a horror that could lead to the destruction of both their species if it isn't stopped. Destroyer is the third book in the Expansion Wars Trilogy and part of the #1 bestselling Black Fleet Saga.

Destroyer David Sloma,2017 As the returning planet "Wormwood" (also known as the Destroyer) gets closer, trailing its debris of asteroids, Leon, the General, and Major Marks struggle to free themselves from the inner Earth and the clutches of a group of Annunaki, who have been awakened deep underground by their servants the Lizard People and the tall Greys.Back on the surface, Leon's wife Mary and their daughter Jennie are thrown into the fight of their lives as the reality of the alien threat, and of the rogue planet, begin to be felt all over the world.The rest of the ancient gods who inhabit the Destroyer plan to take over Earth with the help of their Earth-based kin, in the wake of the chaos and destruction they are bringing. As advanced as the Annunaki are, they did not predict the unforeseen opposition that is rising to meet them even as the meteors begin to fall.

Destroyers Randall Garrett,2015

The Destroyer William Merriam Rouse,2010-10-01 Slowly, insidiously, there stole over Allen Parker something uncanny. He could no longer control his

hands-even his brain!

To protect the country of Nia, Duchess Nadea and Scholar Paug make a desperate journey to find a human legend: A man known to have destroyed these Ancient foes with a powerful army. But legends can lie. When Paug and Nadea revive their hero from sleep, his virtue is far from clear. Is he really their Savior or their Destroyer?

The Destroyer #21: Deadly Seeds Warren Murphy, 1975

Dr. Quake Richard Sapir, Warren Murphy, 1974

Distant Thunders Taylor Anderson, 2010 Lieutenant Commander Matthew Reddy waits for his destroyer, the Walker, to be repaired after battling alongside their Lemurian allies to repel the savage Grik, and questions the loyalties of Commodore Jenks, who may be devoted to those representing an even greater danger.

No Way to Start a War Britt Ringel, 2015 Garrett Heskan isn't sure which is worse... going to war against the Hollarans while commanding an untested starship, or reporting to an arrogant bureaucrat like Lt. Commander Durmont on the front lines when lives are at stake. Lieutenant Heskan knows his escort destroyer, BRS Kite, must protect the fleet carriers assigned to Durmont's squadron, but Kite is fresh from the yards and its revolutionary weapons system won't stay online. Add to this Durmont's inability to think beyond standard naval theory, or his own career, in the face of the Brevic Navy's first foray into stellar aviation, and Heskan's work is cut out for him. What starts out as a simple Brevic attack into the Hollaran Commonwealth soon becomes a fight for survival in a series of battles that could alter the balance of power in the known universe. Conflicts abound in No Way to Start a War, between fleets, leaders, and cultures. This is Book 2 in the This Corner of the Universe series, continuing the story of the original crew of BRS Anelace.

Terminal Transmission Warren Murphy, Richard Sapir, 1993 When Captain Audion holds America hostage by jamming all television transmission and star news anchor Cheeta Ching is kidnapped, Remo must save the country by defeating Captain Audion and rescuing Cheeta. Original.

A Bold Go Admiral Anonymous, 2021-08-19 Here we boldly go. It is stardate 97463.1, and the U.S.S. Omega Destroyer NX-011001 is on a vital Star Trek. Led by her skipper Lieutenant Commander Marco C. May, the starship Omega Destroyer is on a mission to find information to cure an ancient Klingon plague. This mysterious plague has already infected Starbase 234 plus this station's surroundings. The ship's crew, led by May, his First Officer Harold Watts, a Romulan doctor amongst others must retrieve an ancient scribe, located inside a floating cargo carrier in the Azure Nebula. The nebula is very near Starbase 234, and is the only ship available close to it. May and his crew hopes that it will be the cure desperately needed, if the ancient scribe has the ingredients needed to stop this disease that could spread rapidly throughout other parts of space, and worse yet, Federation space. However, May and his crew will encounter pirates (mostly Klingon) who want the scribe in order to make a fortune. It will be a tug of war between the Federation and renegades that threaten the Omega Destroyer's mission. Will this skipper and his crew find this cargo carrier? And if they do, can they

overcome the potential adversary lurking perhaps within this nebula? Skipper May has his hands full, but he and his crew are determined to help stop this plague which already threatens Starbase 234 and beyond.
